As America hovers on the brink of war, seventeen year-old Cassie Logan fights a battle closer to home. She dreams of college and law school. But no amount of schooling can prepare her for the violent explosion that takes place when her friend Moe lashes out at his white tormentors--an action unheard of in Mississippi as the country prepares for World War II. Moe will be in even greater danger if he stays in town, so it is up to Cassie, her brother, and their friends to accompany Moe on the road to Memphis--and to safety. "Cassie recounts harrowing events during late 1941. An engrossing picture of fine young people endeavoring to find the right way in a world that persistently wrongs them."—Kirkus Reviews "An enlightening, moving novel."—Publishers Weekly **Pre-Incident Indicators of Terrorist Incidents** - Brent L. Smith 2011-01

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

The Todd Family in America, Or, The Descendants of Christopher Todd, 1637-1919 - George Iru Todd 1920

Beyond the Rice Fields - Naivo 2017-10-31

The first novel from Madagascar ever to be translated into English, Naivo's magisterial Beyond the Rice Fields delves into the upheavals of the nation's precolonial past through the twin narratives of a slave and his master's daughter. Fara and her father's slave, Tsito, have shared a tender intimacy since her father bought the young boy who'd been ripped away from his family after their forest village was destroyed. Now in Sahaso, amongst the cattle and rice fields, everything is new for Tsito, and Fara at last has a companion to play with. But as Tsito looks forward toward the bright promise of freedom and Fara, backward to a twisted, long-denied family history, a rift opens that a rapidly shifting political and social terrain can only widen. As love and innocence fall away, their world becomes defined by what tyranny and superstition both thrive upon: fear. With captivating lyricism and undeniable urgency, Naivo crafts an unsentimental interrogation of the brutal history of nineteenth-century Madagascar as a land newly exposed to the forces of Christianity and modernity, and preparing for a violent reaction against them. Beyond the Rice Fields is a tour de force about the global history of human bondage and the competing narratives that keep us from recognizing ourselves and each other, our pasts and our destinies.

Freedom from Fear - Aung San Suu Kyi 2010-07-14

Freedom from Fear - collected writings from the Nobel Peace prize winner Aung San Suu Kyi Aung San Suu Kyi's collected writings - edited by her late husband, whom the ruling military junta prevented from visiting Burma as he was dying of cancer - reflects her greatest hopes and fears for her fellow Burmese people, and her concern about the need for international co-operation in the continuing fight for Burma's freedom.

Bringing together her most powerful speeches, letters and interviews, this remarkable collection gives a voice to Burma's 'woman of destiny', whose fate remains in the hands of her enemies. Recipient of the Nobel Peace Prize and the Sakharov Prize for Freedom of Thought, and leader of Burma's National League for Democracy, Aung San Suu Kyi is one of the world's greatest living defenders of freedom and democracy, and an inspiration to millions worldwide. This book sits alongside Nelson Mandela's memoir Long Walk to Freedom. 'This book is bound to become a classic for a new generation of Asians who value democracy even more highly than Westerners do, simply because they are deprived of the basic freedoms that Westerners take for granted' The New York Times 'Aung San Suu Kyi's extraordinary achievement has been to confront the regime peacefully, reasonably and persuasively... [in] one of the most laudable continuing acts of political courage' Financial Times 'Such is the depth of passion and learning that she brings to her writings about national identity and its links with culture and language that she has attracted the admiration of intellectuals around the world' Sunday Times Aung San Suu Kyi is the leader of Burma's National League for Democracy. She was placed under house arrest in Rangoon in 1989, where she remained for almost 15 of the 21 years until her release in 2010, becoming one of the world's most prominent political prisoners. She is also the author of Letters from Burma.

Doomi Golo—The Hidden Notebooks - Boubacar Boris Diop 2016-11-01

The first novel to be translated from Wolof to English, *Doomi Golo—The Hidden Notebooks* is a masterful work that conveys the story of Nguirane Faye and his attempts to communicate with his grandson before he dies. With a narrative structure that beautifully imitates the movements of a musical piece, Diop relates Faye's trauma of losing his only son, Assane Tall, which is compounded by his grandson Badou's migration to an unknown destination. While Faye feels certain that his grandson will return one day, he also is convinced that he will no longer be alive by then. Faye spends his days sitting under a mango tree in the courtyard of his home, reminiscing and observing his surroundings. He speaks to Badou through his seven notebooks, six of which are revealed to the reader, while the seventh, the "Book of Secrets," is highly confidential and reserved for Badou's eyes only. In the absence of letters from Badou, the notebooks form the only possible means of communication between the two, carrying within them tunes and repetitions that give this novel its unusual shape: loose and meandering on the one hand, coherent and tightly interwoven on the other. Translated by Vera Wülfling-Leckie and El Hadji Moustapha Diop.

Denny Genealogy (Classic Reprint) - Margaret Collins Denny Dixon 2018-11-22

Excerpt from Denny Genealogy While the writers of this work have desired to present a formal

bibliography, and a list of documentary sources, considerations of space prevent their inclusion. We wish, however, to make a state ment as to the origins of the facts contained in this Denny Genealogy, and to be contained in the subsequent book on the family history; announced in An Explanation herein, for publication in 1945. For the introductory chapters we have made use of hundreds of published volumes, found in the New York Public Library, the Library of Congress, and in many other public and private libraries. The Reverend Sir Henry Lyttleton Lyster Denny of England and Sir Maurice Denny of Scotland very kindly have furnished valuable material which they secured from original documents in the British Isles. In our search in this country for facts about the early generations, we have made personal examination of the records of Chester, Lancaster, and Cumberland Counties in Pennsylvania, of Ohio County, West Virginia, of Frederick and other Shenandoah Valley Counties in Virginia, and of Ross and Pickaway Counties, in Ohio. Material from County records in many other States was furnished by correspondents. Personal investigation also was made in various Government Offices in Washington, the Congressional Library, and the Library there of the Daughters of the American Revolution. This last deserves special mention on account of its most helpful and exhaustive index. The Virginia and Pennsylvania State Libraries were used extensively, as well as the Library in Philadelphia of the Pennsylvania Historical Society. Also, many local historical societies were visited. Published records of other States were used, whenever found. Many illuminating facts have been sent us by living members of the family, quoting from old family letters and diaries of past generations. They, also, have sent copies of Bible Family Records, going back, in some cases, to the Revolutionary War. Some aged correspondents have been indefatigable in their efforts to furnish records, and, also, have included their personal recollections. Only in extreme instances has family tradition been depended on as a major source, and, then, mentioned only as probability. We have made trips to cemeteries, churches, and many homes in many States, to secure facts. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Community Paralegals and the Pursuit of Justice - Vivek Maru 2020-11-26

The United Nations estimates that four billion people worldwide live outside the protection of the law. These people can be driven from their land, intimidated by violence, and excluded from society. This book is about community paralegals - sometimes called barefoot lawyers - who demystify law and empower people to advocate for themselves. These paralegals date back to 1950s South Africa and are active today in many countries, but their role has largely been ignored by researchers. *Community Paralegals and the Pursuit of Justice* is the first book on the subject. Focusing on paralegal movements in six countries, Vivek Maru, Varun Gauri, and their coauthors have collected rich, vivid stories of paralegals helping people to take on injustice, from domestic violence to unlawful mining to denial of wages. From these stories emerges evidence of what works and how. The insights in the book will be of immense value in the global fight for universal justice. This title is also available as Open Access.

And it is also Cassie's story—Cassie Logan, an independent girl who discovers over the course of an important year why having land of their own is so crucial to the Logan family, even as she learns to draw strength from her own sense of dignity and self-respect. * "[A] vivid story.... Entirely through its own internal development, the novel shows the rich inner rewards of black pride, love, and independence."—Booklist, starred review

Dutch Chicago - Robert P. Swierenga 2002-11-07

Now at least 250,000 strong, the Dutch in greater Chicago have lived for 150 years "below the radar

screens" of historians and the general public. Here their story is told for the first time. In Dutch Chicago Robert Swierenga offers a colorful, comprehensive history of the Dutch Americans who have made their home in the Windy City since the mid-1800s. The original Chicago Dutch were a polyglot lot from all social strata, regions, and religions of the Netherlands. Three-quarters were Calvinists; the rest included Catholics, Lutherans, Unitarians, Socialists, Jews, and the nominally churchless. Whereas these latter Dutch groups assimilated into the American culture around them, the Dutch Reformed settled into a few distinct enclaves -- the Old West Side, Englewood, and Roseland and South Holland -- where they stuck together, building an institutional infrastructure of churches, schools, societies, and shops that enabled them to live from cradle to grave within their own communities. Focusing largely but not exclusively on the Reformed group of Dutch folks in Chicago, Swierenga recounts how their strong entrepreneurial spirit and isolationist streak played out over time. Mostly of rural origins in the northern Netherlands, these Hollanders in Chicago liked to work with horses and go into business for themselves. Picking up ashes and garbage, jobs that Americans despised, spelled opportunity for the Dutch, and they came to monopolize the garbage industry. Their independence in business reflected the privacy they craved in their religious and educational life. Church services held in the Dutch language kept outsiders at bay, as did a comprehensive system of private elementary and secondary schools intended to inculcate youngsters with the Dutch Reformed theological and cultural heritage. Not until the world wars did the forces of Americanization finally break down the walls, and the Dutch passed into the mainstream. Only in their churches today, now entirely English speaking, does the Dutch cultural memory still linger. Dutch Chicago is the first serious work on its subject, and it promises to be the definitive history. Swierenga's lively narrative, replete with historical detail and anecdotes, is accompanied by more than 250 photographs and illustrations. Valuable appendixes list Dutch-owned garbage and cartage companies in greater Chicago since 1880 as well as Reformed churches and schools. This book will be enjoyed by readers with Dutch roots as well as by anyone interested in America's rich ethnic diversity.

Another powerful story in the Logan Family Saga and companion to Mildred D. Taylor's Newbery Award-winning *Roll of Thunder, Hear My Cry*. A day of conflict and tragedy. Jeremy Simms watches from the porch of the general store as the weekly bus from Jackson comes through his town. His neighbor Stacey Logan and Stacey's brothers and sister are there to see their grandmother off on a trip. Jeremy's friend Josias Williams is taking the bus to his new job. But Josias and the Logans are black, and in Mississippi in the 1930s, black people can't ride the bus if that means there won't be enough room for white people to ride. When several white passengers arrive at the last minute, the driver sends Josias and Stacey's grandmother off the bus. Then comes a terrifying moment that unites all the townspeople in a nightmare that will change their lives forever. "Well written and thought provoking, this book will haunt readers and generate much discussion."—School Library Journal

Boarding Passes to Faraway Places - Guy A. Sibilla 2017-08-16

These travelogues recount some of the remarkable and oftentimes amusing experiences of an award-

winning adventure travel writer and photographer. The narrative opens in beguiling India and then moves across the subcontinent to two countries, both of which appear on the US State Department's "Alerts and Warnings" list; spectacular Myanmar (aka Burma) and mystifying Pakistan. Moving westward, Syria and Jordan unveil the eternal enchantment of the "Cradle of Civilization" before the present day destruction of this glorious region of our world began. Heading south to the Bight of Benin, the author meets a voodoo chief in Lomé, Togo, to help him get his mojo on. After crossing the Atlantic Ocean and dropping into the Central American jungles of Belize, Guatemala, and Mexico, the author finds himself assigned to a team of anthropologists searching for unmapped Maya temple complexes. To complete the circumnavigation of the globe the author visits his Pacific island neighbors on Rapa Nui (aka Easter Island) and enters a war zone in Timor-Leste (aka East Timor). Road warriors and armchair travelers alike will find these tales of movement, discovery and humanity as charming as they are fascinating.

The Gold Cadillac - Mildred D. Taylor 1998-02-01

Lois and Wilma are proud of their father's brand-new gold Cadillac, and excited that the family will be driving it all the way from Ohio to Mississippi. For the first time in their lives, Lois and her sister know what it's like to feel scared because of the color of their skin. "A personal, poignant look at a black child's first experience with institutional racism."--The New York Times

Love - Hanne Ørstavik 2018-02-13

WINNER OF THE 2019 PEN TRANSLATION PRIZE FINALIST FOR THE NATIONAL BOOK AWARD FOR TRANSLATED LITERATURE A mother and son move to a village in northern Norway, each ensconced in their own world. Their distance has fatal consequences. Love is the story of Vibeke and Jon, a mother and son who have just moved to a small place in the north of Norway. It's the day before Jon's birthday, and a travelling carnival has come to the village. Jon goes out to sell lottery tickets for his sports club, and Vibeke is going to the library. From here on we follow the two individuals on their separate journeys through a cold winter's night - while a sense of uneasiness grows. Love illustrates how language builds its own reality, and thus how mother and son can live in completely separate worlds. This distance is found not only between human beings, but also within each individual. This novel shows how such distance may have fatal consequences.

Rhapsody in Red - Donn Taylor 2008-09-01

It was a bad day to find a corpse on campus. Preston Barclay is a self-made recluse (and he likes it that way). Teaching college history allows him time to grieve the loss of his pianist wife and find relief from the musical hallucinations that have been playing in his head since her death. But when he and headstrong colleague, Mara Thorn, discover the body of another instructor on campus, Press's monotonous solitude is shaken up. When the preliminary evidence singles out Press and Mara, they must take some chances, including trusting each other, to build their own defense by bending the rules just a little bit. They form an unlikely alliance to stay ahead of the police, the college's wary and incompetent administration, and whoever is trying to get away with murder. Or else they both might end up unemployed, behind bars, or worse...
