Trade Like Warren Buffett - James Altucher 2005-04-08

"Trading is notoriously tough. But Altucher's new book adds anote-worthy addition to the library on Warren Buffett. He shows alot of Buffett that isn't readily available in the existing common literature. Definitely required reading for any serious Buffettbuff." -Kenneth L. Fisher, Forbes' "Portfolio Strategy" Columnist Founder and CEO, Fisher Investments
"Finally, someone blows apart the myth that Warren Buffett is a buy-and-hold investor. Altucher has given us an insightful and well-written commentary on how Buffett has amassed his track record, and what we can do to emulate him. He details the trade-by-trade examples. This is a must read for anyone wanting to learn about how the Master Investor works." -John Mauldin, author, Bull's Eye Investing editor of Thoughts from the Frontline (www.2000wave.com) While Warren Buffett is

considered the "world's greatest value investor," there's another side to Buffett that is rarely talked about. Although Buffett has gained recognition for his value investing approach to the markets, the fact is that nobody-over the past fifty years-has traded and invested with a more diverse group of strategies than Buffett. Trade Like Warren Buffett challenges the current coverage of this great investor by including details of all of Buffett's investing and trading methods, including mean reversion, commodities, bonds, arbitrage, market timing, funds, as well as Graham-Dodd. To augment the discussion of each strategy, Trade Like Warren Buffett also includes interviews with leading financial professionals, who reveal in detail how they've successfully used the same techniques. There is no one way to sum up Warren Buffett's investment style. But if you're interested in boosting the performance of

your portfolio, Trade Like Warren Buffett can show you how.

Warren Buffett Speaks - Janet Lowe 2007-09-24

When Warren Buffett Speaks. . . people listen. "If people want to improve their investing skills, it has to help to study how the Master does it. This short book outlines Buffett's philosophy and techniques." —Peter S.

Lynch, Fidelity Investments "Common sense with a deft irony . . ." —John C. Bogle, founder of The Vanguard Group and author, *The Little Book of Common Sense Investing* "It was Warren Buffett's thoughts and philosophy that first captivated investors. Janet Lowe has done us all a great service by collecting and arranging Warren Buffett's wit and wisdom in an easy-to-read and enjoyable book." —Robert G. Hagstrom, Portfolio Manager, Legg Mason Growth Trust mutual fund, and author, *The Warren Buffett Way, Second Edition* "A must-read. Buffett's wit and wisdom is a roadmap for anyone looking to succeed in business, investing, and life." —Steve Halpern, Editor, www.thestockadvisors.com

Security Analysis: The Classic 1934 Edition - Benjamin Graham 1934
Explains financial analysis techniques, shows how to interpret financial statements, and discusses the analysis of fixed-income securities and the valuation of stocks

Inside the Investments of Warren Buffett - Yefei Lu 2016-08-09

Since the 1950s, Warren Buffett and his partners have backed some of the twentieth century's most profitable, trendsetting companies. But how did they know they were making the right investments? What did Buffett and his partners look for in an up-and-coming company, and how can others replicate their approach? A gift to Buffett followers who have long sought a pattern to the investor's success, *Inside the Investments of Warren Buffett* presents the most detailed analysis to date of Buffett's long-term investment portfolio. Yefei Lu, an experienced investor, starts with Buffett's interest in the Sanborn Map Company in 1958 and tracks nineteen more of his major investments in companies like See's Candies, the Washington Post, GEICO, Coca-Cola, US Air, Wells Fargo, and IBM. Accessing partnership letters, company documents, annual reports, third-party references, and other original sources, Lu pinpoints what is unique about Buffett's timing, instinct, use of outside knowledge, and

postinvestment actions, and he identifies what could work well for all investors in companies big and small, domestic and global. His substantial chronology accounts for broader world events and fluctuations in the U.S. stock market, suggesting Buffett's most important trait may be the breadth of his expertise.

The Tao of Warren Buffett - Mary Buffett 2006-11-21

A collection of pithy and inspiring sayings from America's favorite businessman that reveal his secrets of success. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett -- author of three books on Warren Buffett's investment methods -- joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor -- large or small -- and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "With enough inside information and a million dollars, you can go broke in a year." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." *The Tao of Warren Buffett* inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This

irresistibly browsable and entertaining book is destined to become a classic.

The New Buffettology - Mary Buffett 2002-09-27

If you read the original Buffettology, you know exactly half of what you need to know to effectively apply Warren Buffett's investment strategies. Published in 1997, the bestselling Buffettology was written specifically for investors in the midst of a long bull market. Since then we've seen the internet bubble burst, the collapse of Enron, and investors scrambling to move their assets -- what remains of them -- back to the safety of traditional blue chip companies. As price peaks turned into troughs, worried investors wondered if there was any constant in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. The New Buffettology is the first guide to Warren Buffett's selective contrarian investment strategy for exploiting down stocks -- a strategy that has made him the nation's second-richest person. Designed to teach investors how to decipher and use financial information the way Buffett himself does, this book guides investors through opportunity-rich bear markets, walking them step-by-step through the equations and formulas Buffett uses to determine what to buy, what to sell -- and when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and again that his strategy has earned enormous profits at a time no one expects them to -- and with almost zero risk to his capital. In short, The New Buffettology is an essential companion to the original Buffettology, a road map to investment success in the worst of times.

Warren Buffett and the Interpretation of Financial Statements - Mary Buffett 2008-10-14

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Warren Buffett's successful perspective. Buffett and Clark clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham (*The Interpretation of Financial Statements*, 1937), this book presents Buffett's interpretation

of financial statements with anecdotes and quotes from the master investor himself. Potential investors will discover:

- Buffett's time-tested dos and don'ts for interpreting an income statement and balance sheet
- Why high research and development costs can kill a great business
- How much debt Buffett thinks a company can carry before it becomes too dangerous to touch
- The financial ratios and calculations that Buffett uses to identify the company with a durable competitive advantage -- which he believes makes for the winning long-term investment
- How Buffett uses financial statements to value a company
- What kinds of companies Warren stays away from no matter how cheap their selling price

Once readers complete and master Buffett's simple financial calculations and methods for interpreting a company's financial statement, they'll be well on their way to identifying which companies are going to be tomorrow's winners -- and which will be the losers they should avoid at all costs. Destined to become a classic in the world of investment books, *Warren Buffett and the Interpretation of Financial Statements* is the perfect companion volume to *The New Buffettology* and *The Tao of Warren Buffett*.

The Essays of Warren Buffett - Warren Buffett 2013

The author's annual letters to the stockholders of Berkshire Hathaway are edited to present the main themes regarding business, investing, price, value, corporate governance, and other important topics.

Charlie Munger - Tren Griffin 2015-09-15

Charlie Munger, Berkshire Hathaway's visionary vice chairman and Warren Buffett's indispensable financial partner, has outperformed market indexes again and again, and he believes any investor can do the same. His notion of "elementary, worldly wisdom"—a set of interdisciplinary mental models involving economics, business, psychology, ethics, and management—allows him to keep his emotions out of his investments and avoid the common pitfalls of bad judgment. Munger's system has steered his investments for forty years and has guided generations of successful investors. This book presents the essential steps of Munger's investing strategy, condensed here for the first time from interviews, speeches, writings, and shareholder letters,

and paired with commentary from fund managers, value investors, and business-case historians. Derived from Ben Graham's value-investing system, Munger's approach is straightforward enough that ordinary investors can apply it to their portfolios. This book is not simply about investing. It is about cultivating mental models for your whole life, but especially for your investments.

The Tao of Warren Buffett - Mary Buffett 2009-01-01

Like the sayings of the ancient Chinese philosopher Lao-tzu in the Tao Te Ching, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett joins noted Buffetologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest and most memorable sayings, with an eye towards revealing the life philosophies and the investment strategies that have made him the world's most successful investor -- and the world's richest man. From serious investors to chronic over-spenders, this book can teach everyone some secrets of success.

Winning the Money Game - Sean Seah 2010

One Thousand Ways to Make \$1000 - F. C. Minaker 2017-07-11

First published in 1936, *One Thousand Ways to Make \$1000* is the long out-of-print book that Warren Buffett's biographers credit with shaping the legendary investor's business acumen and giving him his trademark appreciation of compound interest. After pulling a copy of *One Thousand Ways* off a library shelf at age eleven and devouring F.C. Minaker's plucky and practical business advice, Buffett declared that he would be a millionaire by the time he was 35. Written in the immediate, conversational style of Dale Carnegie's *How to Win Friends and Influence People*, this book is full of inventive ideas on how to make money through excellent salesmanship, hard work, and resourcefulness. While some of the ideas may seem quaint today—goat dairying, manufacturing motor-driven chairs, and renting out billiard tables to local establishments are among the money-making ideas presented—the underlying fundamentals of business explained in these pages remain as solid as they were over seventy years ago. Covering a wide spectrum of

topics including investing, marketing, merchandising, sales, customer relations, and raising money for charity, *One Thousand Ways to Make \$1000* is both a durable, classic business book and a fascinating portrait of determined entrepreneurship in Depression-era America. Every effort has been made to reproduce the content exactly as it was originally presented.

Warren Buffett's Ground Rules - Jeremy C. Miller 2016-04-26

Using the letters Warren Buffett wrote to his partners between 1956 and 1970, a veteran financial advisor presents the renowned guru's "ground rules" for investing—guidelines that remain startlingly relevant today. In the fourteen years between his time in New York with value-investing guru Benjamin Graham and his start as chairman of Berkshire Hathaway, Warren Buffett managed Buffett Partnership Limited, his first professional investing partnership. Over the course of that time—a period in which he experienced an unprecedented record of success—Buffett wrote semiannual letters to his small but growing group of partners, sharing his thoughts, approaches, and reflections. Compiled for the first time and with Buffett's permission, the letters spotlight his contrarian diversification strategy, his almost religious celebration of compounding interest, his preference for conservative rather than conventional decision making, and his goal and tactics for bettering market results by at least 10% annually. Demonstrating Buffett's intellectual rigor, they provide a framework to the craft of investing that had not existed before: Buffett built upon the quantitative contributions made by his famous teacher, Benjamin Graham, demonstrating how they could be applied and improved. Jeremy Miller reveals how these letters offer us a rare look into Buffett's mind and offer accessible lessons in control and discipline—effective in bull and bear markets alike, and in all types of investing climates—that are the bedrock of his success. *Warren Buffett's Ground Rules* paints a portrait of the sage as a young investor during a time when he developed the long-term value-oriented strategy that helped him build the foundation of his wealth—rules for success every investor needs today.

The Warren Buffett Stock Portfolio - Mary Buffett 2011-12-13

The best-selling authors of *Warren Buffett and the Art of Stock Arbitrage* present an in-depth look at the stocks owned by Warren Buffett to explain why he has invested in them, sharing detailed case studies that reveal specific reasons each business has been declared good for long-term investments. 125,000 first printing.

The New Buffettology - Mary Buffett 2012-12-11

Published in 1997, the bestselling *BUFFETTOLOGY* was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as *THE NEW BUFFETTOLOGY* demonstrates, there is no time to acquire like today's bear market. *THE NEW BUFFETTOLOGY* is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the world's second richest person.

Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

Buffett Beyond Value - Prem C. Jain 2010-03-29

A detailed look at how Warren Buffett really invests In this engaging new book, author Prem Jain extracts Warren Buffett's wisdom from his writings, Berkshire Hathaway financial statements, and his letters to shareholders and partners in his partnership firms-thousands of pages written over the last fifty years. Jain uncovers the key elements of Buffett's approach that every investor should be aware of. With *Buffett Beyond Value*, you'll learn that, contrary to popular belief, Warren Buffett is not a pure value investor, but a unique thinker who combines

the principles of both value and growth investing strategies. You'll also discover why understanding CEOs is more important than studying financial metrics; and why you need an appropriate psychological temperament to be a successful investor. Reveals Buffett's multifaceted investment principles Discusses how Buffett thinks differently from others about portfolio diversification, market efficiency, and corporate governance Highlights how you can build a diverse and profitable investment portfolio With this book as your guide, you'll learn how to successfully invest like Warren Buffett.

The Interpretation of Financial Statements - Benjamin Graham 1998-05-06

"All investors, from beginners to old hands, should gain from the use of this guide, as I have." From the Introduction by Michael F. Price, president, Franklin Mutual Advisors, Inc. Benjamin Graham has been called the most important investment thinker of the twentieth century. As a master investor, pioneering stock analyst, and mentor to investment superstars, he has no peer. The volume you hold in your hands is Graham's timeless guide to interpreting and understanding financial statements. It has long been out of print, but now joins Graham's other masterpieces, *The Intelligent Investor* and *Security Analysis*, as the three priceless keys to understanding Graham and value investing. The advice he offers in this book is as useful and prescient today as it was sixty years ago. As he writes in the preface, "if you have precise information as to a company's present financial position and its past earnings record, you are better equipped to gauge its future possibilities. And this is the essential function and value of security analysis." Written just three years after his landmark *Security Analysis*, *The Interpretation of Financial Statements* gets to the heart of the master's ideas on value investing in astonishingly few pages. Readers will learn to analyze a company's balance sheets and income statements and arrive at a true understanding of its financial position and earnings record. Graham provides simple tests any reader can apply to determine the financial health and well-being of any company. This volume is an exact text replica of the first edition of *The Interpretation of Financial Statements*,

published by Harper & Brothers in 1937. Graham's original language has been restored, and readers can be assured that every idea and technique presented here appears exactly as Graham intended. Highly practical and accessible, it is an essential guide for all business people--and makes the perfect companion volume to Graham's investment masterpiece *The Intelligent Investor*.

[The Buffettology Workbook](#) - Mary Buffett 2001-02-21

Timeless Investing Strategies for Any Economy For five decades, Warren Buffett has been making himself one of the wealthiest men in the world, amassing more than 30 billion dollars by investing in the stock market. Remarkably, he did it by spurning popular Wall Street trends, adhering instead to his own unique discipline, one the world has come to know as Buffettology. In *The Buffettology Workbook*, internationally acclaimed writer and lecturer Mary Buffett has again joined forces with David Clark, the world's leading authority on Warren Buffett's investment methods, to create an in-depth, step-by-step guide to the concepts and equations Warren Buffett uses to create fantastic wealth. Here you will learn: The difference between a great company and a great undervalued company How the short-sightedness of Wall Street pundits can work to your advantage Where to look for investments with long-term, consistent, and extraordinary growth potential To perform the same financial calculations Buffett uses, and apply them to stocks you'd like to buy

Warren Buffett's Three Favorite Books - Preston Pysh 2011-09-15

This book IS: Completely interactive with over 10 hours of video content. A starting point for amateur and intermediate investors to finally understand the content found in *The Intelligent Investor*, *Security Analysis*, and *The Wealth of Nations*. Easy to understand, yet covers complex topics for stocks, bonds, and preferred shares. Did you know Warren Buffett, the world's wealthiest stock investor, is quoted as saying three books have shaped his investment philosophy? For more than half a century, he used the information provided in these three books to go from nothing - to a massive \$39 billion net worth. The three books that gave him this wisdom are: *The Wealth of Nations* (pub. 1776) by Adam Smith, *Security Analysis* (pub. 1934) by Benjamin Graham, and *The*

Intelligent Investor (pub. 1949), also by Benjamin Graham. In fact, Benjamin Graham was Buffett's professor at Columbia and the most influential financial advisor he ever had. So, have you ever tried reading Graham's books? Many might agree the books are as exciting as listening to Ben Stein read the 30th page of *The Wall Street Journal*. It is time we fixed that. Instead of keeping these billion-dollar secrets hidden behind thousands of pages of financial jargon, I wrote one simple guide - *Warren Buffett's Three Favorite Books*. If you're looking for a guide that explains how the wealthy really think and buy assets, you're in the right place. This isn't a get-rich-quick book. Instead, this is where your investing techniques take a turn in the road. This book will teach you how to accumulate assets and become very wealthy over decades of wise decisions and proper asset valuation. The best part about the book is the methods are taught in an easy-to-follow and understandable scenario for all to enjoy!

[Warren Buffett's Management Secrets](#) - Mary Buffett 2012-01-01

The book is divided into several sections covering Warren Buffett's personal business management: . *Managing one's life* - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting. . *Managing One's Career* - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . *Managing Employees* - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . *Managing the Business* - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . *Managing of Personal Money* - discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.

Buffettology - Mary Buffett 2012-12-11

At last, here is a book that reveals what the public really wants to know

about this legendary investor: how he determines where he puts his money. From a team with privileged insight, Mary Buffett, a savvy CEO and Warren Buffett's former daughter-in-law, and David Clarke, a successful portfolio analyst, comes *BUFFETTOLOGY*, the most detailed explanation ever of the billionaire's unique investment techniques. Using Warren Buffett's system to access a company's potential economic excellence and the right price to pay for its stock, *BUFFETTOLOGY* demonstrates the actual mathematical models and equations, revolving around three variables: the yearly per share earnings figure, its predictability, and the market price of security. With *BUFFETTOLOGY*, individual investors will come to truly understand, and emulate, Warren Buffett's masterful insight, and see that investment is most intelligent when it is most businesslike.

The Warren Buffett Portfolio - Robert G. Hagstrom 2000-11-20

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next logical step, revealing how to profitably manage stocks once you select them. *THE WARREN BUFFETT PORTFOLIO* will help you through the process of building a superior portfolio and managing the stocks going forward. Building a concentrated portfolio is critical for investment success. *THE WARREN BUFFETT PORTFOLIO* introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a concentrated group of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his stocks

in a focus portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build and manage a portfolio to achieve the best possible results.

Warren Buffett and the Art of Stock Arbitrage - Mary Buffett 2010-11-09
For the first time ever, discover how Warren Buffett has made unheard-of profits in the world of arbitrage and special investments, and how to be a player in these ventures. Investors around the world recently learned that from 1980 through 2003 Warren Buffett's arbitrage operations produced an astronomical average annualized rate of return of 81.28%. Even more amazing, this incredible rate of return was produced with very low rates of risk. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood, these special types of investments have been the edge that made Warren Buffett so phenomenally successful. *Warren Buffett and the Art of Stock Arbitrage* is the first book to examine Buffett's special brand of arbitrage investing. Buffettologists Mary Buffett and David Clark explore the previously secret domain of Warren Buffett's stock arbitrage investments. They explain how Buffett finds deals, evaluates them, picks the winners from the losers, and when he is willing to use leverage to help boost his performance in these investments to make amazing profits. Basic mathematical equations are included to help readers determine the projected rate of return, evaluate risk, and determine the probability of the deal being a success. Buffett and Clark provide detailed explanations and examples of Warren Buffett's methods for arbitrage, and for investing in tender offers, liquidations, spin-offs, and reorganizations. They take readers step by step from the initial public announcement to tendering shares, explaining how Buffett evaluates risk and maximizes his profit at every step. *Warren Buffett and the Art of Stock Arbitrage* is a valuable companion to the other books in Buffett and Clark's successful series—*Buffettology*, *The Buffettology Workbook*, *The New Buffettology*, *The Tao of Warren Buffett*, *Warren Buffett and the Interpretation of Financial Statements*, and *Warren Buffett's Management Secrets*.

My Warren Buffett Bible - Robert L. Bloch 2016-04-07

The 'Sage of Omaha', Warren Buffett, is well-known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. My Warren Buffett Bible contains nearly three hundred quotes that Bloch has personally found to be indispensable to financial success. With the written blessing of Buffett himself, Bloch has selected the best of Buffett, wisdom that will guide you to becoming the most disciplined and rational long-term investor you can be.

Damn Right! - Janet Lowe 2000-10-30

Praise for *Damn Right!* From the author of the bestselling WARREN BUFFETT SPEAKS. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of *The Essays of Warren Buffett: Lessons for Corporate America* "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of *The Warren Buffett Way* "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that

he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." - RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful." -TIMOTHY P. VICK, Money Manager and Author of *How to Pick Stocks Like Warren Buffett*
Buffettology - David Clark 1999-03-19

In the world of investing, the name Warren Buffett is synonymous with success and prosperity. Learn how Warren Buffett did it—and how you can too. Building from the ground up, Buffett chose wisely and picked his stocks with care, in turn amassing the huge fortune for which he is now famous. Mary Buffett, former daughter-in-law of this legendary financial genius and a successful businesswoman in her own right, has teamed up with noted Buffettologist David Clark to create *Buffettology*, a one-of-a-kind investment guide that explains the winning strategies of the master. * Learn how to approach investing the way Buffett does, based on the authors' firsthand knowledge of the secrets that have made Buffett the world's second wealthiest man * Use Buffett's proven method of investing in stocks that will continue to grow over time * Master the straightforward mathematical equipments that assist Buffett in making investments * Examine the kinds of companies that capture Buffett's interest, and learn how you can use this information to make your own investment choices of the future Complete with profiles of fifty-four "Buffett companies" -- companies in which Buffett has invested and which the authors believe he continues to follow -- *Buffettology* can show any investor, from beginner to savvy pro, how to create a profitable portfolio.

The Complete Financial History of Berkshire Hathaway - Adam J. Mead 2021-04-13

For the first time the complete financial history of Berkshire Hathaway is available under one cover in chronological format. Beginning at the origins of the predecessor companies in the textile industry, the reader can examine the development of the modern-day conglomerate year-by-

year and decade-by-decade, watching as the struggling textile company morphs into what it has become today. This comprehensive analysis distills over 10,000 pages of research material, including Buffett's Chairman's letters, Berkshire Hathaway annual reports and SEC filings, annual meeting transcripts, subsidiary financials, and more. The analysis of each year is supplemented with Buffett's own commentary where relevant, and examines all important acquisitions, investments, and other capital allocation decisions. The appendices contain balance sheets, income statements, statements of cash flows, and key ratios dating back to the 1930s, materials brought together for the first time. The structure of the book allows the new student to follow the logic, reasoning, and capital allocation decisions made by Warren Buffett and Charlie Munger from the very beginning. Existing Berkshire shareholders and long-time observers will find new information and refreshing analysis, and a convenient reference guide to the decades of financial moves that built the modern-day respected enterprise that is Berkshire Hathaway.

The Tao of Warren Buffett - Mary Buffett 2006-11-21

A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of Buffettology and The New Buffettology. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports,

profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." *The Tao of Warren Buffett* inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic.

El Tao de Warren Buffet - Mary Buffett 2007-11

Los éxitos de Warren Buffett como inversor no tienen comparación. Sus logros se basan en la dedicación, la integridad y un ingrediente muy escaso, el sentido común. Las citas de este libro reflejan las estrategias prácticas de Buffett y ofrece ejemplos y modelos útiles para cualquier tipo de inversor, sea grande o pequeño. Las reflexiones y consejos proceden de diferentes fuentes, incluyendo conversaciones personales, informes corporativos y entrevistas. *El Tao de Warren Buffett* inspira, contribuye a agudizar la mente y ofrece una sabiduría que será de enorme utilidad para todos los inversores. "Si para ser un gran inversor fueran necesarios el cálculo y el álgebra, yo tendría que volver a repartir periódicos." *De El tao de Warren Buffett*

The Great Mental Models: General Thinking Concepts - Farnam Street 2019-12-16

The old saying goes, "To the man with a hammer, everything looks like a nail." But anyone who has done any kind of project knows a hammer often isn't enough. The more tools you have at your disposal, the more likely you'll use the right tool for the job - and get it done right. The same is true when it comes to your thinking. The quality of your outcomes depends on the mental models in your head. And most people are going through life with little more than a hammer. Until now. *The Great Mental Models: General Thinking Concepts* is the first book in *The Great Mental*

Models series designed to upgrade your thinking with the best, most useful and powerful tools so you always have the right one on hand. This volume details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making, productivity, and how clearly you see the world. You will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage, rather than fight with them or worse yet- ignore them.

Upgrade your mental toolbox and get the first volume today. AUTHOR BIOGRAPHY Farnam Street (FS) is one of the world's fastest growing websites, dedicated to helping our readers master the best of what other people have already figured out. We curate, examine and explore the timeless ideas and mental models that history's brightest minds have used to live lives of purpose. Our readers include students, teachers, CEOs, coaches, athletes, artists, leaders, followers, politicians and more. They're not defined by gender, age, income, or politics but rather by a shared passion for avoiding problems, making better decisions, and lifelong learning. AUTHOR HOME Ottawa, Ontario, Canada

Warren Buffett's Management Secrets - Mary Buffett 2010-02-18

The book is divided into several sections covering Warren Buffett's personal business management: . Managing one's life - focuses on Buffett's insistence on a good education, picking one's heroes early in life, and staying away from things that damage you personally. The authors also discuss Buffett's belief that challenges make life interesting.

. Managing One's Career - Buffett believes that you should work at something that you are passionate about. Do what you like and you will find a way to make money. Do what you hate and you will be miserable even if you are rich. . Managing Employees - place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. . Managing the Business - Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. . Managing of Personal Money - discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.

How to Pick Stocks Like Warren Buffett: Profiting from the Bargain Hunting Strategies of the World's Greatest Value Investor

- Timothy Vick 2000-09-13

A \$10,000 investment in Warren Buffett's original 1956 portfolio would today be worth a staggering \$250 million ... after taxes! What are his investing secrets? How to Pick Stocks Like Warren Buffett contains the answers and shows, step-by-profitable-step, how any investor can follow Buffett's path to consistently find bargains in all markets: up, down, or sideways. How to Pick Stocks Like Warren Buffett sticks to the basics: how Buffett continually finds bargain stocks passed over by others.

Written by an actual financial analyst who uses Buffett's strategies professionally, this tactical how-to book includes: Comprehensive financial tools and information Strategy-packed "Buffett in action" boxes Buffett's own stock portfolio continually updated on the author's website!

The Theory of Investment Value - John Burr Williams 2012-06-22

Why the book is interesting today is that it still is important and the most authoritative work on how to value financial assets. "Williams combined original theoretical concepts with enlightening and entertaining commentary based on his own experiences in the rough-and-tumble world of investment." Williams' discovery was to project an estimate that offers intrinsic value and it is called the 'Dividend Discount Model' which is still used today by professional investors on the institutional side of markets.

The Essays of Warren Buffett - Lawrence A. Cunningham 2013-03-15

In the third edition of this international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option valuation models.

Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to sharpen their payoff. Buffett - Roger Lowenstein 2013-07-24

Since its hardcover publication in August of 1995, Buffett has appeared on the Wall Street Journal, New York Times, San Francisco Chronicle, Los Angeles Times, Seattle Times, Newsday and Business Week bestseller lists. Starting from scratch, simply by picking stocks and companies for investment, Warren Buffett amassed one of the epochal fortunes of the twentieth century—an astounding net worth of \$10 billion, and counting. His awesome investment record has made him a

cult figure popularly known for his seeming contradictions: a billionaire who has a modest lifestyle, a phenomenally successful investor who eschews the revolving-door trading of modern Wall Street, a brilliant dealmaker who cultivates a homespun aura. Journalist Roger Lowenstein draws on three years of unprecedented access to Buffett's family, friends, and colleagues to provide the first definitive, inside account of the life and career of this American original. Buffett explains Buffett's investment strategy—a long-term philosophy grounded in buying stock in companies that are undervalued on the market and hanging on until their worth invariably surfaces—and shows how it is a reflection of his inner self.

A Few Lessons for Investors and Managers - Peter Bevelin 2012

University of Berkshire Hathaway - Daniel Pecaut 2017-03

Each year, for thirty years, two veteran investment advisors attended Berkshire Hathaway's Annual Shareholders Meeting. After each meeting, they chronicled Warren Buffett and Charlie Munger's best lessons from that year. This book compiles those thirty years of wisdom for the first time.

Tao of Charlie Munger - David Clark 2017-01-03

Words of wisdom from Charlie Munger—Warren Buffett's longtime business partner and the visionary Vice Chairman of Berkshire Hathaway—collected and interpreted with an eye towards investing by David Clark, coauthor of the bestselling Buffettology series. Born in Omaha, Nebraska in 1924 Charlie Munger studied mathematics at the University of Michigan, trained as a meteorologist at Cal Tech Pasadena while in the Army, and graduated magna cum laude from Harvard Law School without ever earning an undergraduate degree. Today, Munger is one of America's most successful investors, the Vice Chairman of Berkshire Hathaway, and Warren Buffett's business partner for almost forty years. Buffett says "Berkshire has been built to Charlie's blueprint. My role has been that of general contractor." Munger is an intelligent, opinionated business man whose ideas can teach professional and amateur investors how to be successful in finance and life. Like The Tao

of Warren Buffett and *The Tao of Te Ching*, *The Tao of Charlie Munger* is a compendium of pithy quotes including, "Knowing what you don't know is more useful than being brilliant" and "In my whole life, I have known no wise people who didn't read all the time—none, zero." This collection, culled from interviews, speeches, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offers insights into Munger's amazing financial success and life philosophies. Described by Business Insider as "sharp in his wit and investing wisdom," Charlie Munger's investment tips, business philosophy, and rules for living are as unique as his life story; intelligent as he clearly is; and as successful as he has been.

The Essays of Warren Buffett - Warren Buffett 2021

As in previous editions of *The Essays of Warren Buffett*, this one retains the architecture and philosophy of the original edition but adds selections from Warren Buffett's most recent annual shareholder letters. All the letters are woven together into a fabric that reads as a complete and coherent narrative of a sound business and investment philosophy. As an aid to all readers, and to enable readers of the previous editions to see what is new in this one, a disposition table at the end of the book shows the various places in this collection where selections from each year's letter appear. Footnotes throughout indicate the year of the

annual report from which essays are taken. To avoid interrupting the narrative flow, omissions of text within excerpts are not indicated by ellipses or other punctuation. This new edition is called for not because anything has changed about the fundamentals of Buffett's sound business and investment philosophy but because articulation of that philosophy is always delivered in the context of contemporary events and business conditions so periodic updating is warranted to maintain its currency
The Warren Buffett CEO - Robert P. Miles 2003-04-18

"Everyone knows Warren is the greatest investor of our time. . . . This book for the first time captures his genius as a manager." —Jack Welch
The first book to reveal the investment and management strategies of the Berkshire Hathaway all-star management team. Much has been written about Warren Buffett and his investment philosophy; little has been made public about the inside management of Berkshire Hathaway. With a market cap exceeding 100 billion, Berkshire Hathaway has a market value surpassing many icons of American business such as Dell, AT&T, Disney, Ford, Gillette, American Express, and GM. Drawing on his personal experiences as well as those of Berkshire's chief executives, officers, and directors interviewed for this book, Berkshire insider Robert P. Miles provides a unique look at the Berkshire Hathaway culture and its management principles.
