Quicklets: Learn More. Read Less. The Road was written by Cormac McCarthy, a prolific writer with several acclaimed novels to his credit. McCarthy was born in Rhode Island on July 20, 1933. His given name was Charles McCarthy, his father's name, but he changed it to Cormac, meaning "son of Charles, so as not to be confused with his father. McCarthy published his first novel, *The Orchard Keeper*, in 1965, and received the William Faulkner Award. In 1979, he published his novel *Suttree* after struggling with it for 20 years. It's argued that this was his best novel and he's never surpassed it. The Road - Cormac McCarthy 2019-03-07

The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the

wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, *The Road* is an incandescent novel, the story of a remarkable and profoundly moving journey. The Crossing - Cormac McCarthy 1995-03-14

NATIONAL BESTSELLER • The second volume of the award-winning *Border Trilogy*—from the Pulitzer Prize-winning author of *The Road*—fulfills the promise of *All the Pretty Horses* and at the same time give us a work that is darker and more visionary, a novel with the unstoppable momentum of a classic western and the elegaic power of a lost American myth. In the late 1930s, sixteen-year-old Billy Parham captures a she-wolf that has been marauding his family's ranch. But instead of killing it, he decides to take it back to the mountains of Mexico. With that crossing, he begins an arduous and often dreamlike journey into a country where men meet ghosts and violence strikes as suddenly as heat-lightning—a world where there is no order "save that which death has put there." An essential novel by any measure, *The Crossing* is luminous and appalling, a book that touches, stops, and starts the heart and mind at once. Look for Cormac McCarthy's new novel, *The Passenger*.

The Gardener's Son - Cormac McCarthy 2014-12-09

The screenplay for McCarthy's classic film, bearing in full measure his gift—the ability to fit complex and universal emotions into ordinary lives and still preserve all of their power and significance In the spring of 1975 the film director Richard Pearce approached Cormac McCarthy with a screenplay idea. Though already a widely acclaimed novelist, the author of such modern classics as *The Orchard Keeper* and *Child of God*, McCarthy had never before written a screenplay. Using a few photographs in the footnotes to a 1928 biography of a famous pre-Civil War industrialist as inspiration, McCarthy and Pearce roamed the mill towns of the South researching their subject. A year later McCarthy finished *The Gardener's Son*, a taut, riveting drama of impotence, rage, and violence spanning two generations of mill owners and workers, fathers and sons, during the rise and fall of one of America's most bizarre utopian industrial experiments. Produced as a two-hour film and broadcast on PBS in 1976, *The Gardener's Son* received two Emmy Award nominations and was shown at the Berlin and Edinburgh Film Festivals. Set in Graniteville, South Carolina, *The Gardener's Son* is the tale of two families: the wealthy Greggs, who own and operate the local cotton mill, and the McEvoy's, a family of mill workers beset by misfortune. The action opens as Robert McEvoy, a young mill worker, is having his leg amputated after an accident rumored to have been caused by James Gregg, the son of the mill's founder. Crippled and consumed by bitterness, McEvoy deserts both his job and his family. Returning two years later at the news of his mother's terminal illness, McEvoy arrives only to confront the grave diggers preparing her final resting place. His father, the mill's gardener, is now working on the factory line, the gardens forgotten. These proceedings stoke the slow-burning rage McEvoy carries within him, a fury that will ultimately consume both families.

The Slavery of Death - Richard Beck 2013-12-23

According to Hebrews, the Son of God appeared to "break the power of him who holds the power of death—that is, the devil—and free those who all their lives were held in slavery by their fear of death." What does it mean to be enslaved, all our lives, to the fear of death? And why is this fear described as "the power of the devil"? And most importantly, how are we—as individuals and as faith communities—to be set free from this slavery to death? In another creative interdisciplinary fusion, Richard Beck blends Eastern Orthodox perspectives, biblical text, existential psychology, and contemporary theology to describe our slavery to the fear of death, a slavery rooted in the basic anxieties of self-preservation and the neurotic anxieties at the root of our self-esteem. Driven by anxiety—enslaved to the fear of death—we are revealed to be morally and spiritually vulnerable as "the sting of death is sin." Beck argues that in the face of this predicament, resurrection is experienced as liberation from the slavery of death in the martyrological, eccentric, cruciform, and communal capacity to overcome fear in living fully and sacrificially for others.

No Country for Old Men - Cormac McCarthy 2007-11-29

From the bestselling, Pulitzer Prize-winning author of *The Road* comes a "profoundly disturbing and gorgeously rendered" novel (*The Washington Post*) that returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph. Look for Cormac McCarthy's new novel, *The Passenger*.

The Cambridge Companion to Cormac McCarthy - Steven Frye 2013-04-22

The contributors, an international team of McCarthy scholars, analyze some of the most well-known and commonly taught novels - *Outer Dark*, *Blood Meridian*, *All the Pretty Horses* and *The Road* - while providing detailed treatments of McCarthy's work in cinema, including the many adaptations of his novels to film. Cormac McCarthy's "The Road". Social Interactions and Social Relations - Sebastian Simbeck 2018-11-19

Seminar paper from the year 2014 in the subject English - Literature, Works, grade: 3,3 (1,3), University of Paderborn (Institut für Anglistik und Amerikanistik), course: "It's 'the end of the world' as we know it": The Apocalypse and other End-of-the-World Narratives, language: English, abstract: In this essay I'd like to take a look at social interactions of individuals who find themselves in a world where known values, beliefs and rules seem to be invalid and where the individual survival seems to be the only aim to strive for. But is

survival the only need of people? The Road, with its cold, bitter and ashen world, where ethics and morale are lost, where “society”, as we know it, is completely absent is a good basis for this research. “Maybe you’ll be good at this. I doubt it, but who knows. The one thing I can tell you is that you won’t survive for yourself. I know because I would never have come this far. A person who had no one would be well advised to cobble together some passable ghost. Breathe it into being and coax it along with words of love. Offer it each phantom crumb and shield it from harm with your body.” (McCarthy, *The Road*) “Action is rational in so far as it pursues ends possible within the conditions of the situation, and by means, which, among those available to the actor, are intrinsically best adapted to the end for reasons(...).” (Parsons, 1937) These two epigraphs, the first from Cormac McCarthy’s “*The Road*” and the second from Parsons “*Structure of Social Action*” give us a slight hint about the importance of social relations and interactions and their outcomes. As a consumer of this kind of post-apocalyptic media you’re thrown into these settings by either waking up from a dream or by regaining consciousness. The setting and the “new world order” are already fixed. Either people try to survive for their own while searching and hoping for “others” in order to have a higher chance of surviving, or they are already a part of a community which fights against others in order to survive. In both cases, on the other hand, those “communities” already do exist and in both cases it’s always a question of the “good” against the “bad”. While dealing with post-apocalyptic media several questions came to my mind. How came those communities and groupings and into being? Which role do social interactions and social relations play in order to form a new kind of social system(s), after the (previous-) known world-order got destroyed by an apocalyptic event? Social sciences usually deal with the reasons of social interactions and relations. But they depend on existent fixed social values, rules, laws, morale and religious believes, since those aspects influence the actions of each and every individual.

Songbirds - Christy Lefteri 2021

"From the prize-winning author of *The Beekeeper of Aleppo*, a stunning novel about the disappearance of a Sri Lankan nanny and how the most vulnerable people find their voices. "It began with a crunch of leaves and earth. So early, so cold, the branches shone with ice. I'd returned to collect the songbirds. They are worth more than their weight in gold." Yiannis is a poacher, trapping the tiny protected songbirds that stop in Cyprus as they migrate each year from Africa to Europe and selling them on the black market. He dreams of finding a new way of life, and of marrying Nisha, who works on the island as a nanny and maid--having left her native Sri Lanka to try to earn enough to support her daughter, left behind and raised by relatives. But Nisha has vanished; one evening, she steps out on a mysterious errand and doesn't return. The police write off her disappearance as just another runaway domestic worker, so her employer, Petra, undertakes the investigation. Petra's unravelling of Nisha's last days in Cyprus lead her to Nisha's friends--other maids in the neighborhood--and to the darker side of a migrant's life, where impossible choices leave them vulnerable, captive, and worse. Based on the real-life disappearance of domestic workers in Cyprus, Christy Lefteri has crafted a poignant, deeply empathetic narrative of the human stories behind the headlines. With infinite tenderness and skill, *Songbirds* offers a triumphant story of the fight for truth and justice, and of women reclaiming their lost voices"--

The Road - Cormac McCarthy 2007-03-20

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

Interior Chinatown - Charles Yu 2020-11-17

A delicious, ambitious Hollywood satire" (The Washington Post). A deeply personal novel about race, pop culture, immigration, assimilation, and escaping the roles we are forced to play. Willis Wu doesn't perceive himself as the protagonist in his own life: he's merely Generic Asian Man. Yet every day, he leaves his tiny room in a Chinatown SRO and enters the Golden Palace restaurant, where *Black and White*, a procedural cop show, is in perpetual production. He's a bit player here, too, but he dreams of being Kung Fu Guy—the most respected role that anyone who looks like him can attain. Or is it? After stumbling into the spotlight, Willis finds himself launched into a wider world than he's ever known, discovering not only the secret history of Chinatown, but the buried legacy of his own family. Infinitely inventive and deeply personal, exploring the themes of pop culture, assimilation, and immigration—*Interior Chinatown* is Charles Yu's most moving, daring, and masterful novel yet.

The Road - Cormac McCarthy 2007-01

A man and his young son traverse a blasted American landscape, covered with the ashes of the late world. The man can still remember the time before but not the boy. There is nothing for them except survival, and the precious last vestiges of their own humanity. At once brutal and tender, despairing and hopeful, spare of language and profoundly moving, *The Road* is a fierce and haunting meditation on the tenuous divide between civilization and savagery, and the essential sometime terrifying power of filial love. It is a masterpiece.

The Sunset Limited - Cormac McCarthy 2010-08-11

From the bestselling, Pulitzer Prize-winning author of *The Road*—a startling encounter on a New York subway platform leads two strangers to a run-down tenement where a life or death decision must be made. In that small apartment, “Black” and “White,” as the two men are known, begin a conversation that leads each back through his own history, mining the origins of two fundamentally opposing world views. White is a professor whose seemingly enviable existence of relative ease has left him nonetheless in despair. Black, an ex-con and ex-addict, is the more hopeful of the men—though he is just as desperate to convince White of the power of faith as White is desperate to deny it. Their aim is no less than this: to discover the meaning of life. Deft, spare, and full of artful tension, *The Sunset Limited* is a beautifully crafted, consistently thought-provoking, and deceptively intimate work by one of the most insightful writers of our time.

The Role of Morals in Cormac McCarthy's "The Road" - Charlotte Bahr 2013-09-06

Seminar paper from the year 2011 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Würzburg, language: English, abstract: *The Road*, Cormac McCarthy's tenth and Pulitzer Prize winning novel, tells the story of an unnamed man and his son, trying to survive in the aftermath of a nuclear catastrophe that left Earth stuck in atomic winter, where nearly all animals and plants are extinct, ashes are falling from the sky and the ground is burned and barren. Following the road throughout the country their goal is to reach the coast in hope for a better future. On their way they constantly struggle with starvation, sickness and the threat of thieves and cannibals that roam the road. Except for some clothes and the food they find in abandoned houses and supermarkets, they have nothing but each other to hold on to. The novel follows these two characters on their journey through a post-apocalyptic America, seeing how the catastrophe ripped apart civilization and turned most of the people that are still alive into cannibalistic savages that do anything to survive and have practically abandoned any kind of moral. In contrast to that, the man and his son still follow a moral code, albeit the father doesn't follow it as strictly as the son does. But in an environment like this, where people do whatever it takes to ensure their survival, having morals and values gets the man and his son in several dangerous situations, yet they stick to their believes and insist that they are the “good guys” in a world full of “bad guys”. In this seminar paper I will discuss the role of morals in the novel, especially in the lives of the man, his son and the savages they encounter on their way. Where does the faith in these morals come from? In what situations does the father abandon this code and why? I will also consider the advantages and disadvantages that morals and values have for the two and why they still insist, even after witnessing some

extremely brutal situations, to continue “carrying the fire” through a world where the human race is on the verge of extinction and even God seems to not care anymore. Is there any hope left for a world where morals could mean something again or do the man and his son ultimately fight for a lost cause?

Cities of the Plain - Cormac McCarthy 2010-08-11

In this final volume of The Border Trilogy, two men marked by the boyhood adventures of All the Pretty Horses and The Crossing now stand together, in the still point between their vivid pasts and uncertain futures, to confront a country changing or already changed beyond recognition. In the fall of 1952, John Grady Cole and Billy Parham—nine years apart in age, yet with a kinship greater than perhaps they know—are cowboys on a New Mexico ranch encroached upon from the north, at Alamogordo, by the military. To the south, always on the horizon are the mountains of Mexico, looming over El Paso, Ciudad Juárez and all the cities of the plain. Bound by nature to horses and cattle and range, these two discover that ranchlife domesticity is compromised, for them and the men they work with, by a geometry of loss afflicting old and young alike, those who have survived it and anyone about to try. And what draws one of them across the border again and again, what would bind “those disparate but fragile worlds,” is a girl seized by ill fortune, and a love as dangerous as it is inevitable. This story of friendship and passion is enfolded in a narrative replete with character and place and event—a blind musician, a marauding pack of dogs, curio shops and ancient petroglyphs, a precocious shoe-shine boy, trail drives from the century before, midnight on the highway—and with landforms and wildlife and horses and men, most of all men and the women they love and mourn, men and their persistence and memories and dreams. With the terrible beauty of Cities of the Plain—with its magisterial prose, humor both wry and out-right, fierce conviction and unwavering humanity—Cormac McCarthy has completed a landmark of our literature and times, an epic that reaches from tales of the old west, the world past, into the new millennium, the world to come.

Imagery in "The Road" by Cormac McCarthy - Shafaq Sabeeh 2020-11-25

Essay from the year 2013 in the subject Didactics - English - Literature, Works, , language: English, abstract: The Road, a novel by Cormac McCarthy is set after a calamity that has swept away the whole world and has left only a few people on this planet. Among these people are ‘the man’ and ‘the boy’ who represent goodness in this wrecked and cannibalistic world. McCarthy builds the horrific environment in the novel through ‘imagery’. This research paper aims to explore both descriptive and figurative language with the help of which the writer employs the technique of imagery in the novel. The writer makes use of descriptive language, with the purpose of creating vivid scenes that appeal to the senses of the reader. This type of imagery integrates five senses – vision, auditory, gustatory, kinesthetic and olfactory. This kind of imagery has been crafted by the writer to exhibit various themes of the novel. Different and opposed themes are knitted as well as juxtaposed in an artistic way. McCarthy uses figurative language as he blends literary devices like symbolism, personification, metaphors and similes very well to create this language which gives a simple prose a poetic touch and makes it sensitive. It appeals to the senses of the reader and invokes feelings and emotions in the readers. These literary devices are significant in changing the literal meaning of the words and non literal meaning is comprehended by analyzing the images and symbols that the writer uses. McCarthy’s craftsmanship is revealed in analysis of these two forms of language that create horrifying and shocking images of the ruined world yet make the prose striking and attractive to the readers.

We Don't Know Ourselves: A Personal History of Modern Ireland - Fintan O'Toole 2022-03-15

“[L]ike reading a great tragicomic Irish novel.” —James Wood, The New Yorker “Masterful . . . astonishing.” —Cullen Murphy, The Atlantic “A landmark history . . . Leavened by the brilliance of O'Toole's insights and wit.” —Claire Messud, Harper’s Winner • 2021 An Post Irish Book Award — Nonfiction Book of the Year • from the judges: “The most remarkable Irish nonfiction book I’ve read in the last 10 years”; “[A] book for the ages.” A celebrated Irish writer’s magisterial, brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world. Fintan O’Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were

leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In We Don’t Know Ourselves, O’Toole, one of the Anglophone world’s most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary “backwater” to an almost totally open society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O’Toole served as an altar boy and attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far from his own experience, given that Ireland’s main export was beef and it was still not unknown for herds of cattle to clatter down Dublin’s streets. Yet the Westerns were a sign of what was to come. O’Toole narrates the once unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O’Toole’s telling, America became a lodestar, from John F. Kennedy’s 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O’Toole in coruscating prose captures the peculiar Irish habit of “deliberate unknowing,” which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years in the making, We Don’t Know Ourselves is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.

The Stonemason - Cormac McCarthy 1995-08-01

From the Pulitzer Prize-winning author of The Road and the bestselling Border Trilogy comes a taut, expansively imagined drama about four generations of an American family. The setting is Louisville, Kentucky, in the 1970s. The Telfairs are stonemasons and have been for generations. Ben Telfair has given up his education to apprentice himself to his grandfather, Papaw, a man who knows that "true masonry is not held together by cement but...by the warp of the world." Out of the love that binds these two men and the gulf that separates them from the Telfairs who have forsaken—or dishonored—the family trade, Cormac McCarthy has crafted a drama that bears all the hallmarks of his great fiction: precise observation of the physical world; language that has the bite of common speech and the force of Biblical prose; and a breathtaking command of the art of storytelling.
