Das Buch enthält über 82000 Stichwörter in der Sprachrichtung deutsch-albanisch. Es umfasst auch einen grossen Teil des fachsprachlichen Wortschatzes sowie zahlreiche Redewendungen und Sprichwörter.

[The Future of Nostalgia](#) - Svetlana Boym 2008-08-05

Can one be nostalgic for the home one never had? Why is it that the age of globalization is accompanied by a no less global epidemic of nostalgia? Can we know what we are nostalgic for? In the seventeenth century, Swiss doctors believed that opium, leeches, and a trek through the Alps would cure nostalgia. In 1733 a Russian commander, disgusted with the debilitating homesickness rampant among his troops, buried a soldier alive as a deterrent to nostalgia. In her new book, Svetlana Boym develops a comprehensive approach to this elusive ailment. Combining personal memoir, philosophical essay, and historical analysis, Boym explores the spaces of collective nostalgia that connect national biography and personal self-fashioning in the twenty-first century. She guides us through the ruins and construction sites of post-communist cities -- St. Petersburg, Moscow, Berlin, and Prague--and the imagined homelands of exiles-- Benjamin, Nabokov, Mandelstam, and Brodsky. From Jurassic Park to the Totalitarian Sculpture Garden, from love letters on Kafka's grave to conversations with Hitler's impersonator, Boym unravels the threads of this global epidemic of longing and its antidotes.

[Fjalor i madh italisht-shqip](#) - Ervin Preza 2008

[Islamic Mysticism and the Bektashi Path](#) - Baba Rexheb 2019-10-28

"The Bektashi Way is profoundly simple yet perplexingly complex, striking in its boldness yet gracious in its subtlety; consequently, while shining forth brightly it still is seemingly cloaked in obscurity. There have been attempts to gather its history, characteristic ideas, and observable aspects together and to elucidate its inner wisdom in prose, but few of these attempts have been made by knowledgeable insiders, and even fewer of these have been made in English. This full translation of Baba Rexheb's Islamic Mysticism and the Bektashi Path from its original Albanian is thus a unique addition to the literature on Bektashism in English, and a boon to those who seek to know more about this clearly enigmatic way." --- Vafi Baba

**The Great Dune Trilogy** - Frank Herbert 1979

Herbert's evocative, epic tales are set on the desert planet Arrakis, the focus for a complex political and military struggle with galaxy-wide repercussions. Arrakis is the source of spice, a mind enhancing drug which makes interstellar travel possible; it is the most valuable substance in the galaxy. When Duke Atreides and his family take up court there, they fall into a trap set by the Duke's bitter rival, Baron Harkonnen. The Duke is poisoned, but his wife and her son Paul escape to the vast and arid deserts of Arrakis, which have given the planet its nickname of Dune. Paul and his mother join the Fremen, the Arrakis natives, who have learnt to live in this harsh and complex ecosystem. But learning to survive is not enough - Paul's destiny was mapped out long ago and his mother is committed to seeing it fulfilled.

**Alfred Hitchcock. the Complete Films** - Paul Duncan 2019

Meet the inventor of modern horror. This complete guide to the Hitchcock canon is a movie buff's dream: from his 1925 debut *The Pleasure Garden* to 1976's swan song *Family Plot*, we trace the filmmaker's entire life and career. With a detailed entry for each of Hitchcock's 53 movies, this book combines insightful texts, updated photography, and an illustrated list of all the master's cameos.

[School Bullying](#) - Sonia Sharp 2002-11

Gives a succinct and authoritative account of research into the nature and extent of bullying in schools, evaluating the success of different approaches to the problem.

*Ylli* - 1972

**Tom Brown's School Days** - Thomas Hughes 1885

*Young Children's Rights* - Priscilla Alderson 2008

Published in association with Save the Children Priscilla Alderson examines the often overlooked issue of the rights of young children, starting with the question of how the 1989 UN Convention on the Rights of the Child applies to the youngest children, from birth to eight years of age. The question of finding a balance between young children's rights to protection, to provision (resources and services) and to participation (expressing their views, being responsible) is discussed. The author suggests that, in the belief we are looking after their best interests, we have become overprotective of children and deny them the freedom to be expressive, creative and active, and that improving the way adults and children communicate is the best way of redressing that balance. This second edition has been updated and expanded to include the relevance of UNCRC rights of premature babies, international examples such as the Chinese one-child policy, children's influence on regional policies, and the influence on young children's lives of policies such as Every Child Matters and those of the World Bank, IMF, OECD and UNICEF. This readable, informative and thought-provoking book is a compelling invitation to rethink our attitudes to young children's rights in the light of new theories, research and practical evidence about children's daily lives. It will be of interest to anyone who works with young children.

**Gruaja shqiptare në luftën antifashiste nacionalçlirimtare** - 1975

*The Siege* - Ismail Kadare 2010-02-12

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. *The Siege* tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as

well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

**An Introduction to Narratology** - Monika Fludernik 2009-02-16

An Introduction to Narratology is an accessible, practical guide to narratological theory and terminology and its application to literature. In this book, Monika Fludernik outlines: the key concepts of style, metaphor and metonymy, and the history of narrative forms narratological approaches to interpretation and the linguistic aspects of texts, including new cognitive developments in the field how students can use narratological theory to work with texts, incorporating detailed practical examples a glossary of useful narrative terms, and suggestions for further reading. This textbook offers a comprehensive overview of the key aspects of narratology by a leading practitioner in the field. It demystifies the subject in a way that is accessible to beginners, but also reflects recent theoretical developments and narratology's increasing popularity as a critical tool.

The Ivory Tower and Harry Potter - Lana A. Whited 2004

Now available in paper, The Ivory Tower and Harry Potter is the first book-length analysis of J. K. Rowling's work from a broad range of perspectives within literature, folklore, psychology, sociology, and popular culture. A significant portion of the book explores the Harry Potter series' literary ancestors, including magic and fantasy works by Ursula K. LeGuin, Monica Furlong, Jill Murphy, and others, as well as previous works about the British boarding school experience. Other chapters explore the moral and ethical dimensions of Harry's world, including objections to the series raised within some religious circles. In her new epilogue, Lana A. Whited brings this volume up to date by covering Rowling's latest book, Harry Potter and the Order of the Phoenix.

**Speaking from the Margin** - Anna Duszak 2004

The papers in this volume analyze the language situation under globalization in several European countries. How does the spread of Global English affect the integrity of the local systems? Changes in lexical and discursive repertoires are evidenced and discussed. It is shown how new social identities are linguistically constructed and redefined in the social consciousness of the various local communities. The authors see globalization as a major change-in-progress that sets in relief the dual capacity of language: communication and identification. The collection reconciles empirical data analysis with profound attention to a host of theoretical issues, such as a new ecology for language under globalization or a new interdiscursivity of globalizing communications. It is argued that globalization-as-recontextualization of meanings poses a serious challenge for a new science of language. The spatial imagery of center-margin is chosen to expound on the complex interaction between the global and the local. The concept of a glocal view on language

affords a new perspective for coping with massive linguistic change.

*Fjalor i gjuhës së sotme shqipe* - Androkli Kostallari 1981

*Performatism, Or the End of Postmodernism* - Raoul Eshelman 2009

The author suggests that in this era following the postmodern we have entered a new, monist epoch in which aesthetically mediated belief replaces endless irony as the dominant force in culture. The book documents the "new monism" through an examination of popular films and novels such as American beauty, Life of Pi, and Middlesex as well as in the work of major architects and artists such as Sir Norman Foster, Andreas Gursky, and Vanessa Beecroft. --book cover.

Burning House - Ann Beattie 2011-03-30

The now-classic, utterly unique voice of Ann Beattie is so dry it throws off sparks, her eye endowed with the emotional equivalent of X-ray vision. Her characters are young men and women discovering what it means to be a grown-up in a country that promised them they'd stay young forever. And here, in shapely, penetrating stories, Beattie confirms why she is one of the most widely imitated -- yet surely inimitable -- literary stylists of her generation. In The Burning House, Beattie's characters go from dealing drugs to taking care of a bereaved friend. They watch their marriages fail not with a bang but with a wisecrack. And afterward, they may find themselves trading confidences with their spouses' new lovers. The Burning House proves that Beattie has no peer when it comes to revealing the hidden shapes of our relationships, or the depths of tenderness, grief, and anger that lie beneath the surfaces of our daily lives.
