[The Next Millionaire Next Door](#) - Thomas J. Stanley, Ph.D. 2018-10-01

Is the millionaire next door still out there today? The latest research from Dr. Thomas J. Stanley and his daughter, Dr. Sarah Stanley Fallaw, confirms that, yes, the millionaire next door is alive and well. And he's achieving his financial objectives much the same way he always has: by living below his means, being a contrarian in a maelstrom of hyper-consumption, and being disciplined in reaching his financial goals. The book examines wealth in America 20 years after Dr. Stanley's groundbreaking work on self-made affluence. While a new generation of household financial managers are being inundated with the proliferation of financial advice, *The Next Millionaire Next Door* provides readers with an analysis of what it takes to achieve wealth with data-based conclusions and evidence from those who have built wealth on their own over the last two decades. In this current work, the authors detail how specific decisions, behaviors, and characteristics align with the discipline of wealth building, covering areas such as consumption, budgeting, careers, investing, and financial management in general. Through case studies, survey research, and a careful examination of quantitative studies of wealth, the authors illustrate what it takes to achieve financial success today, regardless of market conditions or rising costs.

Almost Alchemy - Dan S. Kennedy 2019-10-23

CHANGE YOUR MATH CHANGE YOUR BUSINESS CHANGE YOUR LIFE *Almost Alchemy* challenges your existing beliefs and self-imposed limitations--forcing you to re-imagine, reinvent, and reorganize your business to achieve and exceed goals in a systematic and sustainable way. In this radical new book, Dan Kennedy destroys the myth that "Knowledge is Power" by exposing 20 different proven strategies to ensure business sustainability and maximize wealth extraction. It is thought-provoking, cage-rattling and mind blowing all in one. *Alchemy* isn't writing slightly better copy or tweaking your marketing to take advantage of some new media or some other hot trend. Instead, it's about reinventing the way you think about your business, recognizing the "brutal realities" that few dare to embrace or refuse to even recognize... and turning information into ACTION and PROFIT. In its mythical context, *Alchemy* was about one thing and one thing only: transforming ordinary metals into gold. And like thousands of others, you may start this book thinking you're in an ordinary business and finish realizing you instead have a different, bigger, better, more valuable one.
