Give Me Liberty! An American History - Eric Foner 2016-09-15

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, *Give Me Liberty!* delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

History Textbooks - American Textbook Council 1994

Based on expert review and research, this book provides an innovative standard and guide to social studies textbooks used in kindergarten through 12th grade classrooms for content, style, and design. The standards provide a foundation for individuals to select satisfactory textbooks and to help educators and school boards in the adoption of instructional materials. Chapter 1 addresses the problems of textbook content and style. Chapter 2 discusses the vast business of social studies publishing and the increased complexity of textbook packaging with the movement away from state-level adoption of textbooks. Chapter 3 focuses on the content of social studies textbooks with a comparison of past and present textbooks, a discussion of revisionism and reality, and a look at religion in textbooks. Chapter 4 examines the style and story of textbooks and finds that although the content of past textbooks may be

flawed, the prose is superior to recent textbooks. Ideas on narrative, readability, vocabulary, instructional design, history, and style provide ways for textbooks to improve. Chapter 5 addresses the issue of format and proposes clarity and simplicity in technical design of books. Chapter 6 provides an outline to review textbooks for content and style and instructional activities and teacher guidance materials for usefulness. Chapter 7 includes an annotated list of the major U.S. and world history textbooks. (CK)

Harvard Guide to American History - Frank Burt Freidel 1974

Notes on research methods and materials accompany a one-volume reference guide to publications dealing with America's historical development

European Background of American History, 1300-1600 - Edward Potts Cheyney 1904

Looking South - Winfred B. Moore 1989

The dramatic changes experienced by the South over the past 150 years have challenged deeply rooted values, beliefs, and institutions and shaped the region's complex and tumultuous history. These challenges, and the southern response to them, are the focus of this book. Presenting sixteen essays selected from more than eighty presented at a recent conference on the South, it provides an interpretive re-examination of five major topics in southern history. These are the impact of Reconstruction, the development of racial attitudes, the debate over secession, southern economic development, and the use of literature as an instrument of self-criticism and analysis. The first chapter surveys interpretations of the Reconstruction era and analyzes it in terms of the extended historical process of adjusting to the end of slavery. Several essays trace some of the ways in which racial attitudes have affected the evolution of southern society from the colonial era to the present. Among the topics considered are the defense and support of slavery by the southern religious establishment, the impact of African-American culture on the early Ku Klux Klan, the experience of desegregation, and the stereotyping of blacks. Addressing the question of secession, the next

group of essays examines the varying responses to the issue in different southern counties and states. Chapters on southern economic development discuss women's roles in the colonial agricultural economy, postbellum developments in agricultural labor, and the lives of two individualistic southern entrepreneurs. The final chapters examine the efforts of southern writers to understand the southern experience and to tell the story of the South in fiction and popular history. Including the contributions of many leading historians, this work offers fascinating new data as well as significant reinterpretations in several major areas of southern historical scholarship. It will appeal to scholars, students, and other readers concerned with southern, African-American, and U.S. history.

The American Journey - Joyce Oldham Appleby 2009-01-01

A Companion to African American History - Alton Hornsby, Jr. 2008-04-15

A Companion to African American History is a collection of original and authoritative essays arranged thematically and topically, covering a wide range of subjects from the seventeenth century to the present day. Analyzes the major sources and the most influential books and articles in the field Includes discussions of globalization, region, migration, gender, class and social forces that make up the broad cultural fabric of African American history

Cuba (Winner of the Pulitzer Prize) - Ada Ferrer 2021-09-07

The epic history of Cuba from before Columbus arrived to modern times and its complex relationship with the United States

American Nations - Colin Woodard 2012-09-25

• A New Republic Best Book of the Year • The Globalist Top Books of the Year • Winner of the Maine Literary Award for Non-fiction • Particularly relevant in understanding who voted for who in this presidential election year, this is an endlessly fascinating look at American regionalism and the eleven "nations" that continue to shape North America According to award-winning journalist and historian Colin Woodard, North America is made up of eleven distinct nations, each with its own unique historical

roots. In *American Nations* he takes readers on a journey through the history of our fractured continent, offering a revolutionary and revelatory take on American identity, and how the conflicts between them have shaped our past and continue to mold our future. From the Deep South to the Far West, to Yankeedom to El Norte, Woodard (author of *American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good*) reveals how each region continues to uphold its distinguishing ideals and identities today, with results that can be seen in the composition of the U.S. Congress or on the county-by-county election maps of any hotly contested election in our history.

World History - Eugene Berger 2016-09-30

World History: Cultures, States, and Societies to 1500 offers a comprehensive introduction to the history of humankind from prehistory to 1500. Authored by six USG faculty members with advanced degrees in History, this textbook offers up-to-date original scholarship. It covers such cultures, states, and societies as Ancient Mesopotamia, Ancient Israel, Dynastic Egypt, India's Classical Age, the Dynasties of China, Archaic Greece, the Roman Empire, Islam, Medieval Africa, the Americas, and the Khanates of Central Asia. It includes 350 high-quality images and maps, chronologies, and learning questions to help guide student learning. Its digital nature allows students to follow links to applicable sources and videos, expanding their educational experience beyond the textbook. It provides a new and free alternative to traditional textbooks, making *World History* an invaluable resource in our modern age of technology and advancement.

The First U.S. History Textbooks - Barry Joyce 2015-08-27

This book offers a fresh, multidisciplinary analysis of American history textbooks published in the first half of the nineteenth century, focusing on the emergence of an American "origins" narrative prevalent in these works as well as the methods employed to convey this tale to readers. The themes addressed in this work are timely in light of current controversies over American history curriculum, the role of textbooks, and the idea of a common American narrative.

American History, Volume 1 - Thomas S. Kidd 2019-04-01

American History volume 1 surveys the broad sweep of American history from the first Native American societies to the end of the Reconstruction period, following the Civil War. Drawing on a deep range of research and years of classroom teaching experience, Thomas S. Kidd offers students an engaging overview of the first half of American history. The volume features illuminating stories of people from well-known presidents and generals, to lesser-known men and women who struggled under slavery and other forms of oppression to make their place in American life. The role of Christianity in America is central in this book. Americans' faith sometimes inspired awakenings and the search for an equitable society, but at other times it justified violence and inequality. Students will come away from *American History* volume 1 better prepared to grapple with the challenges presented by the history of America's founding, the problem of slavery, and our nation's political tradition.

U.S. History For Dummies - Steve Wiegand 2009-05-04

Now revised the easy-to-understand guide to the story of America. Want to better understand U.S. History? This friendly book serves as your tour guide through the important events of America's past and present, introducing you to the people who helped to shape history. From pre-Columbus to the American Revolution, from Watergate to Iraq to Barack Obama, you'll discover fascinating details that you won't find in dry history texts! They're coming to America explore early civilizations, meet Native Americans, and see how the development of the English colonies led to slavery and the American Revolution. From Thomas Jefferson to Abraham Lincoln examine the contributions of great Americans as well as the discovery of gold, the birth of California, the Civil War, and Manifest Destiny. America grows up here during the conquering of the West, industrial development, and the invention of the light bulb and the telephone. The impact of the World Wars understand the sweeping changes these epochal events brought to America and the rest of the world. The Cold War, Camelot, and Clinton take a closer look at the Korean War and communism, the fabulous '50s, JFK, Vietnam, Nixon and Watergate, Reaganomics, and the Clinton years. From the '90s to now witness the birth of the microchip, the impact of hanging chads in a

presidential election, the largest terrorist attack on American soil, and the growing economic crisis Open the book and find: Ten important events that defined American culture Interesting Americans, from presidents to gangsters to sports heroes How America fought to win independence from England Details about all the major wars and their long-term effects Insight into the roots of slavery Inventions that changed life for Americans The impact of the atomic bomb The Bill of Rights and the Declaration of Independence

The American Yawp - Joseph L. Locke 2019-01-22

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume II opens in the Gilded Age, before moving through the twentieth century as the country reckoned with economic crises, world wars, and social, cultural, and political upheaval at home. Bringing the narrative up to the present, The American Yawp enables students to ask their own questions about how the past informs the problems and opportunities we confront today.

America's History - 2018

A People's History of the United States - Howard Zinn 2016-02-01

A classic since its original landmark publication in 1980, Howard Zinn's *A People's History of the United States* is the first scholarly work to tell America's story from the bottom up—from the point of view of, and in the words of, America's women, factory workers, African Americans, Native Americans, working poor, and immigrant labourers. From Columbus to the Revolution to slavery and the Civil War—from World War II to the election of George W. Bush and the "War on Terror"—*A People's History of the United States* is an important and necessary contribution to a complete and balanced understanding of American history.

The American Pageant - Thomas Andrew Bailey 1998

USAs historie indtil 1996

U.S. History - P. Scott Corbett 2017-12-19

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Slavery - Katie Marsico 2014-05-30

One of America's bleakest times is the dark period in history when slavery was allowed. This title explores the hardships slaves had to endure and how brave people fought for their freedom. This title will allow students to analyze the interactions between individuals, events, and ideas in a text and how ideas influence individuals and events or how individuals influence ideas and events.

American Military History, Volume II - 2010

From the Publisher: This latest edition of an official U.S. Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army. This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership development. It is also an essential addition to any personal military history library.

The American Yawp - Joseph L. Locke 2019-01-22

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass
The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American

progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

A Child's First Book of American History - Earl Schenck Miers 2013

Teaching What Really Happened - James W. Loewen 2018-09-07

"Should be in the hands of every history teacher in the country."—Howard Zinn
James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.

High School Us History 2018 -

American Environmental History - Dan Allosso 2017-12-14

An expanded, new and improved American Environmental History textbook for everyone! After years of teaching Environmental History at

a major East Coast University without a textbook, Dr. Dan Allosso decided to take matters into his own hands. The result, *American Environmental History*, is a concise, comprehensive survey covering the material from Dan's undergraduate course. What do people say about the class and the text? "This was my first semester and this course has created an incredible first impression. If all of the courses are this good, I am going to really enjoy my time here. The course has completely changed the way I look at the world." (Student in 2014 class) "One of the few classes I'm really sad is ending, the subject matter is fascinating and Dan is a great guide to it. His approach should be required of all students as it teaches an appreciation for a newer and better way of living." (Student in 2014 class) "Allosso's lectures are fantastic. The best I have ever had. So impressed. The material is always extremely interesting and well-presented." (Student in 2015 class) "It is just a perfect course that I think should be mandatory if we want to save our planet and live responsibly." (Student in 2015 class) "A rare gem for an IB ESS teacher or any social studies teacher looking for an 11th or 12th grade supplementary text that aims to provide an historical context for the environmental reality in America today. Highly recommended." (District Curriculum Coordinator, 2016) "I was so impressed with this material that I am using it as a supplement for a course I teach at my college." (History and Environmental Studies Professor, 2017) Beginning in prehistory and concluding in the present, *American Environmental History* explores the ways the environment has affected the choices that became our history, and how our choices have affected the environment. The dynamic relationship between people and the world around them is missing from mainstream history. Putting the environment back into history helps us make sense of the past and the present, which will help guide us toward a better future. More information and Dan's blog are available at environmentalhistory.us

The Politically Incorrect Guide to American History - Thomas E. Woods, Jr. 2004-01-04

The bestselling *Politically Incorrect Guide to American History* reveals facts that you won't be--or never were--taught in school, tells you about

the "Books You're Not Supposed to Read," and gives you all the information you need to battle and confound left-wing professors, neighbors, and friends.

The Arizona Story - Arizona Historical Society 2008-04-01

The Arizona Story is a brand-new 4th grade Arizona history textbook. Because the outline for this book was based on the Arizona Academic Standards for Social Studies, it teaches American history, world history, civics and government, geography, and economics. The student edition has many features such as timelines, In-Text Activities, Arizona Connections, maps, charts, graphs, and What Do You Think? discussion questions. At the end of every chapter is an Application Activity that challenges students to demonstrate comprehension, and a Chapter Review that allows students to review the key objectives of the chapter and draw conclusions. TABLE OF CONTENTS Chapter 1 Arizona Stories Chapter 2 The Land We Call Home Chapter 3 Early People of the Americas Chapter 4 Old World Meets New World Chapter 5 New People, New Borders Chapter 6 Conflict of Cultures Chapter 7 From Territory to State Chapter 8 The Great Depression and World War II Chapter 9 Growing Arizona Chapter 10 Government for All of US Chapter 11 Making a Living in Arizona

A Concise American History - David Brown 2020-09-02

Expertly steering readers through the often tumultuous and exhilarating history of the United States, from its early modern Native American roots to twenty-first-century neoliberalism and the shifting political climate of the past decade, this highly readable textbook provides a compelling overview of American development over the last five centuries. This book avoids either celebratory or condemnatory rhetoric to present a critical examination of domestic America and its interaction with the rest of the world. Balancing coverage of political, social, cultural, and economic history, each chapter also includes a wealth of features to facilitate learning: Timelines situating key events in their wider chronology Lists of topics covered within each chapter for easy reference Concept boxes discussing selected issues in more detail Historiography boxes exploring key debates Chapter summaries offering condensed outlines of the main

themes of each chapter Further reading lists guiding readers to additional resources Maps and images bringing to life important events and figures from America's history Clearly and engagingly written and positioning America's narrative within the wider global context, this textbook is particularly accessible for non-US students and is the perfect introduction for those new to US history. This textbook is also supported by a companion website offering interactive content including a timeline, multiple-choice quizzes, and links to selected web resources.

History in the Making - Catherine Locks 2013-04-19

A peer-reviewed open U.S. History Textbook released under a CC BY SA 3.0 Unported License.

Sports in American History, 2E - Gems, Gerald 2017-02-27

Sports in American History: From Colonization to Globalization, Second Edition, journeys from the early American past to the present to give students a compelling grasp of the evolution of American sporting practices.

Brinkley's American History 15th Edition+ Student Workbook (AP Edition)* - David Tamm 2015-08-03

Kaplan's, 5-Steps, Crash Course and the others are great resources for reviewing in the last month before the exam, but Tamm's Textbook Tools workbooks accompany students all year long. This AP U.S. History companion is filled with vocab and assignments that follow the Brinkley book for all 32 chapters. They can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be done as regular homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. When publishers started putting their content online, it opened a niche for traditional school assignments, a void filled by this series. Additionally, whether the textbook itself is written in ink or electrons, many students still like to write and keep notes for themselves, and portfolios still matter. These activities challenge students to apply the concepts, give examples, and diagram each chapter. Find TTT on FB.

An American History - David Saville Muzzey 1911

History Lessons - Dana Lindaman 2006-07-04

A "fascinating" look at what students in Russia, France, Iran, and other nations are taught about America (The New York Times Book Review). This "timely and important" book (History News Network) gives us a glimpse into classrooms across the globe, where opinions about the United States are first formed. History Lessons includes selections from textbooks and teaching materials used in Russia, France, Iran, Saudi Arabia, Cuba, Canada, and others, covering such events as the American Revolution, the Cuban Missile Crisis, the Iran hostage crisis, and the Korean War—providing some alternative viewpoints on the history of the United States from the time of the Viking explorers to the post-Cold War era. By juxtaposing starkly contrasting versions of the historical events we take for granted, History Lessons affords us a sometimes hilarious, often sobering look at what the world thinks about America's past. "A brilliant idea." —Foreign Affairs

American History - 1987

Outline of U.S. History - Alonzo L. Hamby 2007

'Outline of U.S. History' is a publication of the U.S. Department of State. The first edition (1949-50) was produced under the editorship of Francis Whitney, first of the State Department Office of International Information and later of the U.S. Information Agency. Richard Hofstadter, professor of history at Columbia University, and Wood Gray, professor of American history at The George Washington University, served as academic consultants. D. Steven Endsley of Berkeley, California, prepared additional material. It has been updated and revised extensively over the years by, among others, Keith W. Olsen, professor of American history at the University of Maryland, and Nathan Glick, writer and former editor of the USIA journal, Dialogue. Alan Winkler, professor of history at Miami University (Ohio), wrote the post-World War II chapters for previous editions. This new edition has been completely revised and updated by Alonzo L. Hamby, Distinguished Professor of History at Ohio University. Professor Hamby has written extensively on American politics and society.

That's Not in My American History Book - Thomas Ayres 2004

This book tackles the messy details, reclaims disregarded heroes, and

sets the record straight. It also explains why July 4th isn't really Independence Day.
