Intermediate Korean: A Grammar and Workbook comprises an accessible reference grammar and related exercises in a single volume. This workbook presents twenty-four individual grammar points, covering the core material which students would expect to encounter in their second year of learning Korean. Grammar points are followed by examples and exercises which allow students to reinforce and consolidate their learning. Intermediate Korean is suitable for both class use as well as independent study. Key features include: clear, accessible format many useful language examples all Korean entries presented in Hangeul with English translations jargon-free explanations of grammar abundant exercises with full answer key subject index. Clearly presented and user-friendly, Intermediate Korean provides readers with the essential tools to express themselves in a wide variety of

situations, making it an ideal grammar reference and practice resource for students with some knowledge of the language.

Empire of Texts in Motion - Karen Laura Thornber 2020-10-26

By the turn of the twentieth century, Japan's military and economic successes made it the dominant power in East Asia, drawing hundreds of thousands of Chinese, Korean, and Taiwanese students to the metropole and sending thousands of Japanese to other parts of East Asia. The constant movement of peoples, ideas, and texts in the Japanese empire created numerous literary contact nebulae, fluid spaces of diminished hierarchies where writers grapple with and transculture one another's creative output. Drawing extensively on vernacular sources in Japanese, Chinese, and Korean, this book analyzes the most active of these contact nebulae: semicolonial Chinese, occupied Manchurian, and colonial Korean and Taiwanese transcriptions of Japanese literature. It explores how colonial and semicolonial writers discussed, adapted, translated, and recast thousands of Japanese creative works, both affirming and challenging Japan's cultural authority. Such efforts not only blurred distinctions among resistance, acquiescence, and collaboration but also shattered cultural and national barriers central to the discourse of empire. In this context, twentieth-century East Asian literatures can no longer be understood in isolation from one another, linked only by their encounters with the West, but instead must be seen in constant interaction throughout the Japanese empire and beyond.

English File's unique, lively and enjoyable lessons are renowned for getting students talking. In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills.

English File third edition: Intermediate: Workbook without key - Christina Latham-Koenig 2013-04-25

American English File - Clive Oxenden 2010-01-07

"Texts must be interesting enough for students to want to read them in their own language.

Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: *The Phonology of English as an International Language*). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

Wild Swans - Jung Chang 2008-06-20

The story of three generations in twentieth-century China that blends the intimacy of memoir and the panoramic sweep of eyewitness history—a bestselling classic in thirty languages with more than ten million copies sold around the world, now with a new introduction from the author. An engrossing record of Mao's impact on China, an unusual window on the female experience in the modern world, and an inspiring tale of courage and love, Jung Chang describes the extraordinary lives and experiences of her family members: her grandmother, a warlord's concubine; her mother's struggles as a young idealistic Communist; and her parents' experience as members of the Communist elite and their ordeal during the Cultural Revolution. Chang was a Red Guard briefly at the age of fourteen, then worked as a peasant, a "barefoot doctor," a steelworker, and an electrician. As the story of each generation unfolds, Chang captures in gripping, moving—and ultimately

uplifting—detail the cycles of violent drama visited on her own family and millions of others caught in the whirlwind of history.

With lively lessons and engaging topics, classes are enjoyable and provide opportunity for students to practise and improve. Support for teachers includes a Teacher's Book with over 100 photocopiables along with extra tips and ideas. The Classroom Presentation Tool brings your classroom to life with the Student's Book and Workbook on-screen and interactive.

The Devil's Dictionary - Ambrose Bierce 1911 Bierce exploits the comic potential of the dictionary format to mock the doublespeak prominent in post-Civil War politics. Using short, pithy entries on a variety of subjects, this "reference book" inverts the meaning of words, skewers popular hypocrisy and showcases Bierce's dark humor. Many of these entries began as newspaper columns Bierce wrote in the 1870s. One hundred years later, it is clear that the America he lampoons is not that different from our own.

English Grammar in Use Supplementary Exercises Book with Answers - Louise Hashemi 2019-01-24

The Grammar of the English Tense System -
2006-01-01

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to

particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

ESL Intermediate/Advanced Grammar - Mary Ellen Munoz Page 2012-05-11

A study guide to English grammar that contains explanations, simple examples, and ample exercises to practice and learn with an answer key at the back of the book.
