We meet the expense of you this proper as skillfully as easy pretension to get those all. We give The Police In America An Introduction and numerous book collections from fictions to scientific research in any way. accompanied by them is this The Police In America An Introduction that can be your partner.

Policing the Open Road - Sarah A. Seo 2019

Policing the Open Road examines how the rise of the car, that symbol of American personal freedom, inadvertently led to ever more intrusive policing--with disastrous consequences for racial equality in our criminal justice system. When Americans think of freedom, they often picture the open road. Yet nowhere are we more likely to encounter the long arm of the law than in our cars. Sarah Seo reveals how the rise of the automobile transformed American freedom in radical ways, leading us to accept--and expect--pervasive police power. As Policing the Open Road makes clear, this expectation has had far-reaching political and legal consequences.--

An Introduction to Policing - John S. Dempsey 2015-01-01

Introduce students to the challenges, excitement, and rewards of law enforcement today with Dempsey and Forst's AN INTRODUCTION TO POLICING, 8th Edition. Written by law enforcement veterans with extensive first-hand experience in all areas of policing, this engaging, comprehensive book blends practical information with pertinent theory. The authors examine today's most current issues and topics, including homeland security, recent terrorism incidents, the controversial Secure Communities Program by DHS, Specialized Policing Responses to individuals with mental illness, advances in policing technology, and

more. Readers find the latest in academic and practitioner research as well as the most current applications, statistics, court cases, and information on law enforcement careers, all introduced through memorable learning features. The book also discusses small and rural departments while maintaining critical foundational coverage students need to fully understand who police are, what they do, and how they do it. Extensive examples from police departments throughout the nation and world as well as essays from respected law enforcement veterans offer insights into crucial law enforcement issues and challenges. AN INTRODUCTION TO POLICING is an essential read for anyone considering a career in law enforcement today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Cops, Cameras, and Crisis - Michael D. White 2020-02-25

The first expert and comprehensive analysis of the surprising impact of body-worn cameras Following the tragic deaths of Eric Garner, Michael Brown, and others at the hands of police, interest in body-worn cameras for local, state, and federal law enforcement has skyrocketed. In Cops, Cameras, and Crisis, Michael D. White and Aili Malm provide an up-to-date analysis of this promising technology, evaluating whether it can address today's crisis in police legitimacy. Drawing on the latest

research and insights from experts with field experience with police-worn body cameras, White and Malm show the benefits and drawbacks of this technology for police departments, police officers, and members of the public. Ultimately, they identify—and assess—each claim, weighing in on whether the specter of being “caught on tape” is capable of changing a criminal justice system desperately in need of reform. *Cops, Cameras, and Crisis* is a must-read for policymakers, police leaders, and activists interested in twenty-first-century policing.

The New World of Police Accountability - Samuel E. Walker
2013-12-09

The subject of police accountability includes some of the most important developments in American policing: the control of officer-involved shootings and use of force; citizen complaints and the best procedures for handling them; federal 'pattern or practice' litigation against police departments; allegations of race discrimination; early intervention systems to monitor officer behavior; and police self-monitoring efforts. The Second Edition of *The New World of Police Accountability* covers these subjects and more with a sharp and critical perspective. It provides readers with a comprehensive description of the most recent developments and an analysis of what works, what reforms are promising, and what has proven unsuccessful. The book offers detailed coverage of critical incident reporting; pattern analysis of critical incidents; early intervention systems; internal and external review of citizen complaints; and federal consent decrees.

America on Fire: The Untold History of Police Violence and Black Rebellion Since the 1960s - Elizabeth Hinton 2021-05-18

"If you want to understand the massive antiracist protests of 2020, put down the navel-gazing books about racial healing and read *America on Fire*." —Robin D. G. Kelley, author of *Freedom Dreams: The Black Radical Imagination* From one of our top historians, a groundbreaking story of policing and “riots” that shatters our understanding of the post-civil rights era. What began in spring 2020 as local protests in response to the killing of George Floyd by Minneapolis police quickly exploded into a massive nationwide movement. Millions of mostly young

people defiantly flooded into the nation’s streets, demanding an end to police brutality and to the broader, systemic repression of Black people and other people of color. To many observers, the protests appeared to be without precedent in their scale and persistence. Yet, as the acclaimed historian Elizabeth Hinton demonstrates in *America on Fire*, the events of 2020 had clear precursors—and any attempt to understand our current crisis requires a reckoning with the recent past. Even in the aftermath of Donald Trump, many Americans consider the decades since the civil rights movement in the mid-1960s as a story of progress toward greater inclusiveness and equality. Hinton’s sweeping narrative uncovers an altogether different history, taking us on a troubling journey from Detroit in 1967 and Miami in 1980 to Los Angeles in 1992 and beyond to chart the persistence of structural racism and one of its primary consequences, the so-called urban riot. Hinton offers a critical corrective: the word riot was nothing less than a racist trope applied to events that can only be properly understood as rebellions—explosions of collective resistance to an unequal and violent order. As she suggests, if rebellion and the conditions that precipitated it never disappeared, the optimistic story of a post-Jim Crow United States no longer holds. Black rebellion, *America on Fire* powerfully illustrates, was born in response to poverty and exclusion, but most immediately in reaction to police violence. In 1968, President Lyndon Johnson launched the “War on Crime,” sending militarized police forces into impoverished Black neighborhoods. Facing increasing surveillance and brutality, residents threw rocks and Molotov cocktails at officers, plundered local businesses, and vandalized exploitative institutions. Hinton draws on exclusive sources to uncover a previously hidden geography of violence in smaller American cities, from York, Pennsylvania, to Cairo, Illinois, to Stockton, California. The central lesson from these eruptions—that police violence invariably leads to community violence—continues to escape policymakers, who respond by further criminalizing entire groups instead of addressing underlying socioeconomic causes. The results are the hugely expanded policing and prison regimes that shape the lives of so many Americans today. Presenting a new framework for understanding

our nation's enduring strife, America on Fire is also a warning: rebellions will surely continue unless police are no longer called on to manage the consequences of dismal conditions beyond their control, and until an oppressive system is finally remade on the principles of justice and equality.

Rise of the Warrior Cop - Radley Balko 2021-06-01

This groundbreaking history of how American police forces have been militarized is now revised and updated. Newly added material brings the story through 2020, including analysis of the Ferguson protests, the Obama and Trump administrations, and the George Floyd protests. The last days of colonialism taught America's revolutionaries that soldiers in the streets bring conflict and tyranny. As a result, our country has generally worked to keep the military out of law enforcement. But over the last two centuries, America's cops have increasingly come to resemble ground troops. The consequences have been dire: the home is no longer a place of sanctuary, the Fourth Amendment has been gutted, and police today have been conditioned to see the citizens they serve as enemies. In *Rise of the Warrior Cop*, Balko shows how politicians' ill-considered policies and relentless declarations of war against vague enemies like crime, drugs, and terror have blurred the distinction between cop and soldier. His fascinating, frightening narrative that spans from America's earliest days through today shows how a creeping battlefield mentality has isolated and alienated American police officers and put them on a collision course with the values of a free society.

Introduction to Policing - Steven M. Cox 2015-12-31

Introduction to Policing, Third Edition continues to focus on the thought-provoking, contemporary issues that underscore the challenging and rewarding world of policing. Steven M. Cox, Susan Marchionna, and experienced law enforcement officer Brian D. Fitch balance theory, research, and practice to give students a comprehensive, yet concise, overview of both the foundations of policing and the expanded role of today's police officers. The accessible and engaging writing style, combined with stories from the field, make policing concepts and practices easy for students to understand and analyze. Unique coverage

of policing in multicultural communities, the impact of technology on policing, and extensive coverage of policing strategies and procedures — such as those that detail the use of force — make this bestselling book a must-have for policing courses.

Criminal (In)Justice - Aaron Fichtelberg 2019-08-06

"*Criminal (In)Justice* presents an overview of the criminal justice system from the angle of critical criminology instead of the traditional 'this is who we are and this is what we do' approach. This book makes students ask why the system is what it is and why it does what it does—and what are the results of those actions." -Milton C. Hill, Stephen F. Austin State University *Criminal (In)Justice: A Critical Introduction* takes an unflinching look at the American criminal justice system and the social forces that affect the implementation of justice. Author Aaron Fichtelberg uses a unique, critical perspective to introduce students to criminal justice and encourages them to look closer at the intersection of race, class, gender, and inequality in the criminal justice system. Covering each of the foundational areas of the criminal justice system—policing, courts, and corrections—this book takes an in-depth look at the influence of inequality, making it ideal for instructors who want students to critically assess and understand the American criminal justice system.

An Introduction to American Policing - Dennis J. Stevens 2017-05-08

"*An Introduction to American Policing, Second Edition*" connects the US criminal justice system, criminology, and law enforcement knowledge to the progress of the police community. It is the perfect resource for a Police Science course.

Fairness and Effectiveness in Policing - National Research Council 2004-04-06

Because police are the most visible face of government power for most citizens, they are expected to deal effectively with crime and disorder and to be impartial. Producing justice through the fair, and restrained use of their authority. The standards by which the public judges police success have become more exacting and challenging. *Fairness and Effectiveness in Policing* explores police work in the new century. It

replaces myths with research findings and provides recommendations for updated policy and practices to guide it. The book provides answers to the most basic questions: What do police do? It reviews how police work is organized, explores the expanding responsibilities of police, examines the increasing diversity among police employees, and discusses the complex interactions between officers and citizens. It also addresses such topics as community policing, use of force, racial profiling, and evaluates the success of common police techniques, such as focusing on crime "hot spots." It goes on to look at the issue of legitimacy—how the public gets information about police work, and how police are viewed by different groups, and how police can gain community trust. Fairness and Effectiveness in Policing will be important to anyone concerned about police work: policy makers, administrators, educators, police supervisors and officers, journalists, and interested citizens.

[Policing in America](#) - Larry K. Gaines 2014-06-04

In the field of law enforcement in the United States, it is essential to know the contemporary problems being faced and combine that knowledge with empirical research and theoretical reasoning to arrive at best practices and an understanding of policing. *Policing in America*, Eighth Edition, provides a thorough analysis of the key issues in policing today, and offers an issues-oriented discussion focusing on critical concerns such as personnel systems, organization and management, operations, discretion, use of force, culture and behavior, ethics and deviance, civil liability, and police-community relations. A critical assessment of police history and the role politics played in the development of American police institutions is also addressed, as well as globalization, terrorism, and homeland security. This new edition not only offers updated research and examples, it also incorporates more ways for the reader to connect to the content through learning objectives, discussion questions, and "Myths and Realities of Policing" boxes. Video and Internet links provide additional coverage of important issues. With completely revised and updated chapters, *Policing in America*, Eighth Edition provides an up-to-date examination of what to expect as a police officer in America. In full color, including photographs

and illustrations Video links provide additional coverage of topics discussed in the text Learning objectives, critical thinking questions, and review questions in every chapter help to reinforce key concepts Updated figures and "Myths and Realities of Policing" boxes provide important context Includes all-new content, such as further coverage of violent crime reduction programs, gangs, and drug use Access to student and instructor ancillaries, including Self-Assessments, Case Studies, Test Bank, and PowerPoint Lecture Slides

[Police in the Hallways](#) - Kathleen Nolan 2011

Exposing the deeply harmful impact of street-style policing on urban high school students

Police in America - Steven G. Brandl 2017-01-25

Police in America provides students with a comprehensive and realistic introduction to modern policing in our society. Utilizing real-world examples grounded in evidence-based research, this easy-to-read, conversational text helps students think critically about the many misconceptions of police work and understand best practices in everyday policing. Respected scholar and author Steven G. Brandl draws from his experience in law enforcement to emphasize the positive aspects of policing without sugar-coating the controversies of police work. Brandl tackles important topics that center on one question: "What is good policing?" This includes discussions of discretion, police use of force, and tough ethical and moral dilemmas—giving students a deeper look into the complex issues of policing to help them think more broadly about its impact on society. Students will walk away from this text with a well-developed understanding of the complex role of police in our society, an appreciation of the challenges of policing, and an ability to differentiate fact from fiction relating to law enforcement.

Police in a Multicultural Society - David E. Barlow 2018-04-10

Social, political, and economic relationships played key roles in the historical development of the police. The authors present policing strategies from the vantage points of marginalized communities and emphasize the intersection of attitudes about class, race/ethnicity, gender, and sexual orientation with policies. Police practices cannot be

class neutral in a class society, nor can they be race neutral or gender neutral in a racist, sexist, and heterosexist society. The key to understanding the relationship between the police and society is to think critically about the role of power and interests. The second edition includes a new chapter in the section on the police and rebellion covering recent events. There is also a new chapter on Latino/a police officers and an expanded chapter on LGBTQ police officers. Without meaningful social change toward greater justice, police reforms such as community policing and training in cultural diversity will fall short of creating an institution characterized by fairness and equality for all members of society. A clear view of history is essential for understanding the challenges a more diverse police force faces in today's multicultural environment.

Policing America - Willard M. Oliver 2020-02-02

With an engaging and balanced approach, former police officer and policing scholar Willard M. Oliver encourages students to think critically about the role of the police and the practice of policing in American society today. *Policing in America* builds a basic understanding of contemporary police practices upon a foundation of essential theory and research. In a readable style, the author offers a contextual understanding of concepts in policing, supported by the academic research and balanced with the voice of the American police officer. New to the Second Edition: Updated with new statistics and research Carefully streamlined and edited to ensure teachability and accuracy New, more realistic photos, added Current policing journal articles findings included and cited Professors and students will benefit from: Succinct yet thorough treatment of all policing topics, with a balanced approach that emphasizes contemporary policing. Discussion of best policing practices and research Real-world issues highlighted in text boxes Hypotheticals that exemplify theory in practice in every chapter A design for learning that includes charts, graphics, and summaries of key points Encourages students to think critically about the role of policing in today's society.

From the War on Poverty to the War on Crime - Elizabeth Hinton

2016-05-09

How did the land of the free become the home of the world's largest prison system? Elizabeth Hinton traces the rise of mass incarceration to an ironic source: not the War on Drugs of the Reagan administration but the War on Crime that began during Johnson's Great Society at the height of the civil rights era.

The Police in America: An Introduction - Charles M. Katz 2017-02-20

The Police in America provides a comprehensive introduction to the foundations of policing in the United States today. Descriptive and analytical, this text is designed to offer students a balanced and up-to-date overview of who the police are and what they do, the problems they face, and the many reforms and innovations that have taken place in policing. Using timely articles and excerpts, the authors take readers beyond the headlines and statistics to present a comprehensive and contemporary overview of what it means to be a police officer. The Connect course for this offering includes SmartBook, an adaptive reading and study experience which guides students to master, recall, and apply key concepts while providing automatically-graded assessments. Digital •Connect®—The Connect Suite effectively engages students in the course so they are better prepared for class, more active in discussion, and achieve better results. Its innovative and adaptive technology addresses a wide variety of student and instructor needs with a rich database of assignable and assessable activities, each attached to learning objectives. Connect, part of the Connect suite, is a web-based assignment and assessment platform that features a number of powerful tools that make managing assignments easier for instructors and learning and studying more engaging and efficient for students. • Connect Insight™—As part of the Connect Suite, Insight™ puts real-time analytics in your hands so you can take action early and keep struggling students from falling behind. Designed for your tablet or desktop computer, Insight is a series of visual displays providing at-a-glance information regarding how your section, students, and assignments are doing. • SmartBook—As part of the Connect Suite, SmartBook is the first and only adaptive reading and learning experience

that changes the way students read. It creates a personalized, interactive reading environment like no other by highlighting important concepts, while helping students identify their strengths and weaknesses. This ensures that he or she is focused on the content needed to close specific knowledge gaps, while it simultaneously promotes long term learning. • LearnSmart—As part of the Connect Suite, LearnSmart is an adaptive learning program designed to help students learn faster, study smarter, and retain more knowledge for greater success. Millions of students have answered billions of questions in LearnSmart, making it the most widely used tool that's proven to strengthen memory recall, retain student attendance, and boost grades.

Introduction to Law Enforcement - David H. McElreath 2013-02-26
Modern perspectives of law enforcement are both complex and diverse. They integrate management and statistical analysis functions, public and business administration functions, and applications of psychology, natural science, physical fitness, and marksmanship. They also assimilate theories of education, organizational behavior, economics, law and Authoritarian Police in Democracy - Yanilda María González 2020-11-12
Explains the persistence of violent, unaccountable policing in democratic contexts.

The End of Policing - Alex S. Vitale 2021-12-07

The best-selling bible of the movement to defund the police in an updated edition The massive uprising that followed the police killing of

George Floyd in the summer of 2020— by some estimates the largest protests in US history—thrust the argument to defund the police to the forefront of international politics. That case had been put persuasively a few years earlier in *The End of Policing* by Alex Vitale, now a leading figure in the urgent public discussion over policing and racial justice. The central problem, Vitale demonstrates, is the dramatic expansion of the police role over the last forty years. Drawing on firsthand research from across the globe, he shows how the implementation of alternatives to policing—such as drug legalization, regulation, and harm reduction instead of the policing of drugs—has led to reductions in crime, spending, and injustice. This updated edition includes a new introduction that takes stock of the renewed movement to challenge police impunity and shows how we move forward, evaluating protest, policy, and the political situation.

The Police in America - Samuel Walker 1992

This is a comprehensive, introductory survey of police, police work, and police systems intended for criminal justice courses on police administration, and courses on criminology or the sociology of law enforcement. It describes how police departments are organized, what police officers do, the different problems in policing (police-community relations, use of discretion, police corruption, etc) how individuals enter policing as a career and what happens to them during the course of their careers. There are three new chapters on community policing, police and crime, and peacekeeping and order maintenance.

Policing - Carol A. Archbold 2021-09-16

One of the most diverse and inclusive books for the policing course, *Policing: The Essentials*, focuses on core concepts and contemporary research to provide a foundational understanding of policing in the current climate of criminal justice.

Crime and Justice in America - Joycelyn M. Pollock 2011-05-23

This text offers a concise, affordable and reader-friendly introduction to the criminal justice system. It explores the system in four sections: the criminal justice system as social control, law enforcement as social control, the law as social control, and corrections as social control.

Designed with the student in mind, each chapter includes: "What You Need to Know," highlighting key points for the reader; brief chapter outline; review questions; vocabulary lists; "breaking news" items; and exercises to help students customize the material for different jurisdictions. Each chapter has an outline, "what you need to know," photos, charts, jurisdictional exercises, web links, a "breaking news" box, and vocabulary words with definitions.

The Police in America: An Introduction - Samuel Walker 2010-01-29

The Police in America provides a comprehensive introduction to the foundations of policing in the United States today. Descriptive and analytical, the text is designed to offer undergraduate students a balanced and up-to-date overview of who the police are and what they do, the problems they face, and the many reforms and innovations that have taken place in policing. Using timely articles and excerpts, the authors take readers beyond the headlines and statistics to present a comprehensive and contemporary overview of what it means to be a police officer.

All American Boys - Jason Reynolds 2015-09-29

When sixteen-year-old Rashad is mistakenly accused of stealing, classmate Quinn witnesses his brutal beating at the hands of a police officer who happens to be the older brother of his best friend. Told through Rashad and Quinn's alternating viewpoints.

The Police - Michael D. Lyman 2002

For courses in Introduction to Law Enforcement and Introduction to Policing. This enlightening book removes the mystique and misunderstanding surrounding police work, exploring the principles of policing and introducing readers to the day-to-day practices of these dedicated professionals. It provides students with the basic framework for understanding fundamental police issues while, at the same time, empowering them to question the conventional wisdom about policing.

The Police in America - Samuel Walker 2002

"The Police in America" provides a comprehensive introduction to the foundations of policing in the United States today. Descriptive and analytical, the text is designed to offer undergraduate students a

balanced and up-to-date overview of who the police are and what they do, the problems they face, and the many reforms and innovations that have taken place in policing. Using timely articles and excerpts, the authors take readers beyond the headlines and statistics to present a comprehensive and contemporary overview of what it means to be a police officer.

Proactive Policing - National Academies of Sciences, Engineering, and Medicine 2018-03-23

Proactive policing, as a strategic approach used by police agencies to prevent crime, is a relatively new phenomenon in the United States. It developed from a crisis in confidence in policing that began to emerge in the 1960s because of social unrest, rising crime rates, and growing skepticism regarding the effectiveness of standard approaches to policing. In response, beginning in the 1980s and 1990s, innovative police practices and policies that took a more proactive approach began to develop. This report uses the term "proactive policing" to refer to all policing strategies that have as one of their goals the prevention or reduction of crime and disorder and that are not reactive in terms of focusing primarily on uncovering ongoing crime or on investigating or responding to crimes once they have occurred. Proactive policing is distinguished from the everyday decisions of police officers to be proactive in specific situations and instead refers to a strategic decision by police agencies to use proactive police responses in a programmatic way to reduce crime. Today, proactive policing strategies are used widely in the United States. They are not isolated programs used by a select group of agencies but rather a set of ideas that have spread across the landscape of policing. Proactive Policing reviews the evidence and discusses the data and methodological gaps on: (1) the effects of different forms of proactive policing on crime; (2) whether they are applied in a discriminatory manner; (3) whether they are being used in a legal fashion; and (4) community reaction. This report offers a comprehensive evaluation of proactive policing that includes not only its crime prevention impacts but also its broader implications for justice and U.S. communities.

An Introduction to American Policing - Stevens 2008-08-15

Introduction to American Policing: An Applied Approach connect criminal justice, criminology, and law enforcement knowledge to the progress of the police community. Case studies, narratives from violators, and current research coverage help students recognize the central theories and practical (documented) realities of American law enforcement. Students are encouraged to consider the way some believe policing should be while examining evidence about the way it is. This text will also provide a current description of local and state police organization partnerships with federal organizations and of the efforts accomplished by federal law enforcement agencies including the Department of Homeland Securities (DHS).

The Police in America - Samuel Walker 2004-08

Descriptive and analytical, the text is designed to offer undergraduate students a balanced and up-to-date overview of who the police are and what they do, problems related to policing, and the many reforms and innovations that have been attempted in police work. Divided into four parts, The Police in America begins with a compelling analysis of the foundation of law enforcement, including the underlying purpose of police in society, the history of American police, as well as the contemporary law enforcement industry. It goes on to cover everything from the critical role of the beat cop and the fundamental problems in policing to the career path of police officers and a level-by-level overview of police organizations. Using timely articles and excerpts, the author takes readers beyond the headlines and statistics, to present a comprehensive and contemporary overview of what it means to be a police officer.

Loose Leaf Walker, Police in America - Samuel Walker 2017-03-07

Policing America - Willard M. Oliver 2020-02-02

With an engaging and balanced approach, former police officer and policing scholar Willard M. Oliver encourages students to think critically about the role of the police and the practice of policing in American society today. Policing in America builds a basic understanding of

contemporary police practices upon a foundation of essential theory and research. In a readable style, the author offers a contextual understanding of concepts in policing, supported by the academic research and balanced with the voice of the American police officer. New to the Second Edition: Updated with new statistics and research Carefully streamlined and edited to ensure teachability and accuracy New, more realistic photos, added Current policing journal articles findings included and cited Professors and students will benefit from: Succinct yet thorough treatment of all policing topics, with a balanced approach that emphasizes contemporary policing. Discussion of best policing practices and research Real-world issues highlighted in text boxes Hypotheticals that exemplify theory in practice in every chapter A design for learning that includes charts, graphics, and summaries of key points Encourages students to think critically about the role of policing in today's society.

Corrections in America - Harry E. Allen 2015-03-02

For the Introduction to Corrections course An easy-to-use, easy-to-teach, comprehensive overview of the field of corrections Based on its established tradition of comprehensive, student-friendly coverage with extensive supplemental material, Corrections in America has been the best-selling text in the field for over 40 years. It covers virtually all aspects of corrections, including its history, prisons in the present, correctional ideologies, sentencing and legal issues, alternatives to imprisonment, institutional corrections, and correctional clients. This new edition includes expanded coverage of contemporary issues, including juvenile facilities, state and federal prisons, and security threats and gangs. Photos and figures provide a visual learning experience that presents complex data in a very simple and readable manner. Key words, review questions, definitions and objective-based summaries make instruction more focused, and help students master the materials. ∫ Also available with MyCJLab This title is also available with MyCJLab—an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. This powerful homework and test manager lets you create, import, and

manage online homework assignments, quizzes, and tests that are automatically graded. You can choose from a wide range of assignment options, including time limits, proctoring, and maximum number of attempts allowed. The bottom line: MyLab means less time grading and more time teaching. NOTE: You are purchasing a standalone product; MyCJLab does not come packaged with this content. If you would like to purchase both the physical text and MyCJLab search for ISBN-10: 0134099664/ISBN-13: 9780134099668. Introduction to Law Enforcement - George Kirkham 1980

The Cambridge Handbook of Policing in the United States - Tamara Rice Lave 2019-07-04

A comprehensive collection on police and policing, written by experts in political theory, sociology, criminology, economics, law, public health, and critical theory.

Policing the Black Man - Angela J. Davis 2017-07-11

A comprehensive, readable analysis of the key issues of the Black Lives Matter movement, this thought-provoking and compelling anthology features essays by some of the nation's most influential and respected criminal justice experts and legal scholars. "Somewhere among the anger, mourning and malice that Policing the Black Man documents lies the pursuit of justice. This powerful book demands our fierce attention." —Toni Morrison Policing the Black Man explores and critiques the many ways the criminal justice system impacts the lives of African American boys and men at every stage of the criminal process, from arrest through sentencing. Essays range from an explication of the historical roots of

racism in the criminal justice system to an examination of modern-day police killings of unarmed black men. The contributors discuss and explain racial profiling, the power and discretion of police and prosecutors, the role of implicit bias, the racial impact of police and prosecutorial decisions, the disproportionate imprisonment of black men, the collateral consequences of mass incarceration, and the Supreme Court's failure to provide meaningful remedies for the injustices in the criminal justice system. Policing the Black Man is an enlightening must-read for anyone interested in the critical issues of race and justice in America.

Looseleaf for Police in America - Samuel Walker 2021-02-01

With the 10th edition of The Police in America, the authors use timely articles and excerpts, that will take the readers beyond the headlines and statistics to present a comprehensive and contemporary overview of what it means to be a police officer. It provides a comprehensive introduction to the foundations of policing in the United States today. Descriptive and analytical, the text is designed to offer undergraduate students a balanced and up-to-date overview of who the police are and what they do, the problems they face, and the many reforms and innovations that have taken place in policing. The title is designed primarily for undergraduates enrolled in their first police or law enforcement course—such as an introduction to policing, police and society, or law enforcement systems.

Introduction to Gangs in America - Ronald M. Holmes 2011-12-02

Gangs have long been a social and criminal threat to society. Introduction to Gangs in America explains how gangs are addressed as a criminal justice and public policy problem, providing a student-friendly, easily accessible, concise overview of the role, place, structure, and activities of gangs in American society. The book describes what gangs a
