She is for Jordon and he is for her. She just needs a way to convince him. Sarinnea is the

matriarch of the oldest Siren house on the planet of Rylen. She sits on the Council of Elders and has the ear of the High Priestess of the Creators. How long is she supposed to wait for the stoic Norblade she loves to appreciate how difficult it is to offer him a place at her side? Despite having lived the majority of her long Siren life on a planet that reveres a mate's passion, Sarinnea long ago learned that even the truest love and devotion is sometimes not enough. She should be dealing with the dissension of the younger males in her house, not worrying about some alien who doesn't love her. Yet how could she not be appalled that a year of living on Rylen has only managed to convince Jordon that she's used her Siren powers to beguile him? Beguile him? Really? Why would she do that when males vie for her attention daily? Male attention is not something she lacks. Plus, she's lived centuries alone and never minded. Raging fires of Helios, she's never begged a

male for anything until Jordon entered her life. The Norblade should thank his lucky stars and whatever deities he worships that she's tolerated the stupid male pride which keeps him from loving her back.

In every world, it was a kind of magic. “No maids, no funny talking, no fainting flowers.” Luli Wei is beautiful, talented, and desperate to be a star. Coming of age in pre-Code Hollywood,

she knows how dangerous the movie business is and how limited the roles are for a Chinese American girl from Hungarian Hill—but she doesn't care. She'd rather play a monster than a maid. But in Luli's world, the worst monsters in Hollywood are not the ones on screen. The studios want to own everything from her face to her name to the women she loves, and they run on a system of bargains made in blood and ancient magic, powered by the endless sacrifice of unlucky starlets like her. For those who do survive to earn their fame, success comes with a steep price. Luli is willing to do whatever it takes—even if that means becoming the monster herself. *Siren Queen* offers up an enthralling exploration of an outsider achieving stardom on her own terms, in a fantastical Hollywood where the monsters are real and the magic of the silver screen illuminates every page. The Siren Years - Charles

Ritchie 2011-10-05

Charles Ritchie, one of Canada's most distinguished diplomats, was a born diarist, a man whose daily record of his life is so well written that it leaps from the page. In wartime England, Ritchie, as Second Secretary at the Canadian High Commission, served as private secretary to Vincent Massey, whose second-in-command was Lester B. Pearson, future prime minister of Canada. In a perfect position to observe both statecraft and the London social whirl that continued even during the war, Ritchie provides a fascinating, perceptive, and (surprisingly) humorous picture of the London Blitz - the people in the parks, the shabby streets, the heightened love affairs - and the vagaries of the British at war. There are also glimpses of the great, and portraits of noted artists and writers that he knew well. A vivid document of a period and a wonderful piece of writing, *The Siren Years* has become a classic.

The Sirens of Mars - Sarah

Stewart Johnson 2020-07-07

"Sarah Stewart Johnson interweaves her own coming-of-age story as a planetary scientist with a vivid history of the exploration of Mars in this celebration of human curiosity, passion, and perseverance."—Alan Lightman, author of *Einstein's Dreams* WINNER OF THE PHI BETA KAPPA AWARD FOR SCIENCE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Times (UK) • Library Journal "Lovely . . . Johnson's prose swirls with lyrical wonder, as varied and

multihued as the apricot deserts, butterscotch skies and blue sunsets of Mars.”—Anthony Doerr, *The New York Times Book Review*

Mars was once similar to Earth, but today there are no rivers, no lakes, no oceans. Coated in red dust, the terrain is bewilderingly empty. And yet multiple spacecraft are circling Mars, sweeping over Terra Sabaea, Syrtis Major, the dunes of Elysium, and Mare Sirenum—on the brink, perhaps, of a staggering find, one that would inspire humankind as much as any discovery in the history of modern science. In this beautifully observed, deeply personal book, Georgetown scientist Sarah Stewart Johnson tells the story of how she and other researchers have scoured Mars for signs of life, transforming the planet from a distant point of light into a world of its own. Johnson’s fascination with Mars began as a child in Kentucky, turning over rocks with her father and looking at planets in the night sky. She now conducts

fieldwork in some of Earth’s most hostile environments, such as the Dry Valleys of Antarctica and the salt flats of Western Australia, developing methods for detecting life on other worlds. Here, with poetic precision, she interlaces her own personal journey—as a female scientist and a mother—with tales of other seekers, from Percival Lowell, who was convinced that a utopian society existed on Mars, to Audouin Dollfus, who tried to carry out astronomical observations from a stratospheric balloon. In the process, she shows how the story of Mars is also a story about Earth: This other world has been our mirror, our foil, a telltale reflection of our own anxieties and yearnings. Empathetic and evocative, *The Sirens of Mars* offers an unlikely natural history of a place where no human has ever set foot, while providing a vivid portrait of our quest to defy our isolation in the cosmos.

Neon Drops - M. Sinclair
2020-08-03

I'd made the choice to survive Broken House. I'd chosen to live instead of landing myself in an eternity of torture. At this point in my life, I shouldn't have been surprised that somehow living was more difficult than my previous suicidal ventures. At least I had my men. Three kings. Three sexy, dominant shifters. What could go wrong with that? I mean really, what possible conflict could result in having six possessive, powerful men surrounding me at all times? I had no doubt that in true

Louvre fashion the conflict would show itself at the most inconvenient time.

Unfortunately, that wasn't all we had to worry about and the weight of our true situation was heavy and terrifying. There was a lot we didn't know. Had Mr. Black really given up that easily? Somehow I didn't think that was the case. Better yet, why the hell does my stalker have such an odd fixation with origami animals? The most important question though?

What was coming for us that was so bad that a cosmic being had sought me out to warn me? Yeah, so as I said, living was fucking complicated. Note from Author: The Tears of the Siren series will feature characters from both the Reborn series and Descendant series. It will not be necessary to read either of those to understand the plot, however they do intertwine in a way that enhances the universe. Don't worry, no spoilers are present! Join Lorcan on her 9 book series adventure! This PNR slow/medium burn RH contains several dark themes

that readers should be aware of: swearing (I know, surprising, right?), gore, violence, assault, PTSD, and sexual themes suitable for +18. Additionally, this book does have mature m/m themes that develop over time.

The Siren and Selected Writings - Giuseppe Tomasi di Lampedusa 1995

Although best known as author of a singular masterpiece, The Leopard, the Prince of Lampedusa left a rich and varied oeuvre that repays a careful reading. The best and most representative of it is collected in this volume. Places of My Infancy, a childhood memory of the Lampedusa palace in Palermo at the turn of the century, and of the great family mansion inland at Santa Margherita, provides a fascinating background to the princely setting of The Leopard. The text hitherto published had been edited and pruned by the author's widow, and resulted in a somewhat impoverished version. Here the author's original text - with

many characters and incidents earlier suppressed - has been fully restored. The story of The Professor and the Siren, a delicious example of Lampedusa's fantasy, and The Blind Kittens (the first chapter of an unfinished novel of bourgeois Sicily that would have formed a pendant to The Leopard) both featured as appendices to Harvill's earlier edition of the great novel. They are included here together with a charming, comic, bitter-sweet story, Joy and the Law. Giuseppe di Lampedusa's knowledge of English literature, which derived from a lifetime's reading as well as from a number of extended visits to Britain as a young man, bore fruit in a series of informal seminars he gave in his later years at Palermo. The plan was to introduce his listeners to English writers from Bede to Aldous Huxley, pausing along the way not only at the great classics but also among the lesser known Restoration poets and Victorian novelists. To this, as also in his shrewd and dynamic appraisal

of the French novelist Stendhal, he brought the lucid intellect and warmth of feeling that informs his own deeply Sicilian creative genius. The Siren's Call - Donna McDonald 2014-09-24 Zade has forgotten her. How is Gwen supposed to save him when he wants her dead? But when she and Ania are both captured, the situation goes from bad to worse. Gwen escapes only to find a drugged, angry, and very dangerous Zade who doesn't remember her. The energy cord from answering the Siren's call may be the only weapon Gwen can use to save them all. The Siren's Seduction of the King - A Sensual Fairy Tale -

Danica Slate 2014-06-07

There is a mysterious, beautiful siren said to live high in the mountains, a fae enchantress who rides a wild stallion into battle and can bewitch men with a word. When the King stumbles into her clutches one fateful day, he is hopelessly smitten before being rescued by his loyal retainers. He demands she be brought to him, by any means. Robin, a skilled and cocksure adventurer, accepts the challenge. But when he finds the Siren at last, and she turns her entrancing gaze upon him, he begins to wonder if he's in over his head... or if he even cares. --- The siren hopped up onto a boulder and stared expectantly at the King, her lips curled in a smile. "You followed me." Her voice was throaty and musical. The hair rose on the back of his neck to hear it. He felt an unexpected desire start to burn the surface of his skin. "I wanted," he felt suddenly breathless, "to thank you." Black eyebrows shot up on her fair forehead. "Did you?" She began to approach

him. Her dark eyes never left his as her muscled legs found their way down boulders and across the soft ground toward him. His loins stirred in anticipation as she approached, feeling very much like a hare before the wolf. "I... You left so quickly," he stammered. "I owe you a debt." She was almost on him now. He could smell the scent of fresh grass and cloves that clung tantalizingly to her. Her eyes smoldered. "What can you offer me?" He felt a spark of indignation, knowing she was toying with him, but it was quenched as her slender-fingered hand lighted on his shoulder. She circled behind him. His skin burned as he felt her eyes move over him. He forced a swallow down his dry throat. "I am your king," some strength returned to his voice. "I do not offer my thanks lightly." "My king?" her voice rose in genuine interest. His breath hissed through his teeth as her fingers gripped tighter into his shoulders. "You are king of this land, then." Her lithe arms moved slowly around his neck. "Are you a

just and strong king?" her breath felt hot on his ear. He inhaled audibly, shuddering with his sudden lust.

Embarrassment burned into his cheeks, and she laughed low and light. "So you are. A noble man always quivers."

The Professor and the Siren

- Giuseppe Tomasi Di

Lampedusa 2014-06-17

An NYRB Classics Original In the last two years of his life, the Sicilian aristocrat Giuseppe Tomasi di Lampedusa wrote not only the internationally celebrated novel *The Leopard* but also three shorter pieces of fiction, brought together here in a new translation. "The Professor and the Siren," like *The Leopard*, meditates on the past and the passage of time, and also on the relationship between erotic love and learning. Professor La Ciura is one of the world's most distinguished Hellenists; his knowledge, however, came at the cost of a loss that has haunted him for his entire life. This Lampedusa's final masterpiece, is accompanied here by the parable "Joy and

the Law" and "The Blind Kittens," a story originally conceived as the first chapter of a followup to *The Leopard*.

Wake, Siren - Nina

MacLaughlin 2019-11-19

In fierce, textured voices, the women of Ovid's *Metamorphoses* claim their stories and challenge the power of myth I am the home of this story. After thousands of years of other people's tellings, of all these different bridges, of words gotten wrong, I'll tell it myself. Seductresses and she-monsters, nymphs and demi-goddesses, populate the famous myths of Ovid's

Metamorphoses. But what happens when the story of the chase comes in the voice of the woman fleeing her rape? When the beloved coolly returns the seducer's gaze? When tales of monstrous transfiguration are sung by those transformed? In voices both mythic and modern, *Wake, Siren* revisits each account of love, loss, rape, revenge, and change. It lays bare the violence that undergirds and lurks in the heart of Ovid's narratives, stories that helped build and perpetuate the distorted portrayal of women across centuries of art and literature. Drawing on the rhythms of epic poetry and alt rock, of everyday speech and folk song, of fireside whisperings and therapy sessions, Nina MacLaughlin, the acclaimed author of *Hammer Head*, recovers what is lost when the stories of women are told and translated by men. She breathes new life into these fraught and well-loved myths.

hunt worthy of an adventure novel—such is the register in which can be deciphered the hidden secrets of a poem like no other. Quentin Meillassoux, author of *After Finitude*, continues his philosophical interrogation of the concepts of chance, contingency, infinity, and eternity through a concentrated study of Mallarmé's poem "Un Coup de Dés," patiently deciphering its enigmatic meaning on the basis of a dazzlingly simple and lucid insight with regard to Mallarmé's "unique Number." The decisive point of the investigation proposed by Meillassoux comes with a discovery, unsettling and yet as simple as a child's game. The Number that "can be no other" can only be revealed to us via a secret code, hidden in the "Coup de dés" like a key that finally unlocks every one of its poetic devices. Thus is also unveiled the meaning of that

siren, emerging for a lightning-flash amongst the debris of the shipwreck: as the living heart of a drama that is still unfolding. With this bold new interpretation of Mallarmé's work, Meillassoux offers brilliant insights into modernity, poetics, secularism, and religion, and opens a new chapter in his philosophy of radical contingency. The volume contains the entire text of the "Coup de dés" and three other poems, with new English translations.
