Are Men Necessary? - Maureen Dowd
2005-11-08

Outspoken, Pulitzer Prize-winning New York Times Op-Ed columnist Maureen Dowd tackles

the hot-button topic of gender politics in this “funny, biting, and incisive take on women's place in American society today” (Library Journal). Are men afraid of smart, successful women? Why did feminism fizzle? Why are so many of today’s women freezing their faces and emotions in an orgy of plasticity? Is “having it all” just a cruel hoax? In this witty and wide-

ranging book, Maureen Dowd looks at the state of the sexual union, raising bold questions and examining everything from economics and presidential politics to pop culture and the “why?” of the Y chromosome. In our ever-changing culture where locker room talk has become the talk of the town, Are Men Necessary? will intrigue Dowd's devoted readers—and anyone trying to sort out the chaos that occurs when sexes collide. THE INSPIRATION FOR WHITNEY CUMMINGS' FORTHCOMING HBO® COMEDY PILOT “A LOT”

Tiger Country - Nina Raine 2014-12-11

Nina Raine's Tiger Country is a hospital play that follows a tangle of doctors and nurses in a busy London hospital - from the award-winning author of Tribes. Professionalism and prejudice, turbulent staff romances, ambition and failure

collide in this swirling, action-packed drama about an overburdened health service that we all depend on and the dedicated individuals that keep it going. 'Tiger country' is where animal instinct stirs and an irrefutable eye opens. Where we make eye contact with the unknown. Tiger Country was premiered at Hampstead Theatre in 2011 and, following its sell-out run, was revived there in 2014.

The Year of Voting Dangerously - Maureen Dowd 2016-09-13

Maureen Dowd's incendiary takes and takedowns from 2016--the most bizarre, disruptive and divisive Presidential race in modern history. Trapped between two candidates with the highest recorded unfavorables, Americans are plunged into The Year of Voting Dangerously. In this perilous and

shocking campaign season, The New York Times columnist traces the psychologies and pathologies in one of the nastiest and most significant battles of the sexes ever. Dowd has covered Donald Trump and Hillary Clinton since the '90s. She was with the real estate mogul when he shyly approached his first Presidential rope line in 1999, and she won a Pulitzer prize that same year for her penetrating columns on the Clinton impeachment follies. Like her bestsellers, *Bushworld* and *Are Men Necessary?*, *The Year of Voting Dangerously* will feature Dowd's trademark cocktail of wry humor and acerbic analysis in dispatches from the political madhouse. If America is on the escalator to hell, then *The Year of Voting Dangerously* is the perfect guide for this surreal, insane ride.

Chop Suey, USA - Yong Chen 2014-11-04
American diners began to flock to Chinese restaurants more than a century ago, making Chinese food the first mass-consumed cuisine in the United States. By 1980, it had become the

country's most popular ethnic cuisine. Chop Suey, USA offers the first comprehensive interpretation of the rise of Chinese food, revealing the forces that made it ubiquitous in the American gastronomic landscape and turned the country into an empire of consumption. Engineered by a politically disenfranchised, numerically small, and economically exploited group, Chinese food's tour de America is an epic story of global cultural encounter. It reflects not only changes in taste but also a growing appetite for a more leisurely lifestyle. Americans fell in love with Chinese food not because of its gastronomic excellence but because of its affordability and convenience, which is why they preferred the quick and simple dishes of China while shunning its haute cuisine. Epitomized by chop suey, American Chinese food was a forerunner of McDonald's, democratizing the once-exclusive dining-out experience for such groups as marginalized Anglos, African Americans, and Jews. The rise of Chinese food is

also a classic American story of immigrant entrepreneurship and perseverance. Barred from many occupations, Chinese Americans successfully turned Chinese food from a despised cuisine into a dominant force in the restaurant market, creating a critical lifeline for their community. Chinese American restaurant workers developed the concept of the open kitchen and popularized the practice of home delivery. They streamlined certain Chinese dishes, such as chop suey and egg foo young, turning them into nationally recognized brand names.

War on Sacred Grounds - Ron E. Hassner
2010-12-15

Sacred sites offer believers the possibility of communing with the divine and achieving deeper insight into their faith. Yet their spiritual and cultural importance can lead to competition as religious groups seek to exclude rivals from practicing potentially sacrilegious rituals in the hallowed space and wish to assert their own

claims. Holy places thus create the potential for military, theological, or political clashes, not only between competing religious groups but also between religious groups and secular actors. In *War on Sacred Grounds*, Ron E. Hassner investigates the causes and properties of conflicts over sites that are both venerated and contested; he also proposes potential means for managing these disputes. Hassner illustrates a complex and poorly understood political dilemma with accounts of the failures to reach settlement at Temple Mount/Haram el-Sharif, leading to the clashes of 2000, and the competing claims of Hindus and Muslims at Ayodhya, which resulted in the destruction of the mosque there in 1992. He also addresses more successful compromises in Jerusalem in 1967 and Mecca in 1979. Sacred sites, he contends, are particularly prone to conflict because they provide valuable resources for both religious and political actors yet cannot be divided. The management of conflicts over

sacred sites requires cooperation, Hassner suggests, between political leaders interested in promoting conflict resolution and religious leaders who can shape the meaning and value that sacred places hold for believers. Because a reconfiguration of sacred space requires a confluence of political will, religious authority, and a window of opportunity, it is relatively rare. Drawing on the study of religion and the study of politics in equal measure, Hassner's account offers insight into the often-violent dynamics that come into play at the places where religion and politics collide.

Child Zero - Chris Holm 2022-05-10

From molecular biologist turned Anthony Award-winning author of *THE KILLING KIND* comes a fact-based thriller in the vein of Michael Crichton about our species' next great existential threat. It began four years ago with a worldwide uptick of bacterial infections: meningitis in Frankfurt, cholera in Johannesburg, tuberculosis in New Delhi.

Although the outbreaks spread aggressively and proved impervious to our drugs of last resort, public health officials initially dismissed them as unrelated. They were wrong. Antibiotic resistance soon roiled across the globe. Diseases long thought beaten came surging back. The death toll skyrocketed. Then New York City was ravaged by the most heinous act of bioterror the world had ever seen, perpetrated by a new brand of extremist bent on pushing humanity to

extinction. Detective Jacob Gibson, who lost his wife in the 8/17 attack, is home caring for his sick daughter when his partner summons him to a sprawling shantytown in Central Park, the apparent site of a mass murder. Jake is startled to discover that, despite a life of abject squalor, the victims died in perfect health--and his only hope of finding answers is a twelve-year-old boy on the run from some very dangerous men.
