Scholarship Reconsidered - Ernest L. Boyer
2015-10-06

Shifting faculty roles in a changing landscape
Ernest L. Boyer's landmark book *Scholarship Reconsidered: Priorities of the Professoriate* challenged the publish-or-perish status quo that dominated the academic landscape for generations. His powerful and enduring argument for a new approach to faculty roles and rewards continues to play a significant part of the national conversation on scholarship in the academy. Though steeped in tradition, the role of faculty in the academic world has shifted significantly in recent decades. The rise of the non-tenure-track class of professors is well documented. If the historic rule of promotion and tenure is waning, what role can scholarship play in a fragmented, unbundled academy? Boyer offers a still much-needed approach. He calls for a broadened view of scholarship, audaciously refocusing its gaze from the tenure file and to a wider community. This expanded edition offers, in addition to the original text, a critical introduction that explores the impact of

Boyer's views, a call to action for applying Boyer's message to the changing nature of faculty work, and a discussion guide to help readers start a new conversation about how *Scholarship Reconsidered* applies today.

The Late Great Planet Earth - Hal Lindsey
2016-10-11

The impact of The Late Great Planet Earth cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events

already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

It Is Finished - David Wilkerson 2013-04-01

Founder of Teen Challenge Shows How to

Overcome Persistent Sins This is David Wilkerson's capstone teaching, poured out from a heart that discovered the power God has given his people to triumph over sin. Through Wilkerson's expert ability to blend teaching with personal application, he shows that the key to defeating life-controlling habits is found in one thing: the new covenant God enacted with his people. In today's era of pop psychology, most Christians battle temptation and sin through self-help techniques or gritty self-will. Even Wilkerson, through decades of ministry that led hundreds of thousands to salvation and deliverance, struggled to know true peace as he battled his own "besetting sins." Determined to find victory, Wilkerson came to grasp the stunning reality that the vast love of God provides the spiritual resources believers need to obey his every command. Gathered from some of his most prominent sermons, this is one of Wilkerson's most powerful teachings--one that will redeem countless lives into the life-giving

experience of purity.

anointing? Who validates authentic prophetic ministry? How does a pastor rightly relate to a prophet? This rich resource seeks deeper understanding and wisdom on issues of foundational importance for prophetic people and everyone who loves God's gifts.

Caste (Oprah's Book Club) - Isabel Wilkerson
2020-08-04

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • "An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF

THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist "As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not." In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about

real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their outcasting of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health

costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity.

Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

Let Go of the Ring - Ralph Moore 2019-06-19
If you make disciples and want to multiply churches, this book is for you. In its 6th edition since appearing in 1983 this book has helped several thousand pastors move from growing strong Christ-followers to multiplying churches. It will teach you to leverage your gifts in the

lives of others. Ralph's story and the story of Hope Chapel is a challenge to let go of our ways for God's ways. Not the most charismatic speaker, he makes up for it with his writing. The title came from a challenge by Ralph's dentist over plans to leave a megachurch in California to start over in Hawaii, "You'll never do it, Frodo, you'll never let go of the ring. The big ones never do." The motive behind the book is to do things beyond our comfort zone and learned behavior. To believe in others when others normally wouldn't. To let go of our desire for self-importance for God's plans. In other words, to "LET GO OF THE RING". Read and observe as one tiny congregation grows into a movement of more than 2,400 congregations (more than 200,000 people). Ralph's account of what it took to abandon security and begin again is three times inspiring. What sets it apart from other books on church multiplication is that this man actually experienced the story with all its bumps, bruises and victories. The book is short on

theory and long on reality. This story of the Hope Chapel mosaic of churches is funny and heartwarming, it also presents a simple, practical approach to making disciples and multiplying churches. See how God turned a handful of people, with no money and few resources, into a movement operating on every continent. You'll learn how individual surrender to God mounts up to allow ordinary people to make a great difference in the world. What happened to these people could happen to you! Gather: 1. The organic nature of making disciples through relationships. 2. Just how little material support you need to plant a church. 3. The power of God to turn broken lives into strong tools of his grace. 4. Why a promise "to love you... as is!" is important to the spread of the gospel. 5. Next steps in your own life. In truth, ministry shouldn't be such hard work. Disciplemaking and church multiplication ought to be easier and life as a leader shouldn't be as difficult as it is. Perhaps you struggle in your

dreams to make disciples and plant churches. Let Ralph Moore come alongside, through this book and the tools he offers on his blogsite, www.ralphmoore.net. He's been in your shoes-hopeful to make a dent in the world, yet unsure of himself. Let his experience come alongside to guide you to where God wants you to go. As you learn to walk the uncommon path, you'll find new ways to model the character of Jesus and discover his supernatural power to help you along the way.

The Kingdom Leadership Institute Manual - Rusty Lee Thomas 2009-09

Federer, "American Minute" Bestselling Author, "America's God and Country Encyclopedia of Quotations"

Facing West - David R. Swartz 2020

"The dramatic growth of Christianity around the world in the last century has shifted the balance of power within the faith away from the traditional strongholds of Europe and the United States to the Global South. While we typically imagine Western missionaries carrying religion to the ends of the earth, David R. Swartz shows

that the line of influence has often run the other way, as evangelicals in nations such as Korea, India, and Uganda shaped the American church from abroad. Swartz tells stories of evangelicals crossing national boundaries, offering new insights into a tradition that imagines itself as simultaneously American and part of a global communion"--

[Desperate for More of God: The Heart Cry of Every Believer](#) - Shane a. Idleman 2014-01

One of the difficult challenges associated with pastoring is witnessing the tragic results of people dying spiritually with living water just steps away: "Whoever drinks the water I give him will never thirst" (John 4:14). Although most can quote, "Blessed are those who hunger and thirst for righteousness for they shall be filled," many have never truly experienced it-very few are truly hungry and thirsty for God. This book is

a compilation of past articles, sections from other books I've written, and sermons preached at Westside Christian Fellowship-the best-of-the-best. We pray that this collection of targeted topics fuels an intense desire for more of God. Though the road ahead may be uncertain at times, the solid ground beneath will never shift. It's all about Who you know. Desperate for More should be the heart cry of every believer. "Bold, Outspoken, and Prophetic, this book is sure to awaken, convict, and challenge..." -Alex Montoya; Associate Professor of Pastoral Ministries, The Master's Seminary in Sun Valley, California

Science, Religion, and the Search for Extraterrestrial Intelligence - David Wilkinson 2013-08-02

If the discovery of life elsewhere in the universe is just around the corner, what would be the consequences for religion? Would it represent another major conflict between science and religion, even leading to the death of faith?

Some would suggest that the discovery of any suggestion of extraterrestrial life would have a greater impact than even the Copernican and Darwinian revolutions. It is now over 50 years since the first modern scientific papers were published on the search for extraterrestrial intelligence (SETI). Yet the religious implications of this search and possible discovery have never been systematically addressed in the scientific or theological arena. SETI is now entering its most important era of scientific development. New observation techniques are leading to the discovery of extra-solar planets daily, and the Kepler mission has already collected over 1000 planetary candidates. This deluge of data is transforming the scientific and popular view of the existence of extraterrestrial intelligence. Earth-like planets outside of our solar system can now be identified and searched for signs of life. Now is a crucial time to assess the scientific and theological questions behind this search. This book sets out the scientific arguments

undergirding SETI, with particular attention to the uncertainties in arguments and the strength of the data already assembled. It assesses not only the discovery of planets but other areas such as the Fermi paradox, the origin and evolution of intelligent life, and current SETI strategies. In all of this it reflects on how these questions are shaped by history and pop culture and their relationship with religion, especially Christian theology. It is argued that theologians need to take seriously SETI and to examine some central doctrines such as creation, incarnation, revelation, and salvation in the light of the possibility of extraterrestrial life.
