2003-02

Letters from Oxford - Hugh Trevor-Roper 2007

Superbly readable and revealing letters, full of malice and gossip, from a master historian When they met in 1947 Trevor-Roper, a young historian at Christ Church, Oxford, was 33. Berenson, the world-famous art critic, was 82, frail but still intensely curious about the world. Trevor Roper

promised to write to him and his letters continued until Berenson's death in 1959. Elegantly constructed, beautifully and precisely written, they are shot through with high-octane malice, sharp judgements and blistering comments, and many wonderfully funny episodes. Trevor-Roper was an intellectual heavyweight, but subjects range widely: several brilliant set-pieces on Oxford college elections, books, journalism, publishing, politics (postwar Europe, ex-Nazis and collaborators, the Cold War, Suez, etc), history and history-writing, personal life (including marriage to Earl Haig's daughter Alexandra after her messy divorce), travel, gossip, and so on. He has a memorable journey on a pilgrims' bus in Persia, goes behind the Iron Curtain to meet Communist dignitaries and speeds in his glamorous grey Bentley to visit duchesses in the Scottish borders. Figures in the letters include Evelyn Waugh, Isaiah Berlin, A.L. Rowse, Anthony Eden, Gerald Brenan,

A.J.P.Taylor, Arnold Toynbee, Dimitri Shostakovitch, C.S. Lewis and Harold Macmillan. Icons and Saints of the Eastern Orthodox Church - Alfredo Tradigo 2006

Catalogues the heritage of images according to type and subject, from the ancient at the Monastery of Saint Catherine in the Sinai to those from Greece, Constantinople, and Russia. This book includes chapters such as role of icons in the Orthodox liturgy and on common iconic subjects, including the fathers and saints of the Eastern Church. *The Sanpaolo Art Collection* - Anna Coliva 2003

The Secret of the Alchemist - John Ward 2006-04-01

This new, value-priced edition of part one of the hugely successful international teen fantasy trilogy brings common pricing to all three novels in the trilogy. The Fate of the Stone trilogy has been licensed in 11 language editions for more than 250,000 copies under contract. In this first book, two teenagers meet at a

literary festival in Florence and begin a chase that leads them to Venice, Milan, London, and finally to Provence, where the gates of Hell open to allow a centuries-dead alchemist to return and allow the secret of the philosopher's stone to emerge. High quality writing and rave reviews of the author's work should make any parent with a literate teenager interested.

The Lance Thrower - Jack Whyte 2005-11-01

Jack Whyte has written a lyrical epic, retelling the myths behind the boy who would become the Man Who Would Be King--Arthur Pendragon. He has shown us, as Diana Gabaldon said, "the bone beneath the flesh of legend." In his last book in this series, we witnessed the young king pull the sword from the stone and begin his journey to greatness. Now we reach the tale itself--how the most shining court in history was made. Clothar is a young man of promise. He has been sent from the wreckage of Gaul to one of the few schools remaining, where logic and

rhetoric are taught along with battle techniques that will allow him to survive in the cruel new world where the veneer of civilization is held together by barbarism. He is sent by his mentor on a journey to aid another young man: Arthur Pendragon. He is a man who wants to replace barbarism with law, and keep those who work only for destruction at bay. He is seen, as the last great hope for all that is good. Clothar is drawn to this man, and together they build a dream too perfect to last--and, with a special woman, they share a love that will nearly destroy them all... The name of Clothar may be unknown to modern readers, for tales change in the telling through centuries. But any reader will surely know this heroic young man as well as they know the man who became his king. Hundreds of years later, chronicles call Clothar, the Lance Thrower, by a much more common name. That of Lancelot. At the Publisher's request, this title is being sold without Digital

A Song of Italy - Algernon Charles Swinburne 1867

Begum Barve - Satiśā Āḷekara 2003

In this unusual Marathi play the playwright weaves a complex narrative with just four characters Begum Barve, a small-time female impersonator who has spent his life playing bit roles in the professional Marathi theatre of the early twentieth century, his exploitative employer Shyamrao, and two clerks, Jawdekar and Bawdekar. Trapped between sensuous longings and the sordid reality of their humdrum existence, they seek redemption in make-believe. Layers of space and time interweave and overlap in this powerfully haunting play as dreams take shape only to turn into nightmares. Begum Barve in the original Marathi was directed by the playwright himself; it has also been performed in Hindi and Gujarati adaptations. This new edition supplements the text

with a critical essay and a note on the songs by Urmila Bhardikar, translator, critic, musicologist, vocalist and Reader, Department of English, Pune University; an interview with the playwright by Dr Shubhada Shelke, scholar and commentator on Marathi theatre, and a note by Amal Allana who directed the play in Hindi. Satish Alekar is Professor and Head, Lalit Kala Kendra, Pune University, and Vice-Chairman, National School of Drama, Nw Delhi. Shanta Gokhale, the translator is also a critic, playwright and author of *Playwright at the Centre: Marathi Drama from 1843 to the Present* (Seagull Books, Calcutta, 2000).

The Perfect Jesuit - Furio

Monicelli 2001

The beliefs and practices surrounding the meanings and symbols of the spirit world in Vietnam are explored in detail in this study on popular religion in the country. The author shows an abiding interest in the subconscious life at a grassroots level, alongside rational formations of cosmological understanding which effect politics and economics on a national scale. By bringing together oral histories, reports and fiction writing alongside more conventional documented sources, this book reveals an area of history which has been largely neglected.

Analysis of Happiness - W.

Tatarkiewicz 2011-12-21

Learned men have been wntmg about happiness since antiquity: from Greek times, there is Aristotle's treatise, included in the Nicomachean Ethics; from Roman, Seneca's De Vita Beata. Later came the Christian writings on this subject, especially another De Beata Vita, written by St. Augustine. The point of view is different from Aristotle's or Seneca's but the subject remains the same. In the Middle Ages also treatises on happiness were produced, and these eventually became part of the 'summae'. St. Thomas devoted q. 2-5 of the Prima Secundae to happiness and q. 3 1-39 bear on it indirectly. In more modern times works on happiness continued to be written. Some authors carried

on the Christian tradition which maintained that happiness is only attainable in the next world; to these belong the earliest works written in Polish. Other treatises - especially those of the Age of Reason - hold the opposite concept, that the only happiness man can expect is to be found on earth. In the 18th century there were so many of these treatises that it was possible to produce a whole anthology: *The Temple of Happiness*, or as it was originally called *Le Temple du bonheur, ou recueil des plus excellents traites sur le bonheur* (2nd ed. , 1770). *Microeconomics for Managers* - David M. Kreps 2004
Developed over a ten year period at the Stanford Business School, this textbook underscores the connections between microeconomics and business. Its full-length, integrated case studies reveal how economic models can yield answers to practical problems. *First Papers of Surrealism* - Coordinating Council of French Relief Societies, inc., New York
