America's History - 2018

Experience History - James West Davidson 2019

For the Record - David E Shi 2022-06-10

The best collection of primary sources--at the best price

American Politics Today - William T. Bianco 2017-04-26

The Fifth Edition of American Politics Today is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government.

US: A Narrative History Volume 1: To 1877 - Michael Stoff

2011-05-25

For your classes in American History, McGraw-Hill introduces the latest edition of U*S: A Narrative History, part of the acclaimed M Series. The M Series started with you and your students. McGraw-Hill conducted extensive market research to gain insight into students' studying and learning behavior. Students want text programs with visual appeal and content designed according to the way they learn. Instructors desire greater student involvement in the course content without compromising on high quality content. From a known and trusted author team, U*S: A Narrative History tells the story of us, the American people, with all the visually engaging, personally involving material that your students want. This innovative text provides instructors with scholarly, succinct, and conventionally organized core content; a highly readable and unified narrative that is continental in scope; and a magazine format that engages students and helps them connect with the nation's past.

Plus, U*S: A Narrative History now offers Connect History, a new web-based assignment and assessment platform, which combines a fully integrated eBook with powerful learning and teaching tools that make managing assignments easier and learning and studying more engaging and efficient. For instance, a groundbreaking adaptive questioning diagnostic, LearnSmart, provides a personalized study plan for students to ensure that they understand chapter content, while engaging interactivities such as Critical Missions involves students deeply in situations as they sharpen their analytical skills and increase their historical understanding. U*S: A Narrative History is more current, more portable, and more captivating. Its rigorous and innovative research foundation, plus Connect History adds up to: more learning. When you meet students where they are, you can take them where you want them to be.

America: A Narrative History (Ninth Edition) - George Brown Tindall

2012-11-06

A book students love, now more streamlined and accessible. America has sold more than 1.8 million copies over the past eight editions because it's a book that students enjoy reading. Effective storytelling, colorful anecdotes, and biographical sketches make the narrative absorbing and the material more memorable. The Ninth Edition includes refreshed and updated coverage of African American history and has been streamlined from 37 to 34 chapters.

America: A Narrative History - Shi, David E. 2019-07-01

America is the leading narrative history because students love to read it. Additional coverage of immigration enhances the timeliness of the narrative. New Chapter Opener videos, History Skills Tutorials, and Norton's adaptive learning tool, InQuizitive, help students develop

history skills, engage with the reading, and come to class prepared. What hasn't changed? Our unmatched affordability. Choose from Full, Brief (15% shorter), or The Essential Learning Edition--featuring fewer chapters and additional pedagogy.

The Modern Temper - Lynn Dumenil 1995

Offers a broad view of American culture during the 1920s, discussing the changing values that ended the repressive Victorian era, the growing importance of pluralism in America's heterogeneous society, and the expansion of federal bureaucracy

America - David E. Shi 2022-02-24

The best-selling storytelling approach with tools that develop history skills

Give Me Liberty! An American History - Eric Foner 2016-09-15

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

U.S. History - P. Scott Corbett 2017-12-19

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Approaching Democracy - Larry Berman 2021-03-31

From unsubstantiated 2020 election fraud claims and the storming of the US Capitol to the rampage of COVID-19 and racial injustice, this book covers the foundations, institutions, and processes of "the great American experiment" with a clear and resonant theme: Democracy cannot be taken for granted, whether at home or internationally, and eternal vigilance (along with civic intelligence) is required to protect it. Approaching Democracy provides students with a framework to analyze the structure, process, and action of US government, institutions, and social movements. It also invites comparison with other countries. This globalizing perspective gives students an understanding of issues of governance and challenges to democracy here and elsewhere. At a moment of growing domestic terrorism, political hyper-partisanship, populism, identity politics, and governmental dysfunction, there is no better time to bring Approaching Democracy--a textbook based on Vaclav Havel's powerful metaphor of democracy as an ideal and the American experiment as the closest approach to it--to a new generation of political science undergraduate students. NEW TO THE NINTH EDITION Two new authors, Nadia E. Brown and Sarah Allen Gershon, who bring refreshing intellectual and diverse perspectives to the text. Includes the tumultuous political context surrounding the Trump presidency, the 2020 elections, the 116th Congress, the Supreme Court, the COVID-19 crisis, and the fight for social and racial justice. Figures and tables reflect the latest available data and surveys. Two new features--Diversity and Democracy, highlighting the experiences of America's diverse social groups and the role of identity politics--and Discussion Questions at the end of each chapter, assessing critical thinking skills. Critical

contemporary events are explored throughout the book, including the attempted coup following the 2020 elections, the Trump administration's handling of the COVID-19 pandemic, Black Lives Matter, protests in American cities that come to the epicenter of America's approach to democracy, the changes in the Supreme Court and the federal court system, the growth of LGBTQ+ legal rights, and the alteration in American Federalism. New and updated data on public attitudes toward police brutality, DACA, voter suppression, healthcare, and the global climate movement are also covered.

America - David E. Shi 2016-06-01

With more than two million copies sold, America remains the leading narrative history survey text because it's a book that students enjoy reading. The Tenth Edition is both more relevant, offering increased attention to the culture of everyday life, and more accessible, featuring a reduced number of chapters and a streamlined narrative throughout.

An Indigenous Peoples' History of the United States - Roxanne Dunbar-Ortiz 2015-08-11

New York Times Bestseller Now part of the HBO docuseries

"Exterminate All the Brutes," written and directed by Raoul Peck

Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, An Indigenous Peoples' History of the United States is an essential resource providing historical threads that are crucial for understanding the present. In An Indigenous Peoples' History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military.

Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

The Enduring Vision - Paul S. Boyer 1997-08-01

U.S. history text combining social, cultural, political and economic history.

The Disruption of the Solid South - George Brown Tindall 1972

'A brief and luminous account of a century of southern Republicanism' - Dewey Grantham, Vanderbilt University 'The process that began as disruption in the 1940's, ' Professor Tindall observes, 'shows at least premonitory signs of ending as transformation and revival in the 1970's.'

Woke Racism - John McWhorter 2021-10-26

NEW YORK TIMES BESTSELLER New York Times bestselling author and acclaimed linguist John McWhorter argues that an illiberal neoracism, disguised as antiracism, is hurting Black communities and weakening the American social fabric. Americans of good will on both the left and the right are secretly asking themselves the same question: how has the conversation on race in America gone so crazy? We're told to read books and listen to music by people of color but that wearing certain clothes is "appropriation." We hear that being white automatically gives you privilege and that being Black makes you a victim. We want to speak up but fear we'll be seen as unwoke, or worse, labeled a racist. According to John McWhorter, the problem is that a well-meaning but pernicious form of antiracism has become, not a progressive ideology, but a religion—and one that's illogical, unreachable, and unintentionally neoracist. In Woke Racism, McWhorter reveals the workings of this new religion, from the original sin of "white privilege" and the weaponization of cancel culture to ban heretics, to the evangelical fervor of the "woke mob." He shows how this religion that claims to "dismantle racist structures" is actually harming his fellow Black Americans by infantilizing Black people, setting

Black students up for failure, and passing policies that disproportionately damage Black communities. The new religion might be called "antiracism," but it features a racial essentialism that's barely distinguishable from racist arguments of the past. Fortunately for Black America, and for all of us, it's not too late to push back against woke racism. McWhorter shares scripts and encouragement with those trying to deprogram friends and family. And most importantly, he offers a roadmap to justice that actually will help, not hurt, Black America.

Brave Girl - Michelle Markel 2013-01-22

An engagingly illustrated account of immigrant Clara Lemlich's pivotal role in the influential 1909 women laborer's strike describes how she worked grueling hours to acquire an education and support her family before organizing a massive walkout to protest the unfair working conditions in New York's garment district. 25,000 first printing.

The Emergence of the New South, 1913-1945 - George Brown Tindall 1967-11-01

The history of the South in this century has been obscured in the ever-growing mass of information about the region's rapid change and turbulent development. In this book, Volume X of A History of the South, the historical image of the modern South is brought into full focus for the first time. George Brown Tindall presents a thorough and well-balanced historical narrative of the region during the years 1913--1945 when the South underwent a transformation from a predominantly agricultural area to one of growing industrialization. The inauguration of President Woodrow Wilson ended a half century of political isolation for the South and ushered in an era of agrarian reforms, prohibition, woman suffrage, industrial growth, and recurring crises for Southern farmers. During the 1920's the South was caught in a contrast of urban booms and farm distress. There were flareups of racial violence, and the Ku Klux Klan was revived. Mr. Tindall devotes considerable attention to the Southern literary renaissance which produced William Faulkner, Thomas Wolfe, and many other notable writers and critics. The Emergence of the New South provides a new understanding of the changing political and social climate in the South under the stresses of depression, the New Deal, the labor movement, Negro unrest, and two world wars.

David Cusick's Sketches of Ancient History of the Six Nations - David Cusick 1848

Keeping the Republic - Christine Barbour 2018-11-23

Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Eighth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power – the ability to create and share their own narratives – while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Up-to-date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, Keeping the Republic, Eighth Edition is a much-needed resource to help students make sense of politics in America today. Carefully condensed from the full version by authors Christine Barbour and Gerald Wright, Keeping the Republic, Brief Edition gives your students all the continuity and crucial content, in a more concise, value-oriented package. A Complete Teaching & Learning Package SAGE Vantage Digital Option Engage, Learn, Soar with SAGE Vantage, an intuitive digital platform that delivers Keeping the Republic, Eighth Edition textbook content in a learning experience carefully designed to ignite student engagement and drive critical thinking. Loewen 2018-09-07 "Should be in the hands of every history teacher in the country."—Howard Zinn James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.

History of Plymouth Plantation, 1620-1647 - William Bradford 1912

The Negro Motorist Green Book - Victor H. Green

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

A Concise History of the American Republic: - Samuel Eliot Morison 1983-01-13

A Concise History of the American Republic, Second Edition, is a compact, authoritative, gracefully written narrative of American history from the arrival of the Native Americans' Siberian forebears to the economic conflicts of the Carter and Reagan administrations. Its distinguished authors embrace a full range of the American experience: economic and social, literary and spiritual, political and military. In the engaging narrative that has made this work so well received, the second edition offers fresh and incisive analyses of the American party system, the Cold War, unemployment, environmental problems, Middle East conflicts, the energy crisis, our relations with China, the issues surrounding various elections, and much more. Major social, political, and economic policies and trends that have affected women and minority groups are recorded in detail. A Concise History is illustrated with 30 maps and over 200 paintings, cartoons, and photographs. Available in one-volume paper and cloth editions and in two separate paperback volumes.

Communities in Action - National Academies of Sciences, Engineering, and Medicine 2017-04-27

In the United States, some populations suffer from far greater disparities

in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. Communities in Action: Pathways to Health Equity seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

The Oxford English Dictionary - John Andrew Simpson 1991

From Slavery to Freedom - John Hope Franklin 2018

The American Psychiatric Association Practice Guidelines for the Psychiatric Evaluation of Adults, Third Edition - American Psychiatric Association 2015-07-29

Since the publication of the Institute of Medicine (IOM) report Clinical Practice Guidelines We Can Trust in 2011, there has been an increasing emphasis on assuring that clinical practice guidelines are trustworthy, developed in a transparent fashion, and based on a systematic review of the available research evidence. To align with the IOM recommendations and to meet the new requirements for inclusion of a guideline in the National Guidelines Clearinghouse of the Agency for Healthcare Research and Quality (AHRQ), American Psychiatric Association (APA) has adopted a new process for practice guideline development. Under this new process APA's practice guidelines also seek to provide better clinical utility and usability. Rather than a broad overview of treatment for a disorder, new practice guidelines focus on a set of discrete clinical questions of relevance to an overarching subject area. A systematic review of evidence is conducted to address these clinical questions and involves a detailed assessment of individual studies. The quality of the overall body of evidence is also rated and is summarized in the practice guideline. With the new process, recommendations are determined by weighing potential benefits and harms of an intervention in a specific clinical context. Clear, concise, and actionable recommendation statements help clinicians to incorporate recommendations into clinical practice, with the goal of improving quality of care. The new practice guideline format is also designed to be more user friendly by dividing information into modules on specific clinical questions. Each module has a consistent organization, which will assist users in finding clinically useful and relevant information quickly and easily. This new edition of the practice guidelines on psychiatric evaluation for adults is the first set of the APA's guidelines developed under the new guideline development process. These guidelines address the following nine topics, in the context of an initial psychiatric evaluation: review of psychiatric symptoms, trauma history, and treatment history; substance use assessment; assessment of suicide risk; assessment for risk of aggressive behaviors; assessment of cultural factors; assessment of medical health; quantitative assessment; involvement of the patient in treatment decision making; and documentation of the psychiatric evaluation. Each guideline recommends or suggests topics to include during an initial psychiatric evaluation. Findings from an expert opinion survey have also been taken into consideration in making recommendations or suggestions. In addition to reviewing the available evidence on psychiatry evaluation, each guideline also provides guidance to clinicians on implementing these recommendations to enhance patient care.

The Norton Anthology of American Literature - Nina Baym 2003

Includes outstanding works of American poetry, prose, and fiction from the Colonial era to the present day.

America: A Narrative History - Tindall, George Brown 2012-11-13

A book students love, now more streamlined and accessible. America has sold more than 1.8 million copies over the past eight editions because it's a book that students enjoy reading. Effective storytelling, colorful anecdotes, and biographical sketches make the narrative absorbing and the material more memorable. The Ninth Edition includes refreshed and updated coverage of African American history and has been streamlined from 37 to 34 chapters.

The Simple Life - David E. Shi 1985

Our current less-is-more impulse may have contemporary trappings, says David E. Shi, but the underlying ideal has been around for centuries.

From Puritans and Quakers to Boy Scouts and hippies, our quest for the simple life is an enduring, complex tradition in American culture.

Looking across more than three centuries of want and prosperity, war and peace, Shi introduces a rich cast of practitioners and proponents of the simple life, among them Thomas Jefferson, Henry David Thoreau, Jane Addams, Scott and Helen Nearing, and Jimmy Carter. In the diversity of their aspirations and failings, Shi finds that nothing is simple about our mercurial devotion to the ideal of plain living and high thinking. "Difficult choices are the price of simplicity," he writes in the book's revised epilogue. Although we may hedge a bit in the practice of simple living, and are now and then driven by motives no deeper than nostalgia, Shi stresses that our efforts to avoid anxious social striving and compulsive materialism have been essential to the nation's spiritual health. Book jacket.

Religion in America - Winthrop Still Hudson 1973

Bury My Heart at Wounded Knee - Dee Brown 2012-10-23

The "fascinating" #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (The Wall Street Journal). First published in 1970, *Bury My Heart at Wounded Knee* generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, *Bury My Heart at Wounded Knee* inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author's personal collection.

America - David E. Shi 2022-01-16
