2 Pianos, 4 Hands - Ted Dykstra 2012-09-30

Bax - Lewis Foreman 2007

Completely revised and updated from recently discovered archive material, Lewis Foreman's classic biography is the essential handbook to Bax and his contemporaries.

The Itinerary of Edward II and His Household, 1307-1328 - Elizabeth M. Hallam 1984

Contemporary Music and Spirituality - Robert Sholl 2016-08-12

The flourishing of religious or spiritually-inspired music in the late twentieth and early twenty-first centuries remains largely unexplored. The engagement and tensions between modernism and tradition, and institutionalized religion and spirituality are inherent issues for many composers who have sought to invoke spirituality and Otherness through contemporary music. *Contemporary Music and Spirituality* provides a detailed exploration of the recent and current state of contemporary spiritual music in its religious, musical, cultural and conceptual-philosophical aspects. At the heart of the book are issues that consider the role of secularization, the claims of modernity concerning the status of art, and subjective responses such as faith and experience. The contributors provide a new critical lens through which it is possible to see the music and thought of Cage, Ligeti, Messiaen, Stockhausen as spiritual music. The book surrounds these composers with studies of and by other composers directly associated with the idea of spiritual music (Harvey, Gubaidulina, MacMillan, Pärt, Pott, and Tavener), and others (Adams, Birtwistle, Ton de Leeuw, Ferneyhough, Ustvolskaya, and Vivier) who have created original engagements with the idea of spirituality. *Contemporary Music and Spirituality* is essential reading for humanities scholars and students working in the areas of musicology, music theory, theology, religious studies, philosophy of culture, and the history of

twentieth-century culture.

Concise Introduction to Tonal Harmony Workbook - L. Poundie Burstein 2020-07

Written by master teachers Poundie Burstein and Joe Straus, the workbook that accompanies *Concise Introduction to Tonal Harmony*, Second Edition, provides your students the practice they need to master music theory. The Second Edition is enhanced with more analysis exercises at the end of every chapter.

The Danger of Music and Other Anti-Utopian Essays - Richard Taruskin 2010-11-11

"Roth Family Foundation music in America imprint"--Prelim. p.

A Brahms Reader - Michael Musgrave 2000-01-01

Johannes Brahms (1833-1897) was prominent not only as a composer but as a pianist, conductor, editor, scholar, collector, and friend of many notables. He was also, in private, an articulate critic, connoisseur of other arts, and traveler. In this enlightening book, the eminent Brahms scholar Michael Musgrave presents a comprehensive and original account of the composer's private and professional lives. Drawing on an array of documentary materials, Musgrave weaves together diverse strands to illuminate Brahms's character and personality; his outlook as a composer; his attitudes toward other composers; his activities as pianist and conductor; his scholarly and cultural interests; his friendships with Robert and Clara Schumann and others; his social life and travel; and critical attitudes toward his music from his own time to the present. The book quotes extensively from Brahms's own words and those of his circle. Musgrave mines the composer's letters, reminiscences of his contemporaries, early biographies, reviews, and commentary by friends, critics, and scholars to create an unparalleled source of information about Brahms. The author sets the materials in context, identifies sources in detail, includes a glossary of information on principal individuals, and notes recent research on the composer. This engaging

biographical work, with a gallery of illustrations, will appeal to general music lovers as well as to scholars with a special interest in Brahms.

Sonatas - Ignacy Jan Paderewski 2020-08

(PWM). Opp. 4, 35, 58 The most famous and popular edition of Chopin's works prepared by I. J. Paderewski, L. Bronarski and J. Turczynski. The edition has been based primarily on Chopin's autograph manuscripts, copies approved by him and first editions. The principal aim of the Editorial Committee has been to establish a text which fully reveals Chopin's thoughts and corresponds to his intentions as closely as possible. The full version of this edition includes 21 volumes.

The Elements of Piano Technique - Ernest Hutcheson 2018-11-10

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and

thank you for being an important part of keeping this knowledge alive and relevant.

Swallow, Swallow, Flying South - John F. Spangler 1856

Complete Preludes and Etudes - Frédéric Chopin 1998-01-01

Includes 26 Preludes: Op. 28, Nos. 1-24; Prelude in C-Sharp Minor, Op. 45; Prelude in A-flat Major. 27 Etudes: Op. 10, Nos. 1-12; Op. 25, Nos. 1-12; Trois Nouvelles Etudes.

Symphony in C Major - Paul Dukas 2014-09-23

Title: Symphony in C Major Composer: Paul Dukas Original Publisher: Rouart, Lerolle & Cie. The complete orchestral score to Dukas' Symphony in C Major as originally published by Rouart, Lerolle & Cie. in 1908. Performer's Reprints are produced in conjunction with the International Music Score Library Project. These are out of print or historical editions, which we clean, straighten, touch up, and digitally reprint. Due to the age of original documents, you may find occasional blemishes, damage, or skewing of print. While we do extensive cleaning and editing to improve the image quality, some items are not able to be repaired. A portion of each book sold is donated to small performing arts organizations to create jobs for performers and to encourage audience growth.

Orlando Gibbons, 1583-1625 - Orlando Gibbons 1925

Beating the Tupan in the Central Balkans - Yury Arbatsky 1954

England's Piano Sage - Stephen Siek 2020-09

British pianist and teacher Tobias Matthay (1858-1945) believed that science could unlock the secrets of artistic success, and thus began a program of musical instruction, theorizing, and writing on piano technique that bespoke his reverence for observation and reasoning in artistic piano performance. His students eventually included major concert pianists of the post-World War I era, such as York Bowen, Dame Myra Hess, Sir Clifford Curzon, Harriet Cohen, Eileen Joyce, and Dame Moura Lympany, all of whom advanced British pianism in the 20th

century. In England's Piano Sage, scholar and pianist Stephen Siek tells the story of Matthay, who began teaching at London's Royal Academy of Music in 1880 and two decades later had so many students that he was prompted to open his own piano school in London. After World War I, student enrollments approached some 500 students, and no conservatory in the world was then producing so many finished pianists. By 1925 his towering status in Britain reached across the Atlantic with the founding of the American Matthay Association, and the adoption of his ideas by Yale and Juilliard. From these heights, Matthay's reputation would experience a precipitous fall, from his forced resignation from the Royal Academy to the barrage of criticism attacking his theories. Rich in detail, Siek's book chronicles the personal and professional story of a remarkable man whose monumental achievements now largely lay forgotten, but clearly deserve a second look. In this comprehensive biography, Siek offers a modern reassessment of Matthay's contributions, exploring not only the great piano theorist's life but also his musical compositions, writings on piano technique, relationship to the Royal Academy of Music, his successful piano school on London's Wimpole Street, and the many world-famous pianists he would come to train on both sides of the Atlantic.

Classical Music, Why Bother? - Joshua Fineberg 2013-10-28

First published in 2006. Routledge is an imprint of Taylor & Francis, an informa company.

International Who's who in Classical Music - 2007

Keene on Chess - Raymond Keene 1999

A complete step-by-step course which shows you how to play and deepen your understanding of chess.

Inside the Recording Studio - Peter Andry 2008

In *Inside the Recording Studio: Working with Callas, Rostropovich, Domingo, and the Classical Elite*, Andry recounts his experiences with these exceptional talents. He presents intimate portraits of brilliant artists juxtaposed with the dramatic changes occurring in the recording business during the transition from 78s to LPs, stereo sound,

quadrophonic sound, audiocassettes, video, CDs, DVDs, and MP3s. A foreword by Placido Domingo and more than thirty photos of the artists are included, along with a discography of Peter Andry's recordings with the three labels. These memoirs will fascinate anyone interested in the classical music and recording industries.

Musicologia - Robin Maconie 2010-07-09

This is the first study of its kind to address the presence of musical and acoustical metaphor in western science and philosophy from the time of the ancient Greeks to the present. The most difficult and controversial ideas of 20th century music are shown to connect with fundamental precepts of science and philosophy: existence, continuity, number, space, time, identity, and communication.

Studies on the Origin of Harmonic Tonality - Carl Dahlhaus
2014-07-14

Carl Dahlhaus was without doubt the premier musicologist of the postwar generation, a giant whose recent death was mourned the world over. Translated here for the first time, this fundamental work on the development of tonality shows his complete mastery of the theory of harmony. In it Dahlhaus explains the modern concepts of harmony and tonality, reviewing in the process the important theories of Rameau, Sechter, Fétis, Riemann, and Schenker. He contrasts the familiar premises of chordal composition with the lesser known precepts of intervallic composition, the basis for polyphonic music in the late Middle Ages and Renaissance. Numerous quotations from theoretical treatises document how early music was driven forward not by progressions of chords but by simple progressions of intervals. Exactly when did composers transform intervallic composition into chordal composition? Modality into tonality? Dahlhaus provides extensive analyses of motets by Josquin, frottole by Cara and Tromboncino, and madrigals by Monteverdi to demonstrate how, and to what degree, such questions can be answered. In his bold speculations, in his magisterial summaries, in his command of eight centuries of music and writings on music, and in his deep understanding of European history and culture, Carl Dahlhaus sets a standard that will seldom be equalled. Originally published in

1990. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Die Jahreszeiten op. 37bis - Peter Ilich Tchaikovsky 2007-03-26
(Piano). The Seasons is among the most frequently played piano works by Tchaikovsky, suited for advanced piano pupils and piano lovers. The new edition was carefully edited by renowned Tchaikovsky researchers and editors of the Complete Edition.

International Piano - 2005

Bartók, His Life and Times - Hamish Milne 1982

"A series of biographies of great composers which present the subjects against the social background of their times. Each book draws on personal letters and recollections, engravings, paintings and - where they exist - photographs, to build up a complete picture of the composer's life." --Google Books.

Institutioni Harmoniche - Gioseffo Zarlino 1976

Zarlino's *Le Istitutioni harmoniche*, published in 1558, is one of the most influential music treatises of all time. To his contemporaries it revealed the secrets of composition he had learned from Adrian Willaert, who brought to Italy the polyphonic art of the Netherlands. To the modern scholar Zarlino's treatise illumines the compositional technique of the golden age of vocal polyphony. The essence of this art is contained in Part III, "The Art of Counterpoint," which is here translated into English for the first time.

Six Compositions ... - Ernest Jorés 1924

Song of the Chimes - Cranberry Quill Publishing Company 2011-04

Ring Resounding - John Culshaw 1967

Beethoven Piano Sonatas - Denis Matthews 1982
