This The Self Made Billionaire , as one of the most lively sellers here will enormously be in the middle of the best options to review.

Shoe Dog - Phil Knight 2016-04-26

In this instant and tenacious New York Times bestseller, Nike founder and board chairman Phil Knight “offers a rare and revealing look at the notoriously media-shy man behind the swoosh” (Booklist, starred review), illuminating his company’s early days as an intrepid start-up and its evolution into one of the world’s most iconic, game-changing, and profitable brands. Bill Gates named *Shoe Dog* one of his five favorite books of 2016 and called it “an amazing tale, a refreshingly honest reminder of what the path to business success really looks like. It’s a messy, perilous, and chaotic journey, riddled with mistakes, endless struggles, and sacrifice. Phil Knight opens up in ways few CEOs are willing to do.” Fresh out of business school, Phil Knight borrowed fifty dollars from his father and launched a company with one simple mission: import high-quality, low-cost running shoes from Japan. Selling the shoes from the trunk of his car in 1963, Knight grossed eight thousand dollars that first year. Today, Nike’s annual sales top \$30 billion. In this age of start-ups, Knight’s Nike is the gold standard, and its swoosh is one of the few icons instantly recognized in every corner of the world. But Knight, the man behind the swoosh, has always been a mystery. In *Shoe Dog*, he tells his story at last. At twenty-four, Knight decides that rather than work for a big corporation, he will create something all his own, new, dynamic, different. He details the many risks he encountered, the crushing setbacks, the ruthless competitors and hostile bankers—as well as his many thrilling triumphs. Above all, he recalls the relationships that formed the heart and soul of Nike, with his former track coach, the irascible and charismatic Bill Bowerman, and with his first employees, a ragtag group of misfits and savants who quickly became a band of swoosh-crazed brothers. Together, harnessing the electrifying power of a bold vision and a shared belief in the transformative power of sports, they created a brand—and a culture—that changed everything.

Self-Made Success - Shaan Patel 2016-04-21

Some people succeed financially. Others succeed academically. Still others succeed spiritually, mentally, and emotionally. But there are a select few who succeed across all fields—the Self-Made Successes. This book reveals the exact blueprint of how you can achieve success on every level.* Universal Success Strategies - From harnessing Parkinson's Law to mastering the powerful Pareto Principle, learn to get what you want out of life.* Wealth Success Strategies - Dream of amassing wealth? It's easy to capture it all if you remember to never trade your time for money and be the big fish in a small pond.* Entrepreneurship Success Strategies - Be your own boss. Launch your company by doing what you already know—and never go to a gunfight without bullets.* Social Success Strategies - Outsider no more. Grow your social skills by learning how to embrace your failures and never playing the comparison game.* Productivity Success Strategies - You can work smarter and harder with these six steps to greater productivity, like starting your day with a Morning Power Hour.* Mental Success Strategies - You are in charge of your own mind. Sweat out these mental bench presses, such as treating entitlement as the enemy, for a stronger mind.* Marketing Success Strategies - Get noticed. Learn the secrets to planting viral content and joining people to your cause to make a splash in the world.* Academic Success Strategies - Go to college—and survive! You'll earn honors with these secrets to studying the easy way. So can you really have it all at a young age? Yes. Throw out the conventional wisdom that says you have to pay your dues or climb the corporate ladder. You can have it all and you can have it now. In *Self-Made Success*, I will show you how.

Everything Is Possible - S. Daniel Abraham 2010-09

'I once got together all my top people, and asked each one 'Who do you report to?', writes legendary businessman S. Daniel Abraham. And everybody gave the obvious answer, 'I report to Joe, ' 'I report to Danny.' And I said to them, 'You're all wrong, you all report to the consumer. That's who we report to, that's who we work for'. In *I Work fo..*

Zero to One - Peter Thiel 2014-09-16

#1 NEW YORK TIMES BESTSELLER • “This book delivers completely new and refreshing ideas on how to create value in the world.”—Mark Zuckerberg, CEO of Meta “Peter Thiel has built multiple breakthrough companies, and *Zero to One* shows how.”—Elon Musk, CEO of SpaceX and Tesla The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In *Zero to One*, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we’re too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won’t make a search engine. Tomorrow’s champions will not win by competing ruthlessly in today’s marketplace. They will escape competition altogether, because their businesses will be unique. *Zero to One* presents at once an optimistic view of the future of progress in America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

Secrets Self-Made Millionaires Teach Their Kids - Steve Siebold 2018-01-05

Imagine sitting down with your kids studying a book that discloses the collective wisdom of over 1200 millionaires and billionaires. Here are some things your kids will learn by studying your book: How self-made millionaires create their fortunes Why money is beautiful, not evil How to get mentally tough, like the rich Why they deserve to be rich Why they should play rich sports Why the world wants them to be rich How to use leverage to amass their fortune Why and how they should associate with winners and avoid losers How they can be spiritual and rich Why they should never marry the party girl or bad boy and 150 more content rich chapters

Baby Steps Millionaires - Dave Ramsey 2022-01-11

You Can Baby Step Your Way to Becoming a Millionaire Most people know Dave Ramsey as the guy who did stupid with a lot of zeros on the end. He made his first million in his twenties—the wrong way—and then went bankrupt. That’s when he set out to learn God’s ways of managing money and developed the Ramsey Baby Steps. Following these steps, Dave became a millionaire again—this time the right way. After three decades of guiding millions of others through the plan, the evidence is undeniable: if you follow the Baby Steps, you will become a millionaire and get to live and give like no one else. In *Baby Steps Millionaires*, you will . . . *Take a deeper look at Baby Step 4 to learn how Dave invests and builds wealth *Learn how to bust through the barriers preventing them from becoming a millionaire *Hear true stories from ordinary people who dug themselves out of debt and built wealth *Discover how anyone can become a millionaire, especially you *Baby Steps Millionaires* isn’t a book that tells the secrets of the rich. It doesn't teach

complicated financial concepts reserved only for the elite. As a matter of fact, this information is straightforward, practical, and maybe even a little boring. But the life you'll lead if you follow the Baby Steps is anything but boring! You don't need a large inheritance or the winning lottery number to become a millionaire. Anyone can do it—even today. For those who are ready, it's game on!

Boom - Michael Shnayerson 2019-05-21

The meteoric rise of the largest unregulated financial market in the world-for contemporary art-is driven by a few passionate, guileful, and very hard-nosed dealers. They can make and break careers and fortunes. The contemporary art market is an international juggernaut, throwing off multimillion-dollar deals as wealthy buyers move from fair to fair, auction to auction, party to glittering party. But none of it would happen without the dealers-the tastemakers who back emerging artists and steer them to success, often to see them picked off by a rival. Dealers operate within a private world of handshake agreements, negotiating for the highest commissions. Michael Shnayerson, a longtime contributing editor to Vanity Fair, writes the first ever definitive history of their activities. He has spoken to all of today's so-called mega dealers-Larry Gagosian, David Zwirner, Arne and Marc Glimcher, and Iwan Wirth-along with dozens of other dealers-from Irving Blum to Gavin Brown-who worked with the greatest artists of their times: Jackson Pollock, Andy Warhol, Cy Twombly, and more. This kaleidoscopic history begins in the mid-1940s in genteel poverty with a scattering of galleries in midtown Manhattan, takes us through the ramshackle 1950s studios of Coenties Slip, the hipster locations in SoHo and Chelsea, London's Bond Street, and across the terraces of Art Basel until today. Now, dealers and auctioneers are seeking the first billion-dollar painting. It hasn't happened yet, but they are confident they can push the price there soon.

Business @ the Speed of Thought - Bill Gates 2009-09-26

In his new book, Microsoft chairman and CEO Bill Gates discusses how technology can help run businesses better today and how it will transform the nature of business in the near future. Gates stresses the need for managers to view technology not as overhead but as a strategic asset, and offers detailed examples from Microsoft, GM, Dell, and many other successful companies. Companion Web site.

Lui Che-woo - Lui Che-woo 2016-08-12

Hong Kong multi-billionaire Lui Che-woo started his first enterprise in difficult circumstances at the age of 13. Now, after more than 70 years in business, he has achieved great success in numerous industries. He is founder and chairman of multinational conglomerate K. Wah Group, with operations in Hong Kong, Mainland China, the United States and elsewhere. In recent times he has become well-known for leading Galaxy Entertainment Group to become one of the three large gaming operators in Macau. In tandem with his success in business, Lui is a distinguished philanthropist. Notably, in 2015 he established the LUI Che Woo Prize - Prize for World Civilisation to honour and recognize individuals or organizations who have unconditionally promoted world civilization. In the course of his life and career, Lui has faced many challenges and experienced numerous ups and downs. What makes drives Lui? Why do his businesses continue to take off and flourish? What makes his era-spanning, diverse and multinational business empire successful and outstanding? In this book he shares his wisdom, unveils the secrets of his triumphs and pathways to happiness, and inspires readers to change their thinking and improve their lives.

Change Your Habits, Change Your Life - Tom Corley 2016-04-05

Change Your Habits, Change Your Life is the follow-up to Tom Corley's bestselling book Rich Habits. Thanks to his extensive research of the habits of self-made millionaires, Corley has identified the habits that helped transform ordinary individuals into self-made millionaires. Success no longer has to be a secret passed down among only the elite and the wealthy. No matter where you are in life, Change Your Habits, Change Your Life will meet you there, and guide you to success. In this book, you will learn about: Why we have habits, Habits that create wealth or poverty, or keep you stuck in the middle class, Habits that increase your IQ, Habits that reduce disease and increase longevity, Habits that eliminate depression and increase happiness, Strategies to help you find your main purpose in life, Tricks to help you fast track habit change Book jacket.

From Scratch - Tembi Locke 2019-04-30

Now a limited Netflix series starring Zoe Saldana! This Reese Witherspoon Book Club Pick and New York Times bestseller is "a captivating story of love lost and found" (Kirkus Reviews) set in the lush Sicilian

countryside, where one woman discovers the healing powers of food, family, and unexpected grace in her darkest hours. It was love at first sight when actress Tembi met professional chef, Saro, on a street in Florence. There was just one problem: Saro's traditional Sicilian family did not approve of his marrying a black American woman. However, the couple, heartbroken but undeterred, forged on. They built a happy life in Los Angeles, with fulfilling careers, deep friendships, and the love of their lives: a baby girl they adopted at birth. Eventually, they reconciled with Saro's family just as he faced a formidable cancer that would consume all their dreams. From Scratch chronicles three summers Tembi spends in Sicily with her daughter, Zoela, as she begins to piece together a life without her husband in his tiny hometown hamlet of farmers. Where once Tembi was estranged from Saro's family, now she finds solace and nourishment—literally and spiritually—at her mother-in-law's table. In the Sicilian countryside, she discovers the healing gifts of simple fresh food, the embrace of a close knit community, and timeless traditions and wisdom that light a path forward. All along the way she reflects on her and Saro's romance—an incredible love story that leaps off the pages. In Sicily, it is said that every story begins with a marriage or a death—in Tembi Locke's case, it is both. "Locke's raw and heartfelt memoir will uplift readers suffering from the loss of their own loved ones" (Publishers Weekly), but her story is also about love, finding a home, and chasing flavor as an act of remembrance. From Scratch is for anyone who has dared to reach for big love, fought for what mattered most, and those who needed a powerful reminder that life is...delicious.

The Self-made Billionaire Effect - J. J. Sviokla 2014

The authors present the results of their landmark systematic study of 120 self-made billionaires—including extensive interviews with Steve Case, Mark Cuban and T. Boone Pickens Jr.—focusing on their conclusion that self-made billionaires have the "producer" mindset, or the tendency to redefine what's possible and think up entirely new products, services, strategies and more.

The Self-Made Billionaire Effect - John Sviokla 2015-01-01

Discover and cultivate the secret traits of self-made billionaires with THE SELF-MADE BILLIONAIRE EFFECT by John Sviokla and Mitch Cohen Imagine what Atari might have achieved if Steve Jobs had stayed there. Or what Steve Case could have done for Pepsi if he hadn't left for a start-up that eventually became AOL. Scores of billionaires worked for established corporations before they struck out on their own. People like Michael Bloomberg and Mark Cuban went on to build iconic household brands. Why didn't their former employers hang onto to these people? And why are most big companies unable to create as much value as the world's 800 self-made billionaires? Billionaires aren't necessarily luckier, smarter or harder working than the rest of us - and they rarely build something brand-new. The key difference is their mindset. They redefine what's possible - and they are critical to any company looking to create massive value. The Self-Made Billionaire Effect breaks down the five critical habits of massive value-creators, so you can learn how to identify, encourage, and retain them - and even become one yourself. It will forever change the way you think about talent and business value. John J. Sviokla is the head of Global Thought Leadership with PricewaterhouseCoopers. He is a frequent speaker on innovation, growth, and customer behavior. In addition to working with clients, John serves on PwC's Advisory Leadership Group and Global Thought Leadership Council. He was on the faculty of the Harvard Business School for ten years and has written for Harvard Business Review, The Wall Street Journal, Financial Times, and Sloan Management Review. Mitch Cohen is PwC's Vice Chairman. During his 33 years at the firm and 20 years as a partner, Cohen has held a variety of leadership roles and served numerous Fortune 500 clients.

Reluctant Billionaire - Soma Das 2019-06-07

NOMINATED FOR TATA LITERATURE LIVE AWARDS AND SHORTLISTED FOR GAJA CAPITAL BEST BUSINESS BOOK PRIZE The book is an untold human story of an enterprise and its creator, Dilip Shanghvi, who raced ahead of Mukesh Ambani to become the richest Indian in 2015 Shanghvi is one of the most interesting and least understood business minds of India whose journey has been shrouded in mystery because of his reticence. The book reveals the riveting story of the fiercely intense personality that lies beneath his calm demeanour. Based on interviews with over 150 friends, family members, rivals, former aides and Shanghvi himself, it traces his transformation from a quiet, curious child working in his father's small shop to an astute strategist, who built India's largest pharma company, Sun Pharma, despite being

untrained in science. The tale unravels his contrarian and controversial bets that made Sun a global force, and him a 'turn-around' artist. It is also about the friends and family Shanghvi started his company with, the hurt and emotional conflicts surrounding their separation, and how Shanghvi staked his closest relationships to professionalize Sun. This book is an extraordinary story of an ordinary man, who chooses to stay anti-famous. He would rather have his face unrecognized, his story untold. But at a time, when a billion dreams are simmering in an aspiring India, this tale is for everyone who has once had a secret dream, an insanely bold one.

Elon Musk - B. Storm 2014-08-14

The 21 Success Secrets of Self-made Millionaires - Brian Tracy 2009-01-28

The 21 Success Secrets of Self-Made Millionaires - Brian Tracy 2000-11-13

Do you ever hear about a self-made millionaire in the news and wonder: how did they achieve it? In this book, Brian Tracy walks you through the hidden secrets of what makes self-made millionaires, and shows how anyone, no matter where they are in life at this moment, can become a millionaire. The advice in this book is based on Brian Tracy's twenty-five years of research, teaching, and personal experience on the subject of self-made millionaires. Tracy himself used these ideas to rise from humble beginnings to become a millionaire. And Tracy has discovered that all successful people practice these 21 success secrets, whether they're consciously aware of it or not. In *The 21 Success Secrets of Self-Made Millionaires* Tracy not only identifies and defines each success secret, but also reveals its source and foundation, illustrates how it functions in the world, and shows how to apply it in life and work through specific steps and practical exercises that everyone can use. Easy to read, easy to understand, and easy to apply, this book shows how anyone can cultivate the habits and behaviors that will enable them to achieve not just financial independence, but success in any area of life. Because, as Tracy writes, "The most important part of achieving great success is not the money. It is the kind of person you have to become to earn that money and hold onto it."

How to be a Billionaire - Martin S. Fridson 1999-12-24

"A truly enlightening work filled with fundamental strategies that have worked for others. Martin Fridson documents the essential principles inherent in every billionaire's success." -Gordon Bethune Chairman of the Board and CEO Continental Airlines Self-made billionaires all have one thing in common: they excel at making money. But hard work, thrift, and focus are only part of the story-you hold the rest of it in your hands. *How to Be a Billionaire* is the first comprehensive picture of the real strategies and tactics that built the great business fortunes of modern times. Packed with engaging accounts of titans like Ross Perot, Richard Branson, Phil Anschutz, John D. Rockefeller, Wayne Huizenga, Bill Gates, J. Paul Getty, and Kirk Kerkorian, *How to Be a Billionaire* will show you principles that can increase your wealth and business acumen to the mogul level. *How to Be a Billionaire* looks at the careers, the methods, and the minds of self-made billionaires to distill the common keys to titanic accumulations of wealth. Each chapter explores a specific strategy and brings it to life through extended profiles of past and present masters of the art of making money. Do you think innovation is the best way to prosper in business? Sam Walton, founder of the Wal-Mart retail chain, would tell you otherwise. The key to Walton's success was supreme devotion to copying the methods of other successful discounters. What could be less complicated than buying low and selling high? But the ascent of Warren Buffett, John Kluge, and Laurence Tisch to billionaire status depended on much more than an eye for good bargains. And if you're looking to thrive by outmanaging the competition, look no further than Richard Branson. When the founder of Virgin Atlantic needed to reduce his staff by 400 people, 600 volunteered to take off a few months on sabbatical. *How to Be a Billionaire* identifies the methods, beliefs, and behaviors every businessperson must understand and emulate to reach

the pinnacle of riches. A manual for success that can benefit every aspiring tycoon, it is a fascinating read for anyone intrigued by wealth and how it's gotten. Praise for *HOW TO BE A BILLIONAIRE* "How to Be a Billionaire offers fascinating insight into the subject of building wealth. As a result of his exhaustive research, Martin Fridson is able to explain the wealth-creation process from a unique perspective. As the reader will discover, there is no single formula for success, but there are certain categories into which these concepts can be placed. My personal advice is to remember the words of Winston Churchill who said, 'Success is the ability to go from one failure to another with no loss of enthusiasm.'" -Ross Perot "Martin Fridson has created the ultimate roadmap to the American Dream. He comes as close to extracting a formula for the acquisition of wealth as any book I have ever read." -Jeff Sagansky CEO, Paxson Communications "Martin Fridson's book has a number of very insightful and thoughtful analyses, something you don't pick up in many business schools." -Philip F. Anschutz Chairman and CEO, The Anschutz Corporation "How to Be a Billionaire is a powerful arsenal of dead-on strategies for increasing your personal wealth and business acumen. Marty Fridson details the tactics of self-made billionaires with great intelligence and insight. I wish this book had been available when I was starting my career." -Spencer Hays Founder, Tom James Company Executive Chairman, Southwestern/Great American, Inc. Chairman, Athlon Publications

Jack Ma - R. G. Knight 2018-08-05

Jack Ma's Biography - The Story Of A Self-Made Billionaire! When Alibaba founder and CEO Jack Ma was a young adult, he applied to over 30 jobs and got rejected by all of them. Today, the 53-year-old's e-commerce company is valued at \$519 billion, although Ma didn't start achieving career success until his 30s. He says: "In life, it's not how much we achieved, it's how much we've gone through the tough days and mistakes". This book covers the entirety of Jack Ma's life, the challenges he faced and his struggles - how he braved all odds and swam against the tide to become one of the most successful entrepreneurs in the world today. It will give you a detailed insight into his early life, how he struggled with his education and business, how he handled pessimists and critics and how he learned to use the power of good company, sheer will and grit to achieve his dream. The well-structured book focuses on Jack Ma and his complete story, starting from his childhood. Unlike other boring biographies, it is interesting and engaging to read. The book captures the life of Jack well - his struggles, failures, strategy and thought process. Particularly, how Jack connected the dots in life and what we can learn from him. It's a perfect gift for your son, daughter or anyone who needs a dose of inspiration/motivation. The book contains valuable lessons from Jack Ma's life.

The Path Made Clear - Oprah Winfrey 2019-03-26

Everyone has a purpose. And, according to Oprah Winfrey, "Your real job in life is to figure out as soon as possible what that is, who you are meant to be, and begin to honor your calling in the best way possible." That journey starts right here. In her latest book, *The Path Made Clear*, Oprah shares what she sees as a guide for activating your deepest vision of yourself, offering the framework for creating not just a life of success, but one of significance. The book's ten chapters are organized to help you recognize the important milestones along the road to self-discovery, laying out what you really need in order to achieve personal contentment, and what life's detours are there to teach us. Oprah opens each chapter by sharing her own key lessons and the personal stories that helped set the course for her best life. She then brings together wisdom and insights from luminaries in a wide array of fields, inspiring readers to consider what they're meant to do in the world and how to pursue it with passion and focus. Renowned figures such as Eckhart Tolle, Brene Brown, Lin-Manuel Miranda, Elizabeth Gilbert, Jay-Z, and Ellen DeGeneres share the greatest lessons from their own journeys toward a life filled with purpose. Paired with over 100 awe-inspiring photographs to help illuminate the wisdom of these messages, *The Path Made Clear* provides readers with a beautiful resource for achieving a life lived in service of your calling - whatever it may be.

How to Win at the Sport of Business - Mark Cuban 2011-11-20

Mark Cuban shares his wealth of experience and business savvy in his first published book, *HOW TO WIN AT THE SPORT OF BUSINESS*. "It's New Year's resolution time, and Mark Cuban's new book offers the rationale for a good one." —BUSINESS INSIDER Using the greatest material from his popular Blog Maverick, Cuban has collected and updated his postings on business and life to provide a catalog of insider

knowledge on what it takes to become a thriving entrepreneur. He tells his own rags-to-riches story of how he went from selling powdered milk and sleeping on friends' couches to owning his own company and becoming a multi-billion dollar success story. His unconventional yet highly effective ideas on how to build a successful business offer entrepreneurs at any stage of their careers a huge edge over their competitors. "In short, [HOW TO WIN AT THE SPORT OF BUSINESS] exceeded...expectations. Short chapters...got right to the point and were not filled with 'stuffing'." —HUFFINGTON POST

Rich People Poor Countries - Caroline Freund 2016-02-11

Like the robber barons of the 19th century Gilded Age, a new and proliferating crop of billionaires is driving rapid development and industrialization in poor countries. The accelerated industrial growth spurs economic prosperity for some, but it also widens the gap between the super rich and the rest of the population, especially the very poor. In *Rich People Poor Countries*, Caroline Freund identifies and analyzes nearly 700 emerging-market billionaires whose net worth adds up to more than \$2 trillion. Freund finds that these titans of industry are propelling poor countries out of their small-scale production and agricultural past and into a future of multinational industry and service-based mega firms. And more often than not, the new billionaires are using their newfound acumen to navigate the globalized economy, without necessarily relying on political connections, inheritance, or privileged access to resources. This story of emerging-market billionaires and the global businesses they create dramatically illuminates the process of industrialization in the modern world economy.

21 Success Secrets of Self-Made Millionaires -Hindi edition - Brian Tracy 2015-01-01

This exciting, fast-moving programme gives you a step-by-step formula to become a millionaire - starting from wherever you are today. You learn how to set goals, make plans, and organize yourself to get more of what you really want in life. Use these practical, proven strategies and ideas to move ahead faster than you ever thought possible! One million dollar net worth? Why not you? No one is better than you, and no one is smarter than you! Fulfill all your financial dreams with the 21 Success Secrets of Self-Made Millionaires.

The Billionaire Who Wasn't - Conor O'Clery 2013-08-27

Chuck Feeney was born in Elizabeth, New Jersey, to a blue-collar Irish-American family during the Depression. After service in the Korean War, he made a fortune as founder of Duty Free Shoppers, the world's largest duty-free retail chain. By 1988, he was hailed by *Forbes Magazine* as the twenty-fourth richest American alive. But secretly Feeney had already transferred all his wealth to his foundation, Atlantic Philanthropies. Only in 1997 when he sold his duty free interests, was he "outed" as one of the greatest and most mysterious American philanthropists in modern times. After going "underground" again, he emerged in 2005 to cooperate on a biography promoting giving while living. Now in his mid-seventies, Feeney is determined his foundation should spend down the remaining \$4 billion in his lifetime.

The Billionaire Bad Boys Club - Emma Holly 2012-10-24

Self-made billionaires Zane and Trey have been a club of two since they were eighteen. They've done everything together: play football, fall in love, even get smacked around by their dads. The only thing they haven't tried is seducing the same woman. When they set their sights on sexy chef Rebecca, these bad boys meet their match! Nice Things People Say About Emma's books "Amazing . . . red-hot to the wall."—The Best Reviews "Pure genius!"—NYT bestseller Jacquelyn Frank "[Emma] takes equal parts humor, hot sex and deep emotions and rolls it all together."—Joyfully Reviewed

The Self-Made Myth - Brian Miller 2012-03-05

"Powerful, compelling, and well researched . . . demolishes what may be the most destructive myth in America." —David Korten, author of *Agenda for a New Economy* The *Self-Made Myth* exposes the false claim that business success is the result of heroic individual effort with little or no outside help. Brian Miller and Mike Lapham not only bust the myth; they present profiles of business leaders who recognize the public investments and supports that made their success possible—including Warren Buffett, Ben Cohen of Ben and Jerry's, New Belgium Brewing CEO Kim Jordan, and others. The book also thoroughly demolishes the claims of supposedly self-made individuals such as Donald Trump and Ross Perot. How we view the creation of wealth and individual success is critical because it shapes our choices on taxes, regulation, public investments in schools and infrastructure, CEO pay, and more. It takes a village to raise a business—and it's time to recognize that fact.

Secrets of Self-made Millionaires - Adam Khoo 2018

Built, Not Born - Tom Golisano 2020-02-11

Get tested and proven advice on how to navigate risk and succeed in all phases of business ownership from a successful entrepreneur who turned a small startup into a billion-dollar company. Self-made billionaire and Paychex founder Tom Golisano understands the fears, risks, and challenges small-business owners face every day. He has launched and grown his own highly successful business and mentored dozens of entrepreneurs, helping them build their own fruitful companies. Golisano knows how nervous aspiring business owners are about the risks of entrepreneurship. Now, he's sharing the startup-to-exit secrets to success and how he turned \$3,000 into \$28 billion dollars. *Built, Not Born* shows you: How going against the grain can be a great strategy for finding business opportunities and why it pays to question conventional wisdom. Why the pregnant pause can be an effective weapon in negotiations and when interviewing potential employees. Why a prenuptial or even a postnuptial agreement is critical to any business owner. What potential buyers and funding sources look for, and the best way to present a business plan. And finally, the key growth and leadership strategies that have helped Paychex sustain its incredible level of growth and profitability. *Built, Not Born* provides a direct and practical approach on how to overcome everyday challenges. This essential handbook is a key resource for current and aspiring entrepreneurs on how to start, grow, and operate a successful business.

The Self-Made Billionaire Effect - John Sviokla 2015-01-02

I Love Capitalism! - Ken Langone 2018-05-15

New York Times Bestseller Iconoclastic entrepreneur and New York legend Ken Langone tells the compelling story of how a poor boy from Long Island became one of America's most successful businessmen. Ken Langone has seen it all on his way to a net worth beyond his wildest dreams. A pillar of corporate America for decades, he's a co-founder of Home Depot, a former director of the New York Stock Exchange, and a world-class philanthropist (including \$200 million for NYU's Langone Health). In this memoir he finally tells the story of his unlikely rise and controversial career. It's also a passionate defense of the American Dream -- of preserving a country in which any hungry kid can reach the maximum potential of his or her talents and work ethic. In a series of fascinating stories, Langone shows how he struggled to get an education, break into Wall Street, and scramble for an MBA at night while competing with privileged competitors by day. He shares how he learned how to evaluate what a business is worth and apply his street smarts to 8-figure and 9-figure deals . And he's not shy about discussing, for the first time, his epic legal and PR battle with former NY Governor Eliot Spitzer. His ultimate theme is that free enterprise is the key to giving everyone a leg up. As he writes: This book is my love song to capitalism. Capitalism works! And I'm living proof -- it works for everybody. Absolutely anybody is entitled to dream big, and absolutely everybody should dream big. I did. Show me where the silver spoon was in my mouth. I've got to argue profoundly and passionately: I'm the American Dream.

The Power of Many - Meg Whitman 2010-01-26

Is it possible to run a multibillion-dollar corporation on the power of trust? Must you set aside your authentic self as you climb the corporate ladder? Is there another role for technology beyond saving costs and creating efficiencies? In *The Power of Many*, Meg Whitman, former president and CEO of eBay, speaks to these questions and more, identifying ten core values that steered her—and can steer any leader—to success without ethical compromise. During her decade at the helm of eBay, Meg Whitman transformed it from a tiny start-up into a nearly \$8 billion global powerhouse, revolutionizing the way goods are bought and sold online. *Fortune* magazine twice named her the Most Powerful Woman in Business. Now, with the vitality, candor, and often self-effacing humor that is her trademark, Meg lays out the ten core values that she credits not only with her strategic success but with many of the joys and satisfactions of her private life. Values such as trust, authenticity, courage, and validation are not naive, Meg shows us, and they are definitely not a luxury. Rather, they are essential tools for success that go hand in hand with traditional business practices—like holding oneself accountable or growing a company efficiently. She believes they are the foundation of strong management in the twenty-first century. Today, technology and the

transparency it brings demand that organizations demonstrate a character that aligns with the values of their communities. Meg illustrates the origins of her values and the underpinnings of her approach with compelling stories from her extraordinary career and her down-to-earth upbringing—from the harrowing twenty-two-hour system outage that nearly sunk eBay to the indomitable spirit of her eighty-nine-year-old mother, who grew up in Boston society but worked as an airplane mechanic during World War II. It was her mother, Meg says, who gave her “a bias toward action.” Here, too, are stories of finding her equilibrium during the time when she had young children, and in her marriage to a neurosurgeon with his own highly demanding career. Meanwhile, her experiences at some of America’s best-known companies, including Disney, FTD, and Procter & Gamble, offer valuable case studies of what can go wrong and right, and how even mistakes can be transformed into opportunities. Meg Whitman shows us that achievement can and should be teamed with optimism, trust, and honesty. The Power of Many offers the insights and motivation we need to propel ourselves to the next level—to scale, as Meg would say—in business and in life.

Surprising the Billionaire with a Baby - Elizabeth Lynx 2020-11-12

I never meant to get stuck in a dark closet, naked, at the holiday gala. Monty As a self-made billionaire and head of my tech company, the last thing I thought would happen was being pranked by my brother at an expensive gala. Instead of mingling among the crowd of potential investors, I was cold and alone with only some holiday string to keep me company. But then a Christmas miracle happened... The door opened and a beautiful woman appeared. My savior. Until she stepped inside, the door swinging closed and automatically locking behind her. Now she’s trapped with me. All we had was time. Might as well get to know each other. Julia I took the coat check job because it was a paycheck, but then I struck gold... a naked hottie stuck in a closet with me. I may not be one of those “career-minded” women you read about, but I was responsible enough to pay my bills. When my sister told me about an easy coat check job that paid, I was happy to spend one night in a closet. But I swore that fancy, old hotel where the gala took place was haunted. Why? Because I heard the rumblings of an unsettled spirit back in the deep recesses of a hidden room next to the coat closet. I went in that room to face the spirit, but then something crazy happened. He wasn’t a ghost, but a man. Not just a man but a naked one with a very large, uh, package. All I had to say was, thanks Santa, for bring me exactly what I wished.

How to Be a Capitalist Without Any Capital - Nathan Latka 2019-03-05

Instant Wall Street Journal Bestseller! You don't need to be Ivy League educated, have money, be creative, or even have an idea to get rich. You just need to be willing to break the rules. At nineteen, I founded a software company with \$119 in my bank account. Five years later, it was valued at \$10.5 million. I don't consider myself exceptionally brilliant. I just realized something few people know: You don't need lots of money or an original idea to get really rich. Now, I make more than \$100,000 in passive income every month, while also running my own private equity firm and hosting The Top Entrepreneurs podcast, which has more than 10 million downloads. This book will show you how I went from college dropout to member of the New Rich. And I'm holding nothing back. You'll see my tax returns, my profit and loss statements, my email negotiations when buying and selling companies. It's time to forget your grandfather's advice. I'll teach you how to be a modern opportunist--investor, entrepreneur, or side hustler--by breaking these four golden rules of the old guard: 1.Focus on one skill: Wrong. Don't cultivate one great skill to get ahead. In today's business world, success goes to the multitaskers. 2.Be unique: Wrong. The way to get rich is not by launching a new idea but by aggressively copying others and then adding your own twist. 3.Focus on one goal: Wrong. Focus instead on creating a system to produce the outcome you want, not just once, but over and over again. 4.Appeal to the masses: Wrong. The masses are broke (\$4k average net worth in America?). Let others cut a trail through the jungle so you can peacefully walk in and capitalize on their hard work. By rejecting these defunct rules and following my unconventional path, you can copy other people's ideas shamelessly, bootstrap a start-up with almost no funding, invest in small local businesses for huge payoffs, and reap all the benefits.

Principles - Ray Dalio 2018-08-07

#1 New York Times Bestseller “Significant...The book is both instructive and surprisingly moving.” —The New York Times Ray Dalio, one of the world’s most successful investors and entrepreneurs, shares the unconventional principles that he’s developed, refined, and used over the past forty years to create unique

results in both life and business—and which any person or organization can adopt to help achieve their goals. In 1975, Ray Dalio founded an investment firm, Bridgewater Associates, out of his two-bedroom apartment in New York City. Forty years later, Bridgewater has made more money for its clients than any other hedge fund in history and grown into the fifth most important private company in the United States, according to Fortune magazine. Dalio himself has been named to Time magazine’s list of the 100 most influential people in the world. Along the way, Dalio discovered a set of unique principles that have led to Bridgewater’s exceptionally effective culture, which he describes as “an idea meritocracy that strives to achieve meaningful work and meaningful relationships through radical transparency.” It is these principles, and not anything special about Dalio—who grew up an ordinary kid in a middle-class Long Island neighborhood—that he believes are the reason behind his success. In Principles, Dalio shares what he’s learned over the course of his remarkable career. He argues that life, management, economics, and investing can all be systemized into rules and understood like machines. The book’s hundreds of practical lessons, which are built around his cornerstones of “radical truth” and “radical transparency,” include Dalio laying out the most effective ways for individuals and organizations to make decisions, approach challenges, and build strong teams. He also describes the innovative tools the firm uses to bring an idea meritocracy to life, such as creating “baseball cards” for all employees that distill their strengths and weaknesses, and employing computerized decision-making systems to make believability-weighted decisions. While the book brims with novel ideas for organizations and institutions, Principles also offers a clear, straightforward approach to decision-making that Dalio believes anyone can apply, no matter what they’re seeking to achieve. Here, from a man who has been called both “the Steve Jobs of investing” and “the philosopher king of the financial universe” (CIO magazine), is a rare opportunity to gain proven advice unlike anything you’ll find in the conventional business press.

A Baby for the Billionaire - Victoria Davies 2018-02-12

Walker Beckett is a man ready for anything. He’s a CEO, self-made billionaire, and fazed by nothing. Until a tiny bundle that cries and does...other things he's not equipped to deal with at all shows up on his doorstep. So he calls his best friend, Clara Anderson, who always has the answers. She’s beautiful, smart, and never afraid to put him in his place. Clara’s job has her busier than ever and she really can’t handle one more thing on her plate. Only this particular thing is a baby...Walker's baby. Like always, he needs her. And, like always, she can’t say no to him. This time, though, it isn't a problem they can solve over a bottle of wine. Seeing Walker take on the role of father is doing strange things to her. But she’s not about to risk her friendship—or her heart—especially since Walker doesn’t intend to ever settle down. Each book in the The Billionaire's Second Chance series is STANDALONE: * A Baby for the Billionaire * Giving up the Boss * Catching the CEO

Superconsumers - Eddie Yoon 2016-11-29

Pork dorks. Craftsters. American Girl fans. Despite their different tastes, these eclectic diehards have a lot in common: they’re obsessed about a specific brand, product, or category. They pursue their passions with fervor, and they’re extremely knowledgeable about the things they love. They aren’t average consumers—they’re superconsumers. Although small in number, superconsumers can have an outsized impact on a company’s bottom line. Representing 10% of total consumers, they can drive between 30% to 70% of sales, and they’re usually willing to spend considerably more than the average consumer. And because they’re so engaged and passionate, they can offer invaluable advice to managers looking to improve their products, change their business models, energize their cultures, and attract new customers. In Superconsumers, growth strategy expert Eddie Yoon lays out a simple but extremely effective framework that has helped companies of all types and sizes achieve more sustainable growth: he’ll show you how to find, listen to, and engage with your most passionate and profitable consumers, and then tailor your decisions to meet their wants and needs. Along the way, he’ll let you into the minds and homes of superconsumers of all kinds, revealing what makes them tick and why they’re willing to spend so much more than other consumers. Rich with data and case studies of companies that have implemented superconsumer strategies with great success, Superconsumers is a fun, practical, and inspiring guide for anyone interested in making their best customers even better.

The Billion Dollar Secret - Rafael Badziag 2019

Billionaires are extremely rare, and their mindset differs hugely from ordinary millionaires. The author worked with some of the very best entrepreneurs and distilled their secrets into 20 principles that enabled them to start from zero and create billions in value. This book gives you the roadmap to follow their path to extreme wealth and success.

The President Who Never Ruled - Jamiu Abiola 2015-08-15

How would you feel if you worked hard for something and finally earned it but someone refuses to give it to you and gives it to someone else? Something whose value you know more than them because you want to use it to improve the lives of everyone, even those who want to keep it away from you. Should you fight for your right or would you rather trade it away as if it never meant anything to you? The President Who Never Ruled, a novel based on the true life story of my father, Moshood Abiola, provides the answers to this difficult question. The novel reveals the interesting path taken by a young man, born into poverty, and how it led to great wealth, providing a powerful lesson on how you can hold onto dreams, even when you find yourself going against the odds. By the time the protagonist is elected the president of Nigeria, his life and that of my mother turn into a nightmare because people, who are much more powerful than them, succeed in snatching his presidential dream away. It is at this point that the novel delivers its final and most important lesson, which is how you can hold on to the truth and why you must never let it go because the truth is the foundation of justice and justice is the foundation of everything.

Eat That Frog! Action Workbook - Brian Tracy 2017-07-24

The workbook follows the same twenty-one-chapter format as the book. Each chapter includes four exercises with space to do the exercises on the pages. The workbook will also include a narrative character who is struggling with procrastination in her work and home lives and uses the recommendations from Eat

That Frog! to improve her time management performance.

Atomic Habits - James Clear 2018-10-16

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.
